Stack's Bowers Galleries presents the

# August 2019 ANA Currency Auction

Hello friends,

Welcome to the Stack's Bowers Galleries Official Currency Auction of the Whitman Coin & Collectibles Winter Expo. It is almost impossible to believe that 2019 is nearly over. This sale represents the last live U.S. Currency auction of the year for us, and what a great year it has been!

In the short time since we were last together for the ANA World's Fair of Money, our staff has put together another nice offering of U.S. Currency that spans quite a few genres. We are fortunate to have a number of great notes coming to the market for the very first time. These offerings include both National Currency discovery notes and U.S. large size type notes, fresh to the market from a decades old collection.

Within the pages of this catalog you will see great type rarities like the Fr.212f 1865 \$500 Interest Bearing Note and Fr.150 1863 \$50 Legal Tender Note, along with exciting National Bank Notes that are being offered at auction for the very first time. Among these is a 1902 \$10 Red Seal from the Farmers National Bank of Kingfisher, Territory of Oklahoma. A newly discovered serial number 1 1902 \$10 Plain Back from the First National Bank of Rosebud, Montana (the first note to come forward from

the bank) will be available to collectors for the first time. Small size specialists will appreciate a new to the census Choice Uncirculated 1928 \$500 Gold Certificate that has resided in the same collection for more than 40 years.

In our obsolete currency section, we have been chosen to auction a very special collection of "Santa Claus" notes. This group was curated by the beloved Dottie Freeman, who the currency collecting family lost last spring. Additionally, obsolete enthusiasts will find a deep offering of Mormon related rarities, including notes from both the Kirtland Safety Society and the Deseret Currency Association series.

Please have fun browsing the catalog and we look forward to see you all in Baltimore!

Enjoy the paper.

## COLONIAL NOTES

10001

**GA-112. Georgia. September 10, 1777. \$1/2. PMG About Uncirculated 50.** No. 10935. Signed by W. Hohendorf and Nehemiah Wade. There are three varieties of the \$1/2 note from this issue. These notes were issued to support the Continental troops. Top Pop at both grading services. Any problem free, nearly uncirculated Georgia note that is not from the later issues is one to be coveted. This same note first sold for over \$1,200 a dozen years ago and it would not surprise us to see a comparable realization this evening.

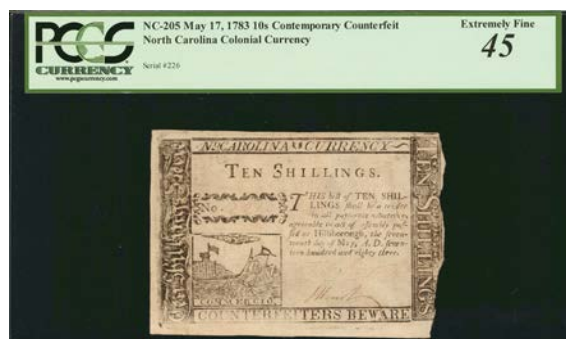

**\$1,250-\$1,750**

10002

**NC-123. North Carolina. April 23, 1761. 15 Shillings. PCGS Currency Choice New 63 PPQ.** No. 362. Signed by Swann, Swann, De Rosset, and Starkey. Top Pop at both grading services for this denomination. In fact, only a single other problem free uncirculated example has been graded by either service for all pre-1771 North Carolina issues. A highly challenging series from which 95% or more of the extant population belongs in Apparent or Net graded holders. This is a particularly impressive note with wide margins on all sides and deeply contrasted black print on bright paper surfaces. A four-figure colonial that anyone would be proud to display.

**\$1,250-\$1,750**

10003

**NC-205. North Carolina. May 17, 1783. 10 Shillings. PCGS Currency Extremely Fine 45. Contemporary Counterfeit.** False signatures of McCulloch and Hunt. Bottom left, sailing ship off shore line of a fort. Motto "COMMERCIO." Obligation on back, imprint of Thomas Davis, 1783. Rare series and scarce counterfeit. Genuine bills from the series are very rare. The right end has a wavy, slightly ragged cut/tattering. Small penned name written on back. Similar to the Ford XV sale example, just trimmed in slightly more. Not often encountered, especially in Extremely Fine condition. PCGS Currency comments "Minor Edge Damage at Right."

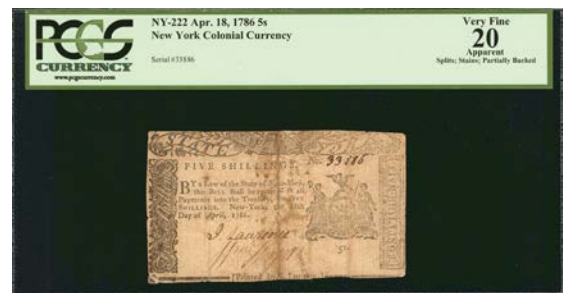

**\$1,000-\$1,500**

10004

**NH-38.4. New Hampshire. December 25, 1734. 7 Shillings. PCGS Currency Very Fine 35 Apparent. Repaired Splits.** An important 1734 New Hampshire currency rarity. This example is boldly printed on bright paper. Pine tree and merchant sailing ship vignettes. Signed in red and bold brown by Theodore Atkinson, Henry Sherburne and George Jaffrey. Also, signed on back "Hunking Wentworth," being the assignee Merchant whose name appears in the printed text on the face. The face side has a printed text agreement which reads, in part "We Promise Jointly and Severally to pay to Hunking Wentworth of Portsmouth Merchant or Order," within a simple rectangular frame with rounds, at the top is the scroll indent and below "PROVINCE - OF - N. HAMPSHIRE." The lower left shows the New Hampshire colony seal with its pine tree vignette within an ornate design, with the motto: "BENEFICIO COMMERCII" (for the benefit of trade). The reverse side displays an ornately printed scroll design at top with a more central merchant sailing ship vignette apparently heading towards the West, indicating the direction from Britain towards her American Colonies. PCGS Currency comments "Repaired Splits."

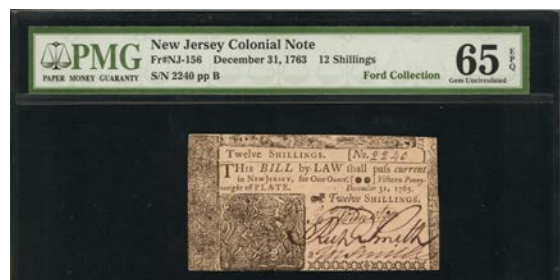

**\$3,000-\$5,000**

10005

**NJ-106. New Jersey. June 14, 1757. 30 Shillings. PCGS Currency Choice New 63 Apparent. Minor Restorations.** This rare issue was to be turned into the New Jersey Treasury and redeemed by November of 1762, after which the notes would become totally invalid. A very rare New Jersey French and Indian War era colonial issue in high grade. Sharp black printing is attractive as well as bright paper. The three signatures are present and readable with one faint. PCGS Currency comments "Minor Restorations."

\$800-\$1,200

10006

**NJ-156. New Jersey. December 31, 1763. 12 Shillings. PMG Gem Uncirculated 65 EPQ.** No. 2240. Superbly signed by Johnston, Smith, and Smith. Exquisite detail on the coat of arms, the likes of which rarely is seen on notes from this series. Tied for Top Pop for all denominations from this issue. PMG notes that this is from the Ford Collection. The Newman note graded PCGS Very Choice New 64PPQ and it still sold for over \$800. This is a great example to represent any high-grade colonial type set.

\$1,000-\$1,500

10007

**NJ-175. New Jersey. March 25, 1776. 1 Shilling. PMG Choice About Uncirculated 58 EPQ.** No. 73299. John Hart signature. Notes that bear a signature also found on the Declaration of Independence are always in high demand, particularly so a piece with strong grade. This note is a pleasing Choice CU example with light corner bend. Strong penned details, good color, and with every detail of the state coat of arms on display.

\$1,000-\$1,500

10008

**NY-222. New York. April 18, 1786. 5 Shillings. PCGS Currency Very Fine 20 Apparent. Splits; Stains; Partially Backed.** This scarce 1786 New York issue uniface note was "Printed by S. Loudon" as printed at its bottom edge at center. Black printed text and designs on white laid period paper. The date "the 18th Day of April, 1786" is fully readable and the brown signatures of "Jonathan Lawrence" and William Heyer are fully readable. The New York Arms vignette at the right side is sharp and distinct having a vivid brown serial number written above. An exceedingly rare issue that is lacking in most collections. PCGS Currency comments "Splits; Stains; Partially Backed." The backing is seen vertically on the reverse of the note.

\$700-\$900

10009

**PA-133. Pennsylvania. March 1, 1769. 3 Pounds. PCGS Currency Very Fine 25 Apparent. Small Edge Split at Left.** This 3 Pound note, which was the highest denomination of this series, is extremely rare as only 3,000 notes were issued and is missing in most all collections. This is the very first 3 Pound note we have offered on this issue. This current example has the outstanding bonus of being signed by "Jo Nixon" in deep bold brown ink at top of the three signatures. John Nixon is important in American history noted for on July 8, 1776, he made the very first Public Proclamation of the Declaration of Independence from the steps of the Pennsylvania State House. That same year, Nixon was promoted to Colonel, and later served under George Washington at the Battle of Princeton. In 1776, he became a member of the Continental Navy Board, and two years later was serving with General George Washington at Valley Forge. PCGS Currency comments "Small Edge Split at Left."

\$800-\$1,200

10010

**RI-215. Rhode Island. November 6, 1775. 20 Shillings. PCGS Currency Extremely Fine 40.** This early Revolutionary War Rhode Island note is in a pleasing mid-grade of Extremely Fine. The paper is bright, having nice black printed text and designs. The rich red and brown signatures of John Dexter, John G. Wanton and John Cole add color and eye appeal. The PMG population report lists none certified by them. PCGS Currency comments "Minor Restorations."

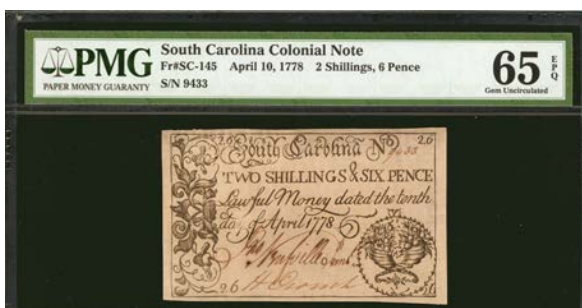

\$600-\$800

10011

**RI-290. Rhode Island. May, 1786. 6 Pence. PCGS Currency Superb Gem New 68 PPQ.** Wide margins and dark ink stand out on this lofty Superb Gem New Rhode Island note. Seen with fully original and pleasing paper. Bold red and black signatures stand out on this uniface colonial piece.

\$700-\$900

10012

**SC-145. South Carolina. April 10, 1778. 2 Shillings, 6 Pence. PMG Gem Uncirculated 65 EPQ.** No. 9433. Vignette with two intertwined cornucopias. Perfectly centered with ample margins seen on all sides. Quality paper surfaces with a pair of bold signatures. Numbered and issued as intended. Not to be confused with the Charles Pinckney, Jr. signed high-grade examples seen sans serial number. Tied with two others for Top Pop at PMG. A pristine example intended for a quality colonial type set.

\$1,000-\$1,500

10013

**VA-69. Virginia. March 4, 1773. 3 Pounds. PMG Very Fine 25 Net. Ink Burn.** Manuscript Date. Large size "Ashby" Engraved Copper-Plate Form. This rare denomination is one of only 500 printed. Note Signed, "John Blair". It is boldly printed and pleasing for the assigned grade. The name of the engraver "ASHBY Sc" is printed in the ornate left border design from being engraved within the plate along with the warning "TO COUNTERFEIT IS DEATH". The printing is sharp and dark. The manuscript portions and signatures including "John Blair" and "B. Dandridge" are bold. Endorsement signed "Robert Carter Nicholas - Treas(urer)" is written on the blank reverse. PMG comments "Ink Burn."

\$1,000-\$1,500

10014

**VA-200. Virginia. Oct. 16, 1780. \$400. PCGS Currency Very Fine 20 Apparent. Major Restorations; Backed; Design and Signatures Redrawn.** No. 226. Printed on very thin paper. Uniface, standard size approximately 100mm by 80mm. Typeset, ornamental border cuts. Obligation seen on this series only, "An Act for more effectual and speedy clothing for the Army." There were many less examples of this type issued than the printed denomination back notes. PCGS notes "Major Restorations, Backed, Design and Signatures Redrawn". A typical thin paper Virginia note but without all the holes, tears, and large missing pieces. Virtually all of these are lower grade (Very Fine is about as good as it gets) and with a plethora of problems. The Newman note was a problem free PCGS VF 30 and it sold for close to \$4,500. This note is an easy multi-thousand dollar proposition.

\$1,500-\$2,000

## CONTINENTAL CURRENCY

10015

**CC-36. Continental Currency. May 9, 1776. \$6. PMG Choice Uncirculated 64.** No. 105964. Signed by Gannon and Howard. Emblem of Beaver gnawing on a tree. Latin motto PRESERVANDO, which Newman translates "By perseverance." Four complete margins and boldly inked serial number and signatures. Technically not Top Pop but the only two finer at PMG are both 64 EPQ. A lovely example of an early Continental issue that should easily sail into four-figure territory.

**\$1,250-\$1,750**

10016

**CC-46. Continental Currency. July 22, 1776. \$30. PMG About Uncirculated 55.** No. 70856. Signed by Webb and Ord. Latin motto SI RECTE FACIES, which Newman translates "If you act righteously you will be honored after death." This \$30 denomination shows the dual emblem back with motifs designed by Benjamin Franklin. This sharply printed note exhibits only light corner handling. PMG comments "Pinholes" on the back of the holder.

**\$600-\$800**

*From the August Nagy Collection.*

10017

**CC-59. Continental Currency. February 26, 1777. \$6. PMG Choice Uncirculated 63.** No. 8272. Signed by Coale and Johnson. Emblem of a beaver gnawing on a tree. Latin motto PRESERVANDO, which Newman translates "By perseverance." PMG notes "Pinholes." Both the PMG census and auction records bear out that CU examples of this "at Baltimore" issue and denomination are scarce. It has really been since 2015 since other better examples have been sold. The Top Pop PMG 67 EPQ realized \$14,100 that year and a PMG 64 (no EPQ) fell just short of the \$2,500 mark.

**\$1,000-\$1,500**

# The Dottie Freeman Santa Claus Collection

We are honored to have been selected to offer the following collection of rare and highly desirable Santa Claus vignette notes collected over many years by Dottie Freeman. Dottie was a beloved member of the currency collecting family, an accomplished dealer and fixture at many national shows. She will be missed by all of us. We are certain she would be delighted to know that these notes will now be loved and appreciated by another generation of collectors.

## OBSELETE NOTES

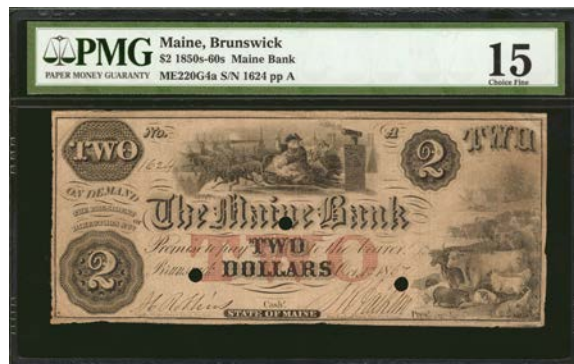

10018

**Arizona. Christmas Wonder Mining Company. Bond. 1907. 100 Shares. Very Fine.** Vignette of Santa in full body at center. Engraver is unknown, but it is the first type we have ever seen. 100 shares issued on June 11, 1907. Number 1127. Nice dark green overprints with nicely embossed corporate seal. Some minor staining is noticed at top left and left of center. This stock last sold in 1999 for \$467.50 when it was purchased by Dottie from R.M Smythe.

**\$1,000-\$1,500**

## Rare Santa Claus Vignetted Maine Bank Deuce

10019

Top center, Santa Claus with eight reindeer pulling sleigh. Unlike the modern depiction wherein the sleigh is typically pulled by four rows of two deer, the design as depicted here has the sleigh pulled by two rows of four deer. Right end, tranquil scene of cattle, sheep, pigs, and a goat, all grazing and resting together, with farm house in distance.

**\$3,000-\$4,000**

## Bucksport Bank \$50 Proof with Santa Claus Vignette

10020

**Bucksport, Maine. Bucksport Bank. 1854 \$50. Proof. PMG Choice Uncirculated 63.** (ME-235 Unlisted) India paper only. Bald, Adams & Co. New York. Type-III Santa Claus vignette seen at center. Three dogs at bottom left, Native American with bow and arrows at right. A vividly printed \$50 proof which can be traced back to the 1990 ABNC sale. Dottie obtained this

piece from R.M. Smythe back in November of 1994 for a then impressive sum of \$1350. Very few proofs of this type have been offered publicly over the years. Full frame lines and bright paper are seen. A pink ABNC stamp is on the back of the note with minor show through.

**\$3,000-\$5,000**

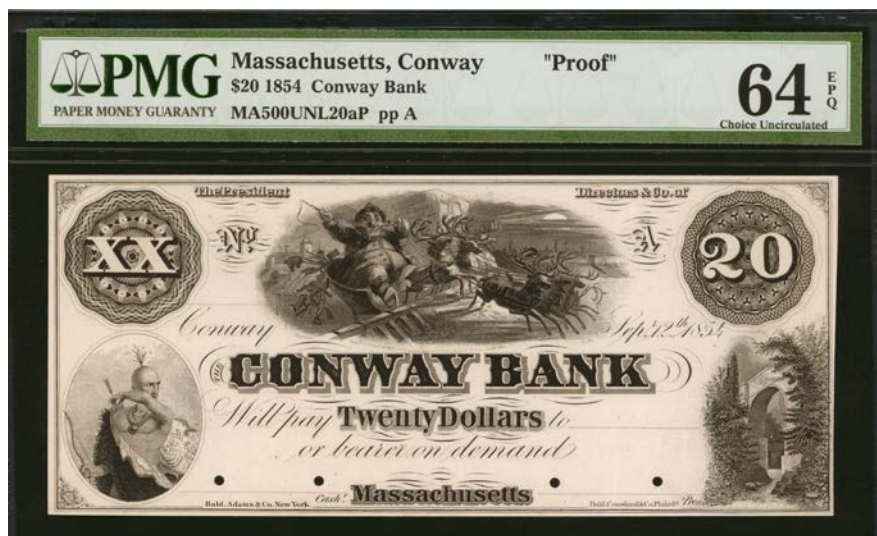

10021

**Boston, Massachusetts. The Howard Banking Co. 1857. \$5. Fine.** (MA-246-C8a; W-640-005-C040). Contemporary Counterfeit with imprint of New England Bank Note Co., Boston/Rawdon, Wright, Hatch & Edson, New-York. This is a printed from an extremely well made plate that is extremely rare in genuine form. Under the straight line title at top is the famous Santa Claus in his sleigh vignette (Roger H. Durand Vignette Type I). The original artwork is not attributed for the

engraving firm. Upper left with a portrait of John Howard. Lower right with detailed allegory of five females intertwined within a large 5. Red FIVE protector. This is perhaps the most famous obsolete banknote counterfeit and always popular with collectors. Strong details are seen. Some small holes are seen near center and the lower right corner tip is absent. Signs of previous mounting are also found on the back top edge.

**\$600-\$800**

## Impressive Santa Claus Vignette \$20 Proof

10022

**Conway, Massachusetts. Conway Bank. 1854. \$20. Proof. PMG Choice Uncirculated 64 EPQ.** (MA-500 G12 Unlisted; W-MA-1385-020-G070). Bald, Adams & Co., New-York/Bald, Cousland & Cp., Philad. India paper mounted on original card. of reindeer; the presents falling to the wayside crossing the eave of a rooftop. Lower left with an Indian hunter drawing an arrow from his quiver. Lower right with a stone bridge. This is an exceptionally well presented proof that is sharply printed in dark vividly detailed inks. Obtained by Dottie from Bruce Hagen in January of 1999.

**\$4,000-\$6,000**

10023

\$2,000-\$3,000

## Popular Santa Vignetted Brooklyn Proof

10027

**Brooklyn, New York. Central Bank of Brooklyn. 1850s-60s. \$2. Proof. PMG Choice Uncirculated 64.** (NY-315 G4). Baldwin, Adams/Bald, Cousland. India paper only. Upper left, George Baldwin's Santa Claus Type-III vignette. Lower right, male portrait. An iconic Santa proof type not offered with any

frequency these days except out of advanced collections. Lightly stamped on the back by the ABNC Archives with minimal show through. This example comes vividly printed in dark inks on fully framed bright white India paper.

**\$3,000-\$5,000**

## Popular Saint Nicholas Bank Ace

10028

**New York, New York. Saint Nicholas Bank. 1850's. \$1. PMG Very Fine 30.** (NY-1900 G2a) Rawdon, Wright, Hatch & Edson. New York. Portrait of Peter Stuyvesant at left. Saint Nicholas hotel at the top center. At lower right, Santa Claus vignette. This is the Type-II Santa Claus Vignette as categorized by Roger Durand in his excellent book on the subject. Red ONE protector centered near bottom. Red penned bank officers' signatures.

This example displays exquisite detail with sharply detailed vignettes and wonderfully clean paper. Four POCs are seen in the signature panels as is often found on notes from this series. This note was last offered as lot 1611 of Smythe's September 2000 Strasburg sale.

**\$2,500-\$3,500**

10029

New York, New York. Scribner & Co. 1876. 25 Cents. About Uncirculated. (Unlisted) No imprint. Printed in green. St. Nicholas himself in a sleigh pulled by four reindeer at lower right. The back printed vertically with numerous quoted endorsements of the magazine. This scrip note entitled the bearer to 25 Cents off of the purchase price for one bound volume of St. Nicholas, a periodical magazine for children. The full retail price of the subscription was \$4. The total price was to be paid to Scribner & Co. located at 743 Broadway in New York City. This example is unsigned. Full margins and only light handling are observed. This is the first example we have seen.

\$600-\$800

10030

Troy, New York. The Central Bank of Troy. 1859. \$3. Fine. (NY-2685 S10). Spurious type with imprint of Bald, Cousland & Co., New-York. Top center, over the title, Santa Claus on the roof (RWHE style die). Lower left, New York die. Lower right, cameo. Interesting and uncommon. The Santa Claus die is fairly well engraved. Interestingly, they used the correct imprint, but had no desire to make a counterfeit die of the more complex George Baldwin Santa vignette die (Durand Type III). That makes this type worthy of better reflection as a "neat" note. Some minor stains and paper thinning are observed on this otherwise well printed and nicely displayed note.

\$600-\$800

## Lovely Providence \$1 Santa

10031

Providence, Rhode Island. Mechanics & Manufacturers Bank. 1850s-60s. \$1. PMG Very Fine 30. (RI-345 G6a) Imprint of Rawdon, Wright, Hatch & Edosn. New York/New England Bank Note Co. Boston. Durand Type-1 Santa Claus vignette at center. Woman with capped staff and shield seated at left. Woman holding sickle and leaning on large 1 at right. Bold red ONE protector centered near bottom. A remarkably well preserved circulating example of this rare Santa Claus vignette

type. Dark inks and wholesome paper are presented on this example. PMG comments "Previously Mounted" on the back of the holder, though any evidence to that effect is difficult to locate. Obtained by Alan Teal from Tom Denly in January of 2000. Tom added "Bet you know who will want this" on the invoice.

\$4,000-\$6,000

## Remarkable Complete Collection of all Six Santa Claus Vignette Dies

### 10032

**Lot of (6) Santa Claus Vignettes. Uncirculated.** A wonderful grouping of all six different Santa Claus produced die proof vignettes. All printed on India paper mounted on widely margined cards. This lot contains the following:

- 1) Durand Type I- Engraved numeral "V 41290." This is the most commonly seen Santa Claus vignette Produced by Rawdon, Wright, Hatch and Edson.
- 2) Durand Type II- Produced by Rawdon, Wright, Hatch and Edson. Second most used vignette and can be found on Saint Nicholas Bank, New York \$3.
- 3) Durand Type II- Produced by Baldwin, Adams and Company. Engraved by George D. Baldwin. Santa Claus is jolly here with pipe, a great image indeed. The note is more widely seen, but we have seen few die proofs; this one is magnificent quality. Pristine white card and paper with deep black printing. Extremely rare.
- 4) Durand Type IV- Engraved numeral "V 46218" Impressive Santa Claus image originally engraved by Toppan, Carpenter & Co. and used on the Bank of Milwaukee \$5 note. The image is magnificent, almost fierce. Santa does not really look like his jolly self, but rather like an angry elf who appears to be stealing the doll, not leaving it! An absolutely beautiful piece and quite rare.
- 5) Durand Type V- Engraved numeral "V 41308" Produced by Toppan, Carpenter & Company. Santa on sleigh with being pulled by his reindeer's. This vignette is only found on the \$50 and \$10 from the Saint Nicholas Bank of New York. Excessively Rare.
- 6) Durand Type VI- Engraved numeral "V 40617" Santa seated in front of fire place smoking tobacco pipe. Originally engraved by Baldwin, Adams and Company. Found only on the Knickerbocker Bank \$2 from New York and the Spicket Falls bank of Methuen, MA. \$100. Extremely rare and the first we have ever offered.

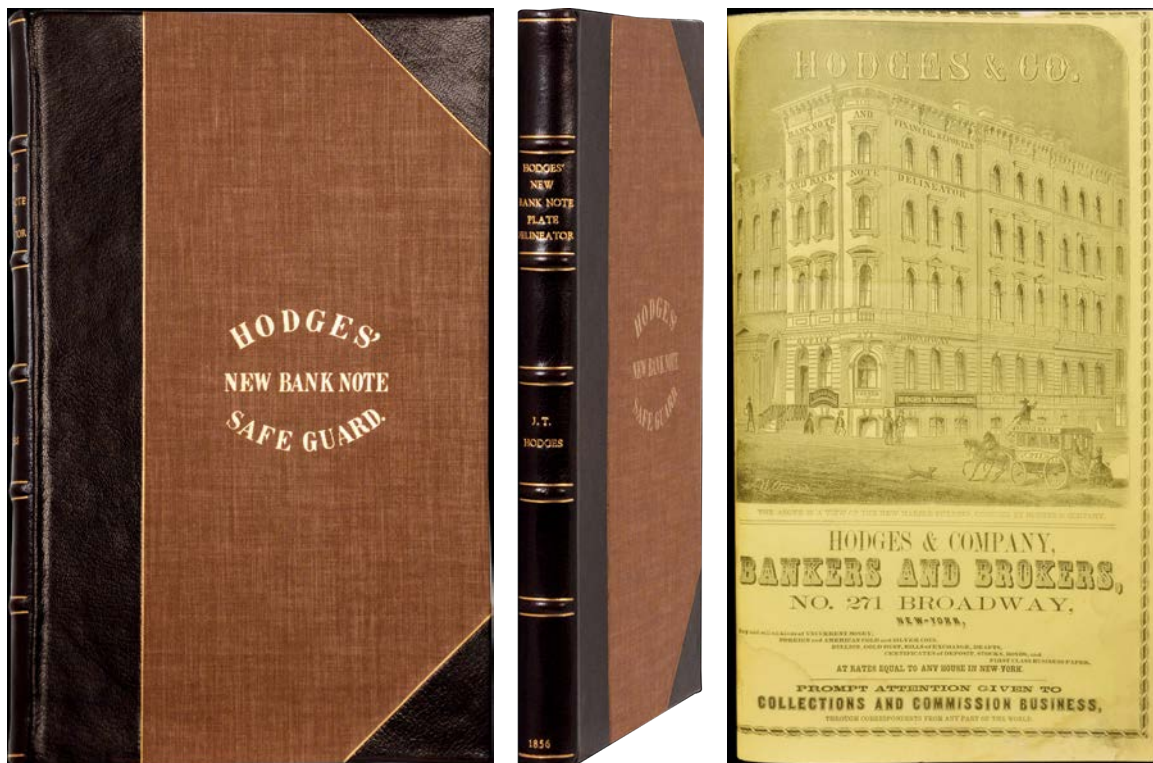

This is the first time to our knowledge that a collection of all six Santa Clause vignette dies proofs have ever been offered in public sale. A fanatic opportunity for the next custodian to enjoy these fantastic items.

**\$3,000-\$5,000**

## End of The Dottie Freeman Santa Claus Collection

# The Initial 1856 J.T. Hodges' New Bank Note Delineator

10033

**1856 J.T. Hodges' New Bank Note Delineator. Sullivan Type B. Fine Contents and Finely Bound.** The first Hodges' title and important as the transition from the 1855 Dye's using the identical description plates. This 1856 "transitional" type merits much discussion and has been studied for generations by Dillistin and in the modern era by scholars such as Eric Newman and current bibliophilic catalogers. Finely bound, matching most of the Hodges' in this collection, in impeccable style. These bindings were done by Sam Ellenport, binder of most of the fine volumes sold in the MJS Collection Part 1 Sale in March 2019.

**Titles and Specifications:** Hodges, John T. Hodges' New Bank Note Delineator; A Complete Spurious and Altered Bill Detector, Giving Correct Printed Descriptions of All the Genuine Notes of Every Denomination, of All Banks Doing Business throughout the United States and Canada. The Only Work of the Kind Extant. New-York: Published by Hodges & Company, 1856. First edition. Folio 34.0cm by 21.0cm. Bound in three quarter morocco leather, spine compartments titled in gilt, front board titled in gilt. Printed yellow lithographic front wrapper, 2-page index, title page & verso, 3-310 pp., printed yellow lithographic rear wrap. Boarded typographical depictions of bank notes organized 3 by 9 to a page.

**Distinguishing Features:** Pages 3-287 are identical to Dye's 1855 work.

**Notes:** The first work of this genre, as discussed in the prior description, is Dye's Bank Note Delineator, 1855 followed by J. Tyler Hodges 1856 work noted here using the same plates. Dillistin notes that "there can be no question that Hodges' publication was originally prepared from the identical plates used by Dye." Charles Davis concluded "the Dye was published in but a single edition, raising the possibility that one legally succeeded the other." Regardless of what the link between Dye and Hodges was legally, all [researchers] agree Hodges' and Dye's were printed from identical plates and both bear "identical errors in the spelling of place names." The Hodges' work is distinctive for the individual depictions of 27 note layouts per page (9 x 3 format). The depictions visually identify the locations all of primary design elements and their relative positions on the banknotes. J. Tyler Hodges printed

the Delineator starting in 1856 then retitled it as the Bank Note Safe-Guard in 1857. Publishing responsibilities transitioned to Daniel M. Hodges, J. Tyler Hodges' brother, resulting in Hodges' American Bank Note Safe-Guard (1861 and 1862 revised edition). Finally, responsibility fell upon Daniel M. Hodges' son, Edward M. Hodges, yielding the 1862 (unknown to Dillistin transition volume, Sullivan Type N as offered in this collection) 1863, 1864, and final 1865 editions.

The only other example traced at auction is the inferior Champa-Newman copy (Bowers & Merena, Champa Part I, November 1994, lot 340, subsequently Heritage's Newman Part XI, November 2018, lot 15307). The Newman Part XI sale lot description discussion is as follows: "The very rare first issue of what came to be known, in subsequent editions, as the Bank Note Safeguard. The Hodges family were publishers of a prominent New York bank note reporter, along with several other similar publications, from the mid-1850s to the mid-1860s. According to Dillistin, this important work was pirated from John Dye's 1855 Bank Note Plate Delineator, but this is almost certainly incorrect. This 1856 issue was unknown to Dillistin and, given that it appears to have been printed from the identical plates used for Dye's 1855 work, it would seem that the copyright had been legally secured. All of the various editions are rare, but the first edition offered here is very rare indeed. The binding on this copy is damp-stained; text generally free of staining, though occasional exceptions are seen. Good to very good." There is also an example in the ANS Library.

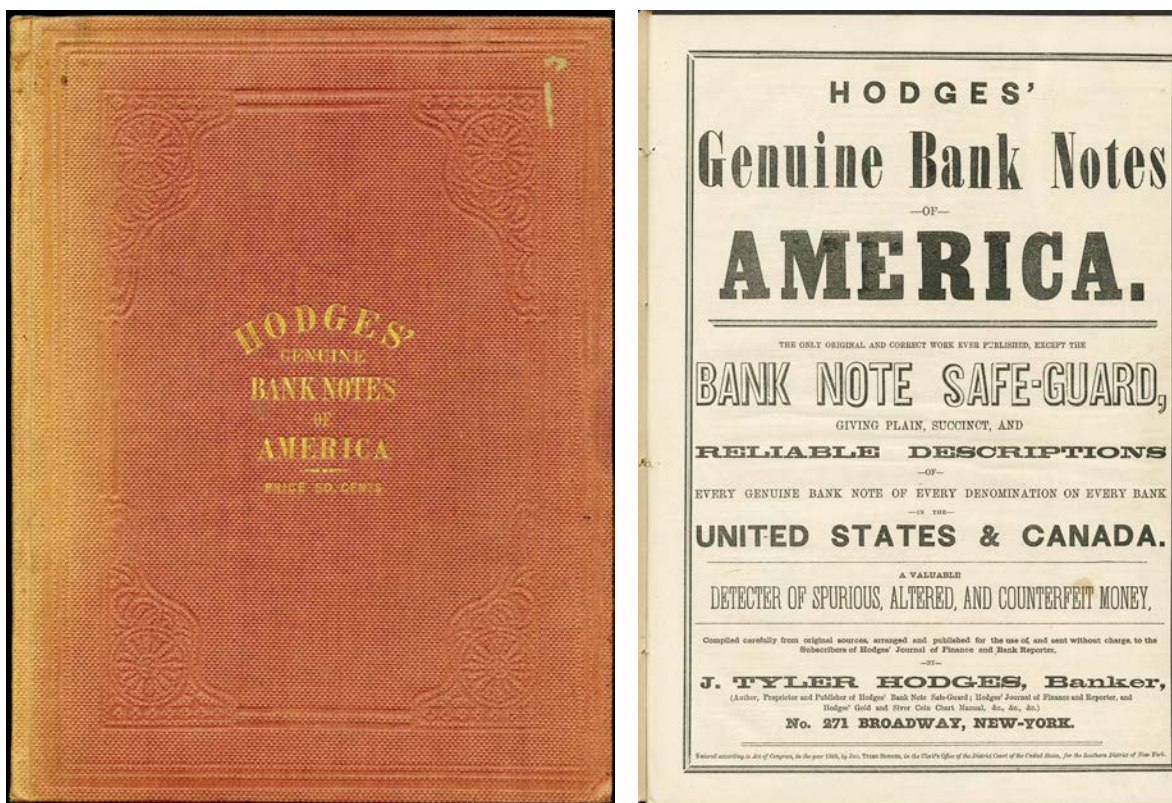

This example is a lovely book. Within its elegant Sam Ellenport binding, sharp contents and fully Fine or better, Internal pages clean throughout, but with some penciled corner page marks made in modern era. Yellow wrappers bold, perhaps slightly trimmed at the front. Colorful and exceptionally visual. Ex: Gordon Frost Library sold as Kolbe & Fanning 2012 New York Sale, January 7, 2012, lot 297. Essential to any significant numismatic library and important in the grand scheme of Hodges' detectors.

# Extremely Rare 1859 Hodges' Genuine Bank Notes of America

## One of Only a Few Known

### Ex Ford

10034

**1859 Hodges' Genuine Bank Notes of America. Original Cloth. Very Fine.** An important work and extremely rare. The Ford Library pedigree and condition is significant. This has been recognized as an important work by currency scholars for a long time. The quality is typical of most detectors that originated from the Ford Library and is exceptionally appealing.

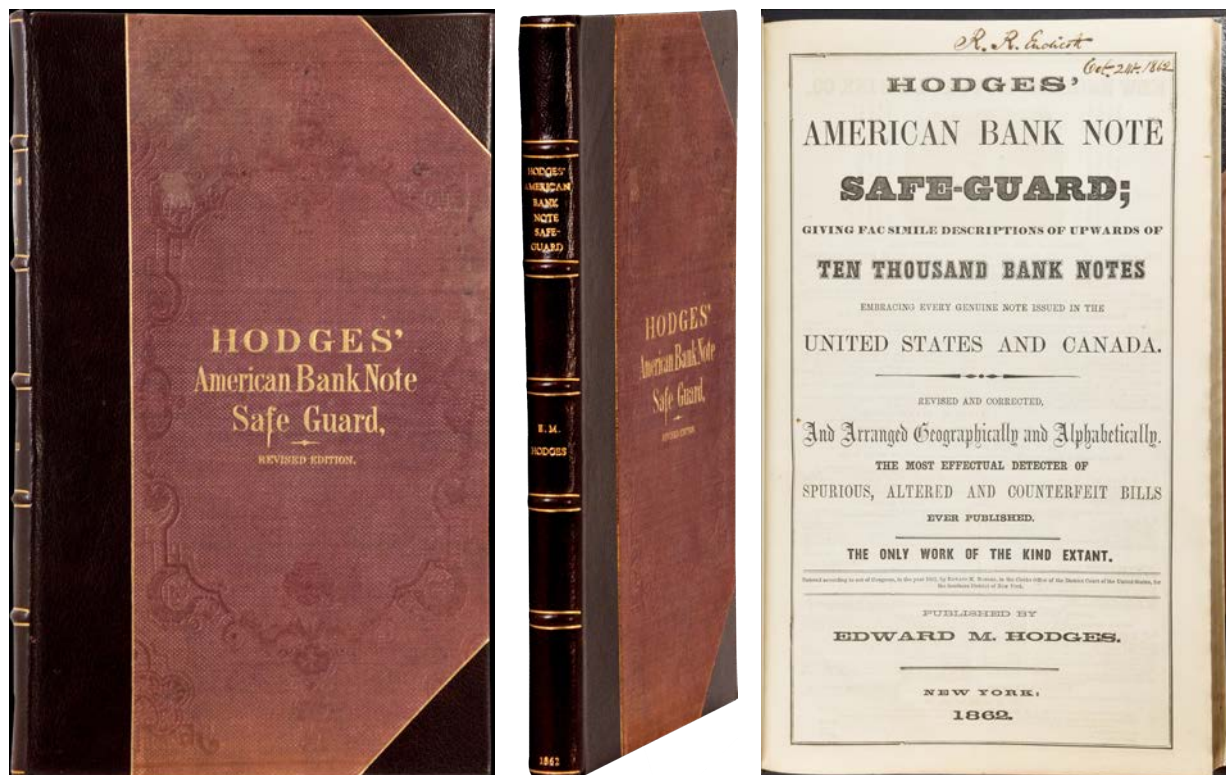

**Titles and Specifications:** Hodges, J. Tyler. Hodges' Genuine Bank Notes of America. The Only Original and Correct Work Ever Published, Except the Bank Note Safe-Guard, Giving Plain, Succinct, and Reliable Descriptions of Every Genuine Bank Note of Every Denomination on Every Bank in the United States & Canada. A Valuable Detector of Spurious, Altered, and Counterfeit Money, Compiled Carefully from Original Sources, Arranged and Published for the Use of, and Sent without Charge, to the Subscribers of Hodges' Journal of Finance and Bank Reporter. New-York, 1859. Quarto, 29.5cm by 22.5 cm. Original blind stamped decorative russet cloth, gilt titles with "PRICE 50 CENTS." 39, (1) pages. Outer page edges trimmed as issued to provide tabs for the issues of the various states within. Very distinctive style and content. Ford monogram bookplate inside front cover; penciled Ford code front flyleaf.

**Notes:** This 1859 Hodges' publication has a different title and format than the other Hodges' volumes from the period. However, it was not published in lieu of the 1859 Hodges' (Sullivan Type H and Type I; Type I which is included in this sale) as discussed in the Newman Part XI sale description. Only three have appeared at public sale to our knowledge. The Eric P. Newman library copy was in inferior condition. The third confirmed copy was also MJS library, acquired from a Heritage auction January 2014. Rebound by MJS and subsequently sold in a 2016 Charles Davis auction. Not listed in Sigler, the American Numismatic Society Dictionary Catalogue, nor present in the Fuld, Champa, or Bass sales. Very Fine or nearly so. Some petty sunning observed and a few tiny chips off the front cover at the upper right. Ex: Kolbe & Fanning 2012 New York Sale, January 7, 2012, lot 299; previously Stacks-Kolbe Ford Library Part 1: Lot 589 where it realized \$1,035. A museum caliber volume with many desirable traits to recommend it. A key piece from this MJS Part 2 selection.

## ALASKA

## Extremely Rare Alaska Depression Scrip

10036

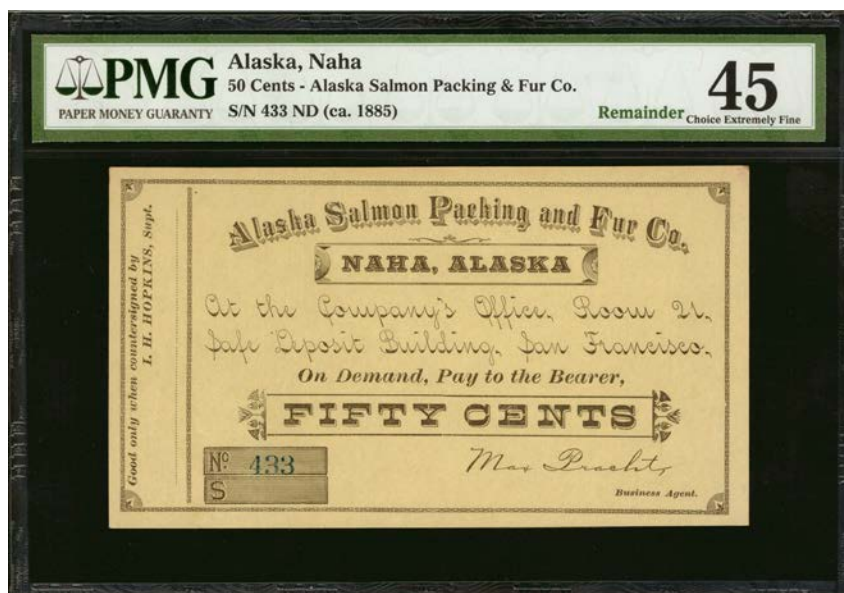

**Fairbanks, Alaska. The Fairbanks Banking Co. of Fairbanks. August 1, 1908. \$1. Very Fine.** (Unlisted) No imprint. Series A at top left. The face is seen with black border prints. Yellow underprint with green eagle with wings spread at center. Red "\$1" at ends. The back with black border prints and a green underprint with red counters in the top corners. A rare piece

of Alaskan depression scrip which we have never before seen. The colors are vibrant and contrast well against the bright paper. There are few hinge repairs to edge splits seen but otherwise the note retains a good overall appearance. All Alaskan scrip is rare and this is an item likely unseen by many advanced specialists.

**\$2,000-\$3,000**

## Prohibitively Rare Alaskan Scrip Note

10037

**Naha, Alaska. Alaska Salmon Packing & Fur Co. ND (ca. 1885). 50 Cents. PMG Choice Extremely Fine 45. Remainder.** (Unlisted) No imprint. Title of the Alaska Salmon Packing and Fur Co. at top. Location below. This 1880s era note would have been redeemable for 50 Cents at the company's office in Room 21 of the Safe Deposit Building in San Francisco had it been issued. The note would have needed to be countersigned at

left by I.H. Hopkins in order to be considered an issued note. The printed signature of Business Agent Max Pracht is found at bottom right. This example, with blue printed serial number 433, is the only example of the issuer we have ever encountered. This broadly margined note exhibits only some light handling which accounts for the assigned grade.

**\$5,000-\$7,000**

## ARKANSAS

10038

**Fort Smith City, Arkansas. M. Mayers & Bro. Jan. 5, 1862. 50 Cents. Very Fine.** The Mayers brothers were druggists in Fort Smith and there scrip was redeemable in a number of locations in Arkansas, Texas and

the Cherokee Nation. Dark inks and wholesome paper are seen on this example.

## CALIFORNIA

## Incredible Emperor Norton I Rarity

10039

**San Francisco, California. Imperial Government of Norton I. Sept. 17, 1871. 50 Cents. Imperial Treasury Bond Certificate. PMG Very Fine 30.** Uniface. Printed on bond paper. Very large, bond-like format note 215mm X 118mm. Lithographed with lengthy imprint at base, "CUDDY & HUGHES, Printers to His Majesty Norton I, 511 Sansome Street, S. F." Printed in all red. Bottom left, half-length portrait of Emperor Norton I in uniform. Lower right, young girl similar to some other types on the series. Top center, "San Francisco", with space for date to the right. Ornately scrolled "Received of..." with line for issue. Denomination "FIFTY CENTS" in center over four line obligation: "The Amount with Interest to be convertible in to 7 per cent. Bonds/in 1880, or payable by Agent of our Private estate in case the Government of Norton does not hold firm./In testimony whereof, we hereto affix our royal seal and signature," Lower left, ink stamped (blurry) "N" logo in circle. Boldly signed at the lower right "Norton I Emperor" in blue pen. Hand dated 17 Sept. 1871. No serial number.

We last offered this piece in our May 2008 sale where we said...

"The Norton I notes have been well researched once again after over a 20 year hiatus since the Henry Clifford Sale. In context with our modern sense, he created himself as a celebrity in the best of San Francisco traditions. Starting in the early 1860's, he issued proclamations proclaiming himself Emperor of the United States (and briefly Protector of Mexico) and over time issued many other published declarations. Wearing his ill fitting uniform, but maintaining a good humor, his popularity made him a celebrity that any modern era game show host would have loved to have on their tri-panel podium. On his best day he might have made Truman Capote seem a bore (a point probably in contention). He was busted only once by an over zealous official and brought before the Commissioner of Lunacy (now there is a Cabinet level post waiting to happen!) who promptly receipted back \$4.75 in bonds and the "Royal Key". Joshua A. Norton (born February 4, 1819 in Algoa Bay, South Africa and died January 8, 1880, San Francisco) was once a businessman

who may have stashed gold away to stave off creditors from his bankruptcies and court cases in the late 1850's. One of the truly great articles on Norton was written by Fred Marckhoff for Cal Coin News in 1961 and based on the primary source material researched from Robert E. Cowan's *The Forgotten Characters of Old San Francisco* (Ward Ritchie, reprinted 1964). The setbacks that befell Norton were perhaps the creation of a psychological profile that morphed into the Emperor persona. If he was crazy like a fox, this persona was a money maker. The creation of his unusual "bonds" to sell to the public was certainly a grand and wise creation. The Marckhoff article was extremely illuminating for the period and there has been little to augment its diagnostic information on the notes in the interim. There are at least four series of different types with two series represented in the Ford sale. The red series note featured here is known in facsimile form. In early 1880, San Franciscans mourned when the Emperor fell over at California and Grant and expired in a scant ten minutes. Reportedly, 10,000 citizens came to view the passed regal figure and wealthy "fans" decked out the gala event in all splendor fit for his high mightiness. His final internment was in the Masonic Cemetery. Like many numismatic treasures, the Norton I notes amply serve the ability to maintain legendary status for someone that was more than just another "character." In the lore of Western American personages, Emperor Norton I is truly a lasting icon.

There appear to be at least four different series of these Norton I notes including the one that this note is from. This might be the rarest series. The note is folded in eight with some other handling. Very bright and vibrant from the face. Viewed from the back, some toning is seen on the left half. Widely margined and a visually impressive Western note. An extremely important opportunity for the California specialist and key United States Obsolete Currency note."

This note has since been graded and encapsulated with PMG commenting "Stains, Minor Repairs" on the back of the holder.

## WASHINGTON, DISTRICT OF COLUMBIA

10040

**Georgetown, District of Columbia. Bank of Commerce. 18xx \$10. Proof. PCGS Currency Very Choice New 64 PPQ.** (DC-70 G4). Four HPCs. Printed on India paper. Mounted on cardstock. Imprint of Danforth, Bald & Co., Philad. & New-York. Top center is Commerce and Agriculture seated with a portrait of Washington. Left end is a canal scene. Right end shows seated Liberty and eagle. Great balance in the design. This black and white proof is a screaming gem in every regard but for the right margin straying close to the frame line. We have sold numerous examples that include the red protectors. This is the first \$10 proof we have sold of this type without red protectors. We sold one with red protector in our 2011 ANA sale. That piece was a raw Uncirculated note and it still topped the \$2,000 mark. The only two black and white examples we have sold were a dozen years ago in our Capital City sale, and they were very well received that day.

\$800-\$1,200

10041

**Washington, District of Columbia. Bank of the District of Columbia. 1858 \$5. Proof. PCGS Currency Gem New 66 PPQ. Hole Punch Cancelled.** (DC-215 G8a). Plate B. Four POCs. Printed on India paper. Imprint of Bald, Cousland & Co. Philad. & New-York. Full red tint, large outlined white V with flanking smaller 5s. Wagon scene center under curved title. Lower left, Buchanan. Lower right, Ceres. Only the second example we have sold of this more challenging DC proof, with the previous piece having names like Schingoethe and Bowers as provenance. An utterly flawless proof.

\$800-\$1,200

## FLORIDA

10042

**Magnolia, Florida. Merchants & Planters Bank at Magnolia. 1832-33 \$10. PMG Choice Uncirculated 63 EPQ.** (FL-35 G8). Benice 4. Imprint of Rawdon, Wright, Hatch & Co., New-York. Archimedes lifting globe at center. Square portrait of Franklin at left. Ceres at right. The use of apostrophes in the bank title conveys that this was from the first series of notes issued in 1832. This short-lived bank only remained in business for a couple of years until 1834, and was subsequently rechartered as the Merchants & Planters Bank of Florida. The Newman example was a far inferior PCGS VF 30 and it still mustered a \$350 price tag. This is the single finest example we have seen for any denomination from this issue.

\$900-\$1,200

## ILLINOIS

10043

**Cairo, Illinois. Planters Bank. ND (18xx). \$1. Choice Uncirculated. Proof.** (IL-90 G2a) American Bank Note Company. India paper only. Green protector with single counter top center. Center, Man with cattle. Left, Large ornate "1". Two small hinges are noted on the back. A lovely and rare proof.

\$1,200-\$1,800

10044

**Uncut Pair \$5-\$2. Caledonia, Illinois. Bluff City Bank. June 2, 1860. Choice Very Fine.** (IL-95 G4a-G2a) Haxby states that circulating notes were printed but not issued to the bank and all were presumed to have been destroyed. Part 8 of the Schingoethe Collection featured \$2 and \$5 proofs of the same types seen here. The \$2 (lot 2323) realized \$6,900 while the \$5 (lot 2324) sold for \$4,887.50. The pair features orange printed border and security inks as well as counters. The titles, vignettes and auditor's seals are in black. The \$5 displays a full height oversized vignette of Liberty with capped staff at left while a plow boy with horses is to the right. The \$2 features riverboats on the water at center while a woman walks with a girl at bottom left. Both notes feature a blue machine printed serial number 1721. This vibrantly printed pair comes on lightly handled crisp paper.

\$2,000-\$4,000

10045

**Marion, Illinois. Hermitage Bank. October 10, 1860. \$3. About Uncirculated. Remainder.** (IL-470 G2a) National Bank Note Company. Orange tinted frame and grill. Andrew Jackson at top left. Soldier returning to family at center. State seal of Illinois at bottom right. Ornate 3 die counter at bottom left and top right. Unissued remainder (as all are) with stamped serial number 7546. An exceptional piece and the Haxby plate note. Previously from lot #2580 of the December 2005 Schingoethe sale where it was part of a \$3/\$5 sheet pair. Since cut and seen here as an individual note with excellent color and displaying only lightly handled paper.

\$750-\$1,250

Two die counter 2s at each end. Orange printed back with two large circles made up of repeating 2s. Unsigned and unnumbered. A sharply printed and nicely presented Deuce from this tough series.

\$1,000-\$1,500

10048

**Leavenworth City, Kansas Territory. The City Bank. 1856 \$3. About Uncirculated. Remainder.** (KS-50 G46a) W.L. Ormsby. New York. Three practically identical farmers with scythes across the center. Three die counters with "3" within from top to bottom at ends. Orange printed back with three circles made of repeating 3s. The highest denomination from this much rarer City Bank series. A bright unissued note. The top cut slices into the top right corner just a bit.

\$1,000-\$1,500

10049

**Leavenworth City, Kansas Territory. The City Bank. Nov. 1, 1856 \$3. Very Fine.** (KS-50 G46a) W.L. Ormsby. New York. Three practically identical farmers with scythes across the center. Three die counters with "3" within from top to bottom at ends. Orange printed back with three circles made of repeating 3s. This example has the serial number and signature panels filled in but those appear to be spurious in nature.

\$700-\$900

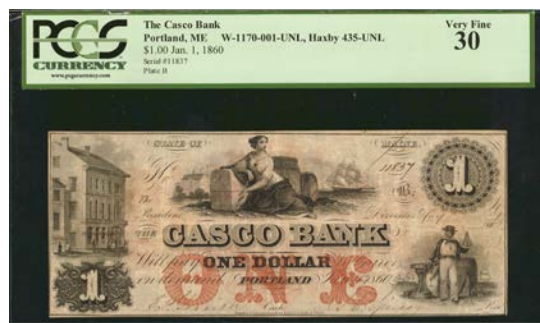

10050

**Leecompton, Kansas Territory. The State Bank. Nov. 1, 1856. \$5. Extremely Fine. Remainder.** (KS-55 G8a) W.L. Ormsby. New York. Five sharply inked cherubim across the face. A boldly inked and moderately circulated Ace from this Portland bank.

\$1,250-\$1,750

## MARYLAND

10052

**Cumberland, Maryland. Good Intent Stage Co. 1841. 25 Cents. PCGS Currency Very Fine 20 Apparent. Minor Stains.** (MD-KSG-5.84.5 / Jones-Littlefield PW40-21) Draper, Toppan & Co. Phil. & New York. Left end panel with 25 in die counter at top, cents in box below and primitive steam locomotive pulling coach car in oval frame at bottom. Reverse of period Seated Quarter upper left of center. Washington on horseback with men moving cannon in background in upper right. Right end panel with steamboat in oval frame at top, cents in box below and 25 in die counter at bottom. An extremely rare scrip piece from this issuer. This example is far superior than the other two notes we have seen from this stage coach company. This note was "receivable for Stage Fare, or payable in current Bank Notes at out Office." Jones-Littlefield lists this note in their encyclopedic reference on Virginia obsoletes and scrip as Wheeling was in Virginia before breaking off as part of West Virginia in 1863. It has a rarity rating of 7H in the Virginia reference indicating 2 to 4 known. Even circulation is seen. The "minor stains" mentioned by the grading service are trivial and really of no concern.

\$1,500-\$2,000

10053

**Westminster, Maryland. Farmers and Mechanics Bank. 18xx. \$1 Printing Plate.** (MD-310 G2) Danforth, Bald & Co. Phila., New York. Gorgeous original copper printing plate from this bank which became the Farmers and Mechanics National Bank, charter #1526. Both \$1's. Female in portrait at lower right. Anvil with a mans hand on hammer at left. Center, horse and men carrying bails of hay or wheat.

The plate displays great patina and sharp engraved details. There are no cancellations but a handful of minor tray scratches. A Very impressive piece which gives a look back in time to our nation's early fiscal history.

\$2,500-\$3,500

Top central vignette of Massachusetts shield with motto on ribbon. Below is Peace hugging a large "C." Ornate ends with MASSACHUSETTS at left. A rare high denomination from this series and unknown as an issued note. Ex: Eric Newman collection where it originally sold for over \$800 in 2015. A rare and desirable proof that is likely scarcer than G246 which is payable to Christopher Columbus.

\$800-\$1,200

10056

**Charlestown, Massachusetts. Bunker Hill Bank. ND (18xx). \$2. About Uncirculated. Proof.** (MA-470 G18). New England Bank Note Co./Perkins Stereotype Steel Plate. India paper only. Curved title with iconic Bunker Hill Monument at center. Liberty seated at left with shield and staff. General Joseph Warren at right. The Haxby plate note and a rare Proof only example without overprint. Mostly bright with some light handling observed primarily from the back. A few thin spots from prior mounting are also seen on the back. General Warren had been commissioned a Major General in the Massachusetts colonial militia shortly before the Battle of Bunker Hill on June 17, 1775. Upon reaching the battlefield Warren declined to exercise his rank, instead serving as a private soldier in the battle. He encouraged other troops to hold their ground atop Breed's Hill and was killed by British forces there on their third and final assault on the hill.

## Rare Hodges' 1860 "New Years' Card" Broadside

10070

**1860 Hodges' "New Years' Card" Large Broadside. Very Fine and Conserved.** An impressive broadside in exceptional condition for such an object. Few survive to this day as such large paper broadsides were generally damaged in the period and mostly thrown out. It is a miracle of survival in this state of preservation.

Titles and Specifications: NEW YEARS' CARD, TO THE SUBSCRIBERS OF HODGES' MONEY AND FINANCIAL PUBLICATIONS, Journal and Bank Note Reporter and Bank Note Safe-Guard. Printed on white rag paper, one-sheet, with natural folds from mailing. Large folio. 55.0cm by 37.0 cm. Ornately bordered on four sides. At the top, wide span eagle holds ribbons with titles of the Hodges' publication, one on each side. In the center, title at top with lengthy text in three columns divided by vertical lines and Roman numerals at top of the "stanzas". Interior bordering with current coins of the world at left and right.

Bottom row with United States coins, bottom corners with Humbert \$50 gold "slugs." U.S. reverse types include Gobrecht pattern flying eagle, small eagle silver dollar and small eagle gold eagle, etc. Most of the world types are current coins traded in the United States at the time.

Notes: A gorgeous broadside in superior condition. A fascinating perspective of the period with complex text organized as "stanzas." The presentation and design is fabulous.

The condition is marvelous. Normal folds seen for distribution, creased across center. The bottom half is tone slightly compared to the top. Impressive and unheard of state for such a large one-sheet of this period. In mylar sleeve, sealed on four sides, and with art-board protection. This would display very impressively.

Top center, man and ox plowing. Bottom center, beehive under text. Left end, Indian. Right end, hunter. Engraved signature of Brigham Young. bright paper that is free of the repairs or other impairments commonly found on notes from this issue. The somewhat crude copper plate impression is sharply inked and boldly presented. This great Mormon note was last found as lot #1020 of R.M. Smythe's November 1987 Constitutional Bicentennial sale.

**\$3,000-\$4,000**

\$5,000-\$7,000

## Rare Deseret Ten

10122

Great Salt Lake City, Utah Territory. Deseret Currency Association. 1858. \$10. PMG Choice Very Fine 35. Printed Signature. (Rust 90) No imprint. Printed on frail white paper at the office of the *Deseret News*. Signed by H.B. Clawson, Secretary at left. Printed signature of President Brigham Young at right. Simple typeset design with "DESERET" at top center.

## Profound Deseret Currency Association \$20

10123

**Great Salt Lake City, Utah Territory. Deseret Currency Association. Feb. 17, 1858. \$20. PMG About Uncirculated 50. Handwritten Signature.** (Rust 91) No imprint. Series A. Dollars." Signed by secretary H.B. Clawson at left, president Brigham Young at right. This example displays a dark impression and is fully framed and only lightly handled. The earlier Series A notes are all quite rare but this is the first \$20 we have encountered. An immensely significant Mormon rarity.

**\$8,000-\$12,000**

## \$50 Deseret Currency Association Rarity

10124

**Great Salt Lake City, Utah Territory. Deseret Currency Association. Feb. 22, 1858. \$50. PMG Very Fine 30. Handwritten Signature.** (Rust 92) No. Imprint. Series A. "FIFTY" horizontally at left. "50" at right. "Good only in This Territory" in top corners. Hand signed by secretary H.B. Clawson at left, president Brigham Young at right. An ultra rare high denomination from this early typeset series. These Series A

notes issued early in 1858 are the rarest of the Deseret Currency Association issues. These high denomination examples are virtually unheard of and this is the first \$50 we have had the pleasure of entertaining. Remarkably rare and of immense importance to Mormon specialists. PMG comments "Minor Repairs."

**\$8,000-\$12,000**

10125

**Salt Lake City, Utah. Bingham Canton & Camp Floyd R.R. Co. Payable at the Salt Lake City National Bank. January 15, 1874. \$5. Very Fine. Remainder.** Imprint of H. Siebert & Bros., New York. Red protector and large 5 lat left. Green security back. Center, in circle, train. Lower left, Indian. Right end, Athena. Serial number 94 in red at left. Unsigned. An extremely rare denomination from a series we have some familiarity in handling, though only the \$1 and \$2 denominations. While this issue is commonly referred to as issued by the Salt Lake City National Bank it was actually payable there. These were issued by the Bingham Canyon & Camp Floyd Rail Road Company. This is the first \$5 example we have encountered. The printed inks are bold with rich red protector inks observed.

\$2,000-\$3,000

10126

**Salt Lake City, Utah Territory. Salt Lake City Corporation. 1868. \$2. Very Fine.** (Rust 113) J.O. Seymour & Co. Engr. New-York. Green grill protector left and right ends. Bottom center, cattle, above titles. Ornate green back with small 2 center. Scarce and high grade. Bold inks and wholesome paper are featured on this example which is one of just a couple we have entertained. Previously from lot #1208 of NASCA's January 1978 sale of The New England Collection.

\$1,000-\$1,500

## CONFEDERATE CURRENCY

10127

**T-5. Confederate Currency. 1861 \$100. PCGS Currency Very Choice New 64 PPQ.** No. 4172, Plate B. The first of the Richmond notes issued after the relocation of the Confederate capital, these high quality \$100s were produced by the Southern Bank Note Company in New Orleans which was the southern operating branch of the American Bank Note Company. Justice with sword and scales is seen at left. A steam locomotive with cars in tow chugs by a river at center. Minerva, the goddess of war, is seen at right. This well cut and crisp example displays bold forest green protector tints and creamy white red fiber paper. The penned signatures of Tyler and Elmore are neatly signed. A Choice example of this popular type.

\$3,000-\$4,000

10128

**T-5. Confederate Currency. 1861 \$100. PCGS Currency About New 53 PPQ.** No. 4320, Plate B. Imprint of Southern Bank Note Company. Green panel protector and C counters. Center, train. This Southern Bank Note Company product features boldly printed inks and brilliant green color tint. The design is fully framed on creamy white uncanceled paper. Neatly penned signatures of actual Register Tyler and actual Treasurer Elmore are also seen.

\$2,500-\$3,500

10132

**T-22. Confederate Currency. 1861 \$10. PCGS Currency Very Fine 30.** No. 11952, Plate A. A wonderful mid-grade example of this ever popular Southern Bank Note Company produced \$10 type. Thetis is found at left holding the scepter of Neptune. A Native American family is seen at center overlooking a town. A woman stands at right holding an ear of corn and a large X. This example displays bright orange protector tints that are free of the oxidation that commonly plagues this series of notes. The paper remains bright and wholesome while displaying only moderate circulation. Three ample margins are found with just the bottom edge being cut a tough into the design. This is a note with tons of aesthetic appeal.

\$1,250-\$1,750

10130

**T-6. Confederate Currency. 1861 \$50. PCGS Currency About New 53 PPQ.** A remarkable offering on this popular Richmond Southern Bank Note Company produced design where fully Uncirculated examples are extremely scarce. The color of the protector and counters is vivid along with the design details of the primary impression. Fully framed with nice clean margins are all around.

\$2,000-\$3,000

10133

**T-22. Confederate Currency. 1861 \$10. PCGS Currency Very Fine 30.** No. 5418, Plate A. Imprint of the Southern Bank Note Company, New Orleans, LA. Fully framed with complete borders on all sides. Rich underprint does not show the oxidation that so often plagues these earlier Confederate notes. Well signed and numbered with clean, natural paper. In our last sale we sold a PCGS VF 35 for close to \$1,700, but it should be noted that tonight's offering has far superior margins.

\$1,250-\$1,750

10131

**T-14. Confederate Currency. 1861 \$50. PMG Choice Uncirculated 64 EPQ.** No. 5857, Plate A4. Boldly printed inks and bright, creamy white paper are observed on this crisp Hoyer & Ludwig produced 1861 \$50. This example comes fully framed and earned PMG's coveted EPQ designation. Just two examples have graded finer at the service.

\$1,000-\$1,500

10134

**T-22. Confederate Currency. 1861 \$10. PCGS Currency Very Fine 30.** No. 1345. Plate A. Imprint of the Southern Bank Note Company, New Orleans, LA. Fully framed with a trio of complete borders. Rich underprint does not show the oxidation that so often plagues these earlier Confederate notes. Well signed and numbered with clean, natural paper. In our last sale we sold a PCGS VF 35 for close to \$1,700, but it should be noted that tonight's offering is visually superior.

\$1,250-\$1,750

10135

**T-22. Confederate Currency. 1861 \$10. PMG Very Fine 20.** No. 6939. Plate B. Imprint of the Southern Bank Note Company, New Orleans, LA. Good margins with plenty of underprint remaining. Not suffering from heavy oxidation as is typical and the signatures are neatly placed. A problem free early Confederate type note that is perfect for a well-rounded, circulated set.

\$800-\$1,200

10136

**T-24. Confederate Currency. 1861 \$10. PMG About Uncirculated 53.** No. 59364. Plate H. Confederate Secretary of State R.M.T. Hunter is seen at the lower left. The child portrayed in the lower right is believed to be Alfred L. Elwyn, who as an adult was a Philadelphia minister, Unionist and abolitionist. CSA script watermark. PMG notes "Minor Repairs" which are near the back bottom right edge and having no bearing on the visual impact of this note. A very well centered and extremely bright offering on this popular \$10 design type. Scarce this pleasing with PMG having graded just eight pieces in the entire Uncirculated range. A far better example than the typical VF notes that regularly populate auctions. The last AU that we sold was a PMG AU 58 EPQ that topped the \$2,000 mark in our October 2018 sale.

\$1,250-\$1,750

10137

**T-24. Confederate Currency. 1861 \$10. PCGS Currency Extremely Fine 45.** No. 97802. Plate I. Confederate Secretary of State R.M.T. Hunter is seen at the lower left. The child portrayed in the lower right is believed to be Alfred L. Elwyn who as an adult was a Philadelphia minister, Unionist and abolitionist. A well centered and extremely bright offering on this popular \$10 design type. Scarce this pleasing with PMG having graded just five pieces in the entire Uncirculated range. A far better example than the typical VF notes that regularly populate auctions.

\$800-\$1,000

10138

**T-24. Confederate Currency. 1861 \$10. PMG Extremely Fine 40 EPQ.** No. 54719. Plate K. PF-11. Confederate Secretary of State R.M.T. Hunter portrait at left. An exceptional 1861 \$10 bearing the imprint of Richmond, Virginia based printers Keatinge & Ball. A fully framed note that has some of the widest all-around margins we have seen on any T-24 Confederate note. The black printed design elements are boldly inked while the orange tints retain much of their original brilliance. In our ANA sale, we sold a PCGS EF 45 for \$840. That note had much darker paper and much small margins than this luxurious piece.

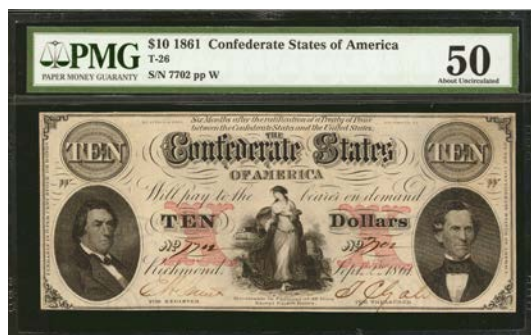

**\$900-\$1,200**

10140

**T-28. Confederate Currency. 1861 \$10. PMG Choice Uncirculated 63 EPQ.** No. 109634. Plate A11. PF-10. Printed by J.T. Paterson of Columbia, SC. The top margin strays a bit heading to the right but otherwise a well margined piece. PMG has graded a quartet of notes a single point higher than this one. Although the landscape of the Confederate Currency market is changing rapidly, it goes to show that there are still few nice Choice CU examples of this condition-challenged type. Last year we sold a PCGS Choice New 63 for over \$5,000. This certainly is not worth that much anymore but it still should require a four-figure bid to bring it home.

**\$900-\$1,200**

10139

**T-26. Confederate Currency. 1861 \$10. PMG About Uncirculated 50.** No. 7702. Plate W. Imprint of Keatinge and Ball of Richmond, VA. Bold "CSA" block watermark. PMG comments Nice Embossing. Red XX protectors and delicate pen signatures. Realistically about 95% fully framed. Bright and fresh with good eye appeal. The couple most recent AU pieces sold by us approached the \$1,000 figure.

**\$800-\$1,000**

10141

**Lot of (3) T-28. Confederate Currency. 1861 \$10. PMG Choice About Uncirculated 58. Plate A11.** Trio of lightly handled notes. All are well signed and well margined for this type. A very bright threesome that will no doubt find a happy new home this evening.

\$1,000-\$1,500

10142

**T-32. Confederate Currency. 1861 \$5. PMG Very Fine 25. No. 3290. Plate A.** Leggett, Keatinge & Ball produced these high quality Fives based off of \$5 notes issued by the Mechanics Savings Bank of Savannah, Georgia. The portrait of a young boy is seen at the bottom left while a blacksmith with his tools are seen at the bottom right. Bold orange tints are featured on the type with a 5 a top center, FIVE below and a V out to the far right. This example comes fully framed and evenly circulated. The overprint, though faded a bit, is still seen with some of the original orange tint.

\$1,700-\$1,850

10143

**CT-39. Confederate Currency. 1862 \$100. PMG Gem Uncirculated 65 EPQ. No. 9098. Plate Ab.** Imprint of J.T. Paterson, Columbia, SC. The date of September 16, 1863 is well outside of the known date range for T-39 notes. Tied with one other for Top Pop at both grading services. Even at the Gem 65 EPQ grade level this note appears vastly under graded. It has near cameo printing contrast against the bright white paper. The signatures are boldly accomplished. The margins and centering are sensational for any example of this counterfeit type. There is a single PMG Choice Unc 64 EPQ in their Pop report and that note sold for close to \$550 in 2016. Fricke notes how rare counterfeit Train notes are at the Gem grade levels. A stunning lithograph counterfeit that is superior in every manner.

\$800-\$1,200

10144

**T-40. Confederate Currency. 1862-63 \$100. PMG Very Fine 30.** No. 65574, Plate AD. Captain George J. Arnow, AQM issued this \$100 Train note on June 6th, 1863. Arnow was a Floridian from Marion County who enlisted as a Private at Gainesville on May 1, 1862. He was eventually part of Company D of the 7th Florida Infantry where he was appointed Regiment Quartermaster on May 20th, 1862. Arno's manuscript is neatly penned on the back of the note in light but fully legible brown ink. The note itself is darkly printed on bright, moderately circulated paper. PMG comments "Small Hole" on the back of the holder. The hole is near top center and it easily blends into the printed design. The encyclopedic McNeil reference on issuers of Train and Hoer notes gives Arnow a R-15 rarity rating, indicating one known. This is at least now the second known example.

\$800-\$1,200

10145

**T-41. Confederate Currency. 1862-63 \$100. PMG Very Fine 30.** No. 24428, Plate Y. This modestly circulated \$100 Hoer note was manuscript issued March 29, 1863 by Captain & AQM James Maurice whose issuing endorsement is boldly penned on the back of the note. Maurice served in various roles in the Army of Tennessee. His service found in Tennessee, South Carolina and Georgia at various times throughout the war. The note itself comes fully frames with sharply printed design elements.

\$700-\$900

10146

**T-44. Confederate Currency. 1862 \$1. PCGS Currency Very Choice New 64 PPQ.** No. 30726, Plate 1. A crisp Third Series Lucy Pickens Ace which is tied for the finest graded example at both PCGS and PMG. This Blanton Duncan produced example comes with fully intact frame lines and very choice paper.

\$600-\$800

10147

**T-45. Confederate Currency. 1862 \$1. PMG Choice About Uncirculated 58 EPQ.** No. 26343, Plate 6. Just a broad corner fold prevents with fully framed and crisp Lucy Pickens Ace from achieving a full Choice Uncirculated grade. The inks are boldly printed and the green protector overprint is well inked and strong.

\$800-\$1,200

10148

**T-45. Confederate Currency. 1862 \$1. PMG About Uncirculated 55.** No. 26334, Plate 6. A lightly handled and well printed 1862 Ace produced by Columbia, SC printer Blanton Duncan. The portrait of Lucy Pickens is seen at right and a bold green denominational overprint is at center. This example displays just a couple of light folds and mostly full frame lines.

\$800-\$1,200

10149

**T-64. Confederate Currency. 1864 \$500. PCGS Currency Very Choice New 64 PPQ.** No. 22116, Plate C. Darkly printed inks and bold issuing signatures are found on this crisp, and well centered 1864 \$500 Confederate treasury note.

**\$1,000-\$1,500**

10150

**T-64. Confederate Currency. 1864 \$500. PMG Choice Uncirculated 63.** High serial number 36528. Dark red paper. Plate A. Stonewall Jackson vignette at right. Confederate battle flag above "Deo Vindice" and vignette of soldier on horse at left. PMG comments "Good Color." This note is clearly original so we are perplexed as to the reason for the omission of the EPQ designation. Always a solid four-figure note at this grade level.

**\$1,250-\$1,750**

## Stunning \$100 "Lucy Pickens" Note

10151

**T-65. Confederate Currency. 1864 \$100. PMG Gem Uncirculated 66 EPQ.** No. 33274, Plate B. PMG has graded seven T-65s at the 66 EPQ level with none finer. With that said an advanced collector could search for years and not find an example that equals or eclipses the overall appeal of this 1864 \$100 "Lucy Pickens" note. The underprint is very bold for the type with rich salmon color found across the face. The design elements are all sharply detailed in dark black inks. The

cut is ideal for the type with four complete frame lines surrounded by clean and even margins. The back is boldly printed in deep blue and is well centered and framed by broad white margins. The only other PMG graded 66 EPQ T-65 we have sold realized \$2880 in our April Collector's Choice Auction. This example, while equally graded, is superior in terms of overall appeal.

**\$1,500-\$2,500**

## Extremely Rare “Lucy Pickens” Uncut Sheet

10152

**Uncut Sheet of (4) T-65. Confederate Currency. 1864 \$100. PMG About Uncirculated 53.** We had the privilege of selling this sheet in our Spring 2019 Baltimore sale where we described it as “PF-3. No. 96187. Plate A-B-C-D. Strong color. A remarkable uncut sheet on this appealing 1864 \$100 Lucy Pickens design type. Mrs. Pickens is seen at center, the wife of the Governor of South Carolina. Arms and Artillery at lower left and George Randolph at lower right. A previous sale of an uncut sheet of this type numbered 96249 was sold in a Heritage 2007 sale where

it was described as “In 2004, Fricke estimated there might be 6-10 T65 \$100 uncut sheets of four. We’ve only ever laid eyes on two, including this piece.” That lot brought \$10,575, we would expect a similar realization here. PMG mentions “Stains,” in the comments section of the holder which are mostly small and not overly offensive.” It brought \$8,700 in that sale, a figure likely to be reach or even exceeded this evening.

**\$8,000-\$12,000**

10153

**T-66. Confederate Currency. 1864 \$50. PMG Gem Uncirculated 65 EPQ.** No. 91971. Plate Ax. Imprint of Keatinge & Ball, Columbia, SC. Portrait of Jefferson Davis at center. Somewhat darker red undertint. Seen with sizeable margins and exceptional centering. In our Spring Baltimore sale this year, we sold another PMG Gem CU 65 EPQ for

\$780. A search of our Auction Archives shows that we have only sold a single better example. That PMG Gem CU 66 EPQ sold years ago for just under \$1,200.

**\$900-\$1,200**

## Serial Number 2 T-69 \$5

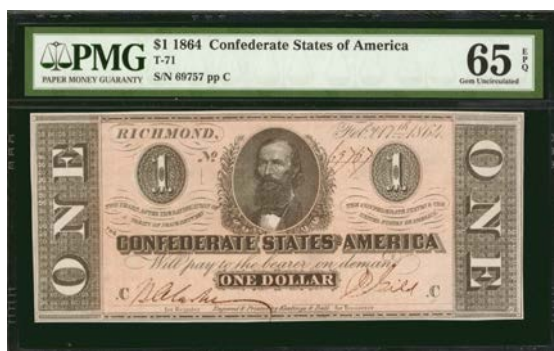

10154

**T-69. Confederate Currency. 1864 \$5. PMG About Uncirculated 55. Low Serial Number 2.** No. 2, Plate E. This is the lowest serial numbered Confederate note we have had the pleasure of offering. A bold serial number 2 is neatly penned in the upper right of this well printed and lightly handled 1864 Five. The underprint is bold pink in color and the lithographed

design elements are dark and sharply detailed. The boldly penned issuing signatures of King and Fuller are featured on this note. This is a fascinating Confederate note and would be a flashy addition to an advanced type set.

**\$4,000-\$6,000**

10155

**T-71. Confederate Currency. 1864 \$1. PMG Gem Uncirculated 65 EPQ.** No. 69757, Plate C. Boldly printed inks and vividly detailed design elements are featured on this bright, crisp and evenly margined 1864 Ace.

**\$600-\$800**

10156

**CT-XXI-C1. Confederate Currency. 1861 \$20. Bogus Note. PMG About Uncirculated 53.** No. 14180, Plate A. Back F. C1 variety with no watermark. Female riding deer vignette at center. Indian smoking pipe at lower left. Orange overprint. A postwar fantasy piece that has become an integral part of the lexicon of Confederate types. Common in Fine and Very Fine grades but decidedly scarcer at the AU and CU grade levels. Of the sixty or so that PMG has graded of this generic type, only three have received a CU grade. A couple of months ago we saw a PMG Ch. Unc 64 sell for \$1,800.

**\$800-\$1,200**

## LARGE SIZE

### LEGAL TENDER NOTES

10157

**Fr. 16c. 1862 \$1 Legal Tender Note. PMG Uncirculated 62.** This note retains remarkable green color of the under-printed designs and bright red overprints. A tight lower margin is most likely the cause for the grade.

**\$1,000-\$1,500**

10158

**Fr. 16c. 1862 \$1 Legal Tender Note. PMG Choice About Uncirculated 58.** Full frame lines and plentiful margins are featured on this brilliantly printed 1862 Ace. Plenty of natural paper wave is noticed along with traces of original plate embossing. PMG comments "Small Tear" on the back of the holder.

**\$1,000-\$1,500**

*From the August Nagy Collection.*

10159

**Fr. 18. 1869 \$1 Legal Tender Note. PMG Choice Uncirculated 64 EPQ.** One of the most distinctive series of federal notes, the 1869 Legal Tenders are affectionately referred to as Rainbow Notes for their polychromatic designs and blue-tinted paper. They are very popular with collectors for their lovely colors. This Rainbow Ace features broad margins and wonderfully rich hues of green, red and blue throughout. The engraved design elements are sharply printed and vividly detailed. This is a wonderful example of this ever popular design type.

**\$3,000-\$5,000**

*From the August Nagy Collection.*

10160

**Fr. 26. 1875 \$1 Legal Tender Note. PMG Choice Uncirculated 63.** A nice example of this Floral \$1 Ace, as it is seen with excellent colors and overall eye appeal.

**\$800-\$1,200**

10161

**Fr. 41. 1862 \$2 Legal Tender Note. PMG About Uncirculated 55.** These 1862 Two Dollar notes are simply rare in higher grades with all varieties considered. Even attractive About Uncirculated notes such as this are very scarce. Just a touch of circulation mentioned here and otherwise extremely bright with dark green color of the protectors and counter as well as bold overprinted details. PMG comments "Previously Mounted," which appear to be located at the top back corners.

\$1,500-\$2,500

10162

**Fr. 42. 1869 \$2 Legal Tender Note. PMG Uncirculated 62.** A lovely example of this Rainbow Deuce that displays excellent colors. While the side margins are very tight as PMG comments "Trimmed, Pinholes" the overall eye appeal is still very pleasing.

## Finest Graded 1863 Fr. 150 \$50 Legal Tender Note

10176

**Fr. 150. 1863 \$50 Legal Tender Note. PCGS Currency About New 50 PPQ.** We had the pleasure of offering this trophy 1863 \$50 Legal Tender Note in our 2018 March Baltimore sale as part of the Joel R. Anderson Part I collection where we described it as: "This is one of the most important notes in the Joel R. Anderson Collection. Just ten examples of this 1863 \$50 Legal Tender Note are known to the collecting public, with most coming from a short serial number run of high grade notes. This example, bearing serial number 13314, is from that group and is the finest among them to be certified by either PCGS or PMG.

The note is well-framed and nicely cut for the type. The side profile portrait of Alexander Hamilton is sharply detailed and darkly inked. Bold color is seen in the green border prints and ornate security panel. The Treasury Seal and serial number display bold cherry red ink. The face design is similar to the First Obligation, but now with NEW SERIES lettered. The back has the Second Obligation wording. The paper is wholesome, displays only light hints of circulation, and is well deserving of its PPQ designation from the grading service. We sold the example consecutive to this one in our August 2013 ANA auction. That note, graded Extremely Fine 40 by PCGS realized \$176,250. This presently offered note last traded publicly in June 2011 when it sold for \$253,000.

This is another important treasure of the Anderson Collection, again, the best any collector may own.

**\$50 Legal Tender Notes, Series of 1863, Second Obligation**

This beautiful variety is best known to collectors through pictures in catalogs such as the Friedberg and Bowers studies or by viewing the specimen from the Bebee Collection on view at the American Numismatic Association Museum in Colorado Springs. Few have ever had the opportunity to see or bid on one in person.

Of the 32,000 printed, nearly all are long since gone, as noted above. The present variety has the usual Chittenden-Spinner signatures (in office together from 1861 to 1864), the old American Bank Note Company patent date of 30 June 1857 (but not identified as to origin), and "NATIONAL BANK NOTE COMPANY" at top border. New Series 1. The note sold for seemingly great value when it realized \$204,000 in that sale. High end type note rarities have been notably absent from the marketplace with the conclusion of the four Anderson sales.

## INTEREST BEARING NOTES

### Unique Fr. 212f 1865 \$500 Interest Bearing Note

Lot 10177

10177

**Fr. 212f. 1865 \$500 Interest Bearing Note. PMG Very Fine 25.** We had the pleasure of offering this trophy 1880 \$500 Silver Certificate in our 2018 ANA sale as part of the Joel R. Anderson Part II collection where we described it as: "There were 175,682 \$500 Interest Bearing Notes printed for the June 15, 1865 issue, yet today just this one example remains. It is unique as a design type. A portrait of Alexander Hamilton is at center while a large mortar is in an oval frame at the lower left and George Washington is portrayed within an oval frame at the lower right. Large green Roman numeral Ds flank Hamilton's portrait and a large green security panel is at bottom center. These notes bore interest at a rate of ten cents per day or 7.3% per annum and were payable semi-annually. The printed signatures of Colby and Spinner are found in the signature spaces. A red spiked Treasury Seal is at right while blue printed serial numbers are to the lower left and upper right.

This note appears to have an untold story in its history as it seems to have originally been issued and redeemed as serial number 78116. Somehow the note escaped the Treasury after redemption and the last digit of the serial number was removed in an attempt to redeem the note again. Furthermore, the name of the payee was removed from the face as well. It appears the Treasury Department caught on to the plot and added the correct serial number in handwritten ink below the right serial number. The note was also punch cancelled multiple times in order to permanently cancel it. An inked inscription on the back of the note states "Writing has evidently been removed from the payee mark on this note SMC June 26/68." It is likely that the inscription

comes from National Currency Bureau head Spencer Clark. One coupon is still attached at the right edge, its serial number also altered. A portion of the bottom left margin of the note is absent and a number of small pinholes can be seen when the note is candled. The grading service makes mention of restored splits on the back of the holder. Any restorations have been deftly executed.

Not only is this note unique, it has an interesting story to go with it. Perhaps in the National Archives there is some information about its redemption and re-redemption. We are not aware of any other note with a similar scenario.

This note was last offered publicly in a February 2005 auction where it realized \$115,000. We expect that realization to be eclipsed when the final bid is called for this lot."

The note realized \$336,000 in that sale. The note has since been crossed over into a PMG holder with comments: "Serial Number Altered, Payee Erased, Cancelled, Minor Repairs." This represents a great opportunity to acquire one of the most elite United States Type Notes in existence and one with a remarkably illustrious pedigree history.

Ornate bordering devices and geometric lathe work are quite

\$1,500-\$2,500

10218

Fr. 757. 1918 \$2 Federal Reserve Bank Note. Cleveland. PMG Choice Uncirculated 64. An impressive three digit serial number Battleship note found with sharp and pleasing detail throughout. Close inspection reveals well embossed and original paper which leaves us curious as to why PMG did not apply a "EPQ" designation. One of the most desirable Two Dollar designs and always in demand at any grade level.

\$1,750-\$2,750

10219

Fr. 760. 1918 \$2 Federal Reserve Bank Note. Richmond. PMG About Uncirculated 55. Two digit serial number of E80A. An elusive district in general for this 1918 Two Dollar Battleship series and scarce in higher grades. The note is found with pleasing margins that house a well inked impression of the design with particular focus on the back being seen in a deep hunter green color.

\$1,500-\$2,500

10220

Fr. 760. 1918 \$2 Federal Reserve Bank Note. Richmond. PMG Extremely Fine 40. Bright well margined paper is featured on this modestly circulated Battleship from the Richmond Federal Reserve district.

\$800-\$1,200

10221

Fr. 764. 1918 \$2 Federal Reserve Bank Note. Atlanta. PMG Extremely Fine 40. One of the scarcer signature combinations on this tougher district deuce, and in a pleasing mid-level grade. The New York class battleship is prominently featured on the reverse of this note. PMG comments "Pinholes."

\$800-\$1,200

10222

Fr. 767. 1918 \$2 Federal Reserve Bank Note. Chicago. PMG Choice Uncirculated 64. Radiant inks throughout the entire design truly bring life to this very popular design. The centering is excellent on both sides. A really nice example.

\$1,750-\$2,750

10223

Fr. 772. 1918 \$2 Federal Reserve Bank Note. Minneapolis. PMG Choice Uncirculated 63. A stunning example of this 1918 Two Dollar Battleship note from the Minneapolis district. The paper is fresh, embossing is punch through and the centering is more than acceptable for the assigned grade.

\$1,500-\$2,500

10224

**Fr. 774. 1918 \$2 Federal Reserve Bank Note. Kansas City. PMG Choice Uncirculated 64 EPQ.** A well centered fully original Kansas City Battleship seen with nice margins and bold impressions. Great front to back registration with the eye appeal of a gem.

**\$2,000-\$3,000**

10225

**Fr. 776. 1918 \$2 Federal Reserve Bank Note. Dallas. PMG Choice About Uncirculated 58.** An attractive Deuce from the Dallas district, this example shows with great color and bright paper.

**\$1,250-\$1,750**

## Finest Known Fr. 779 \$2 Battleship - San Francisco

10226

**Fr. 779. 1918 \$2 Federal Reserve Bank Note. San Francisco. PMG Gem Uncirculated 65 EPQ. Courtesy Autographs.** An issue that always finds its way into any collection as the vignette of a New York class battleship at the back is highly impressive. This piece shows with an additional asset with a penned

autographs by Clerk and Calkins. Strong technical quality helps confirm the grade with deeply embossed overprints and nice margins. This note sits atop the PMG population report with none finer.

**\$4,000-\$6,000**

10227

**Fr. 805. 1915 \$5 Federal Reserve Bank Note. Dallas. PMG Very Fine 25.** A tough \$5 FRBN variety from the Dallas district featuring the Teehee-Burke, Hoope-Van Zandt signature combination. This pleasing mid-grade example is nicely framed by wide margins and all of the

design elements are sharply printed in bold inks. PMG has graded just 12 examples of the catalog number.

**\$1,500-\$2,500**

## Exceptional Choice Uncirculated 1915 \$20 Federal Reserve Bank Note

10228

**Fr. 824. 1915 \$20 Federal Reserve Bank Note. Chicago. PMG Choice Uncirculated 63 EPQ.** This is a difficult Friedberg variety to obtain in Uncirculated grades. This amply margined and darkly printed \$20 displays all of the qualities one could ask for in a high grade type note. Bold overprint embossing and

natural paper wave are seen from the back of the note. The note faces up as a full Gem, but a corner tip fold at top left is the cause for the assigned grade. We believe the price will reflect its overall eye appeal as well as the assigned grade.

**\$8,000-\$12,000**

## FEDERAL RESERVE NOTES

### Scarce 1914 \$20 Red Seal Proof

10229

**Fr. 956a. 1914 Red Seal \$20 Federal Reserve Note. Richmond. PMG Choice Uncirculated 63. Front & Back Proofs.** Face and back proofs on India paper mounted within frame. Pasted on Treasury Seal and seven-digit solid zero serial numbers. Impression for both face and back produced by the final plates

for which circulating notes were also produced. Some slight aging is observed but the overall appeal is tremendous. PMG comments "Previously Mounted." Would pair incredibly well with the \$50 in the next lot.

**\$5,000-\$7,000**

## Lovely 1914 \$50 Red Seal Proof

10230

**Fr. 1016a. 1914 Red Seal \$50 Federal Reserve Note. Richmond. PMG Choice Uncirculated 63 & Uncirculated 62. Front & Back Proofs.** Face and back proofs on India paper mounted within frame. Pasted on Treasury Seal and seven-digit solid zero serial numbers. Impression for both face and back produced by the final plates for which circulating notes were also produced. Some slight aging is observed but the overall

appeal is tremendous. PMG comments "Previously Mounted, Previously Mounted, Stains." We sold the \$5 from the same district which was part of the Caine collection in March of 2019 for \$8,400. An amazing opportunity to obtain a very difficult and seldom offered proof.

**\$6,000-\$8,000**

10232

**Fr. 1046. 1914 \$50 Federal Reserve Note. Atlanta. PMG Choice Uncirculated 64 EPQ.** A scarce design to locate in Uncirculated grades with this bright FRN showcasing this large size Grant \$50 layout with exceptional detail. Nice inks make up both the primary design and overprints and the face to back registration is quite nice.

**\$2,000-\$3,000**

10231

**Fr. 1043. 1914 Richmond \$50 Federal Reserve Note. Richmond. PCGS Currency Very Choice New 64.** Superb centering is displayed by this crisp \$50 FRN that is from a small run of consecutive notes from the Richmond district. The overprints are deeply inked in dark blue while the engraved design elements are sharply printed in great detail.

**\$3,000-\$4,000**

*Ex. Joel R. Anderson Collection*

## Important 1918 Philadelphia \$1,000 Federal Reserve Note

10233

**Fr. 1133-C. 1918 \$1000 Federal Reserve Note. Philadelphia. PMG Very Fine 30.** A design type which always receives strong attention from collectors when offered. The present piece offers detailed inks throughout the face and back designs. The note shows one of the more appealing depictions of our national bird at the center back with spread wings and talons clutching our nation's flag. Even and light circulation heighten the appeal

and pleasing margins for this typically narrowly framed note are welcomed. PMG comments "Minor Restoration," which are so well executed we cannot determine through the holder that location of the restoration. A certain highlight in any advanced collection.

**\$25,000-\$35,000**

## GOLD CERTIFICATES

10234

**Fr. 1173. 1922 \$10 Gold Certificate. PMG Choice Uncirculated 64 EPQ.** A terrific 1922 \$10 Gold Certificate that has the appeal of a Gem. The note is seen with a deep impression with ink tones that enhance all the intricate details. Broad and well above average margins and

centering are there and embossing of the overprints is evident looking through the holder.

**\$1,000-\$1,500**

## Choice New 1922 \$50 Gold Certificate

10235

**Fr. 1200. 1922 \$50 Gold Certificate. PCGS Currency Choice New 63 PPQ.** The imposing portrait of Ulysses S. Grant commands attention on this Choice New 1922 \$50 Gold Certificate. The note exhibits bright paper that has maintained

its full originality. The gold overprints are boldly printed while the orange printed back design retains its intended brilliance.

**\$6,000-\$8,000**

*Ex. Joel R. Anderson Collection*

## 1882 \$500 Gold Certificate

10236

**Fr. 1216. 1882 \$500 Gold Certificate. PMG Choice Fine 15.** A classic design which shows with a nearly full facing portrait vignette of Lincoln at left. Seen with quite pleasing appeal for the technical grade with still strong overprints. Although many pinholes are sighted they are mostly not obtrusive to the design.

PMG comments "Pinholes." The note shows with the earlier Lyons - Roberts signature combination and is quite less available than the later Teehee - Burke signed note.

**\$10,000-\$15,000**

10237

**Fr. 1225h. 1900 \$10,000 Gold Certificate. PCGS Currency Choice New 63. Hole Punch Cancelled.** These notes survive due to a fire at the Washington D.C. post office where they were being stored on December 13, 1935. In an effort to rid the fire of fuel to burn, papers were tossed from windows with these \$10,000 Gold Certificates raining down with

them. The presently offered example, which displays the Teehee-Burke signature combination, comes fully framed and well printed. Some minor stains and foxing are seen and the note is punch cancelled at the left end as so many of this type are.

**\$3,000-\$5,000**

## FRACTIONAL CURRENCY

### FIRST ISSUE

10238

**Uncut Strip of (4) Fr. 1230. 5 Cent. First Issue. PMG Gem Uncirculated 66 EPQ.** A strip of four from an original 20 note sheet. Superb centering, and massive boardwalk margins are seen. hard to imagine a finer block of four to exist.

\$900-\$1,200

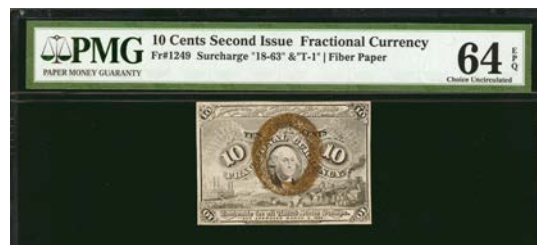

### SECOND ISSUE

10239

**Fr. 1235. 5 Cent. Second Issue. PMG Choice Uncirculated 64.** This is the only 5 cent fractional note that was printed on fiber paper. The margins and centering are somewhat better than what we see typically, as oftentimes there is one tight, or even trimmed, margin. This is precisely why gem and near-gem examples are so difficult to find. PMG has graded only three at the 64 EPQ grade level and one 66 EPQ above the current offering. In our Ford XIX sale, we sold a lovely Choice AU for over \$1,000. This PMG Choice Unc 64 EPQ is the finest example we have sold.

\$900-\$1,200

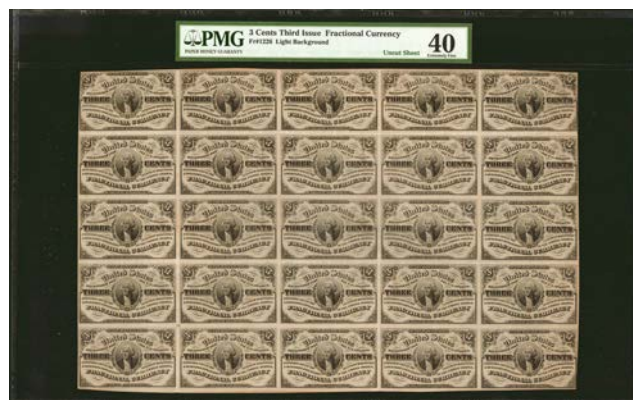

10240

**Fr. 1249. 10 Cent Second Issue. PMG Choice Uncirculated 64 EPQ.** One of the scarcer fiber paper issues, this with the "18-63" and "T-1" back surcharges. Boldly printed on the face, the front, and the surcharges are clear. The back is centered a little to the top, but the face has nice broad margins for the issue.

\$600-\$800

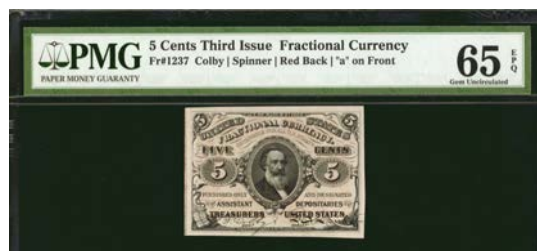

### THIRD ISSUE

10241

**Uncut Sheet of (25) Fr. 1226. 3 Cent. Third Issue. PMG Extremely Fine 40.** A very large full uncut sheet of 25 notes which will certainly be well received by the fractional collecting community. Light sheet folds make up the circulation with strong original paper throughout. All seen with the light background in the portrait. A rare item worthy of a premium bid. PMG Comments "Toned."

\$900-\$1,200

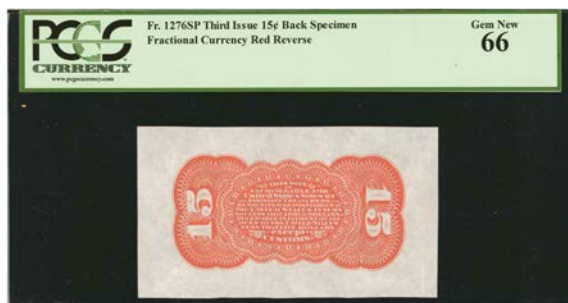

10242

**Fr. 1237. 5 Cent. Third Issue. PMG Gem Uncirculated 65 EPQ.** A surprisingly scarce note in grades Gem or better. Large even margins are observed along with some as made ink which is commented by PMG.

\$600-\$800

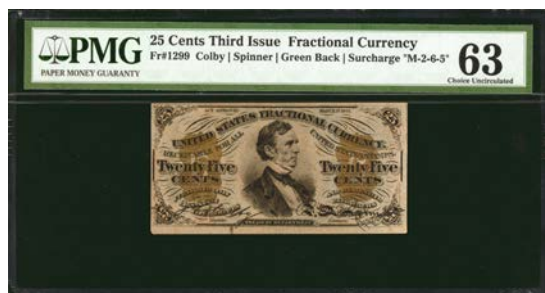

10243

**Fr. 1272spwmf & 1276SP. 15 Cents. Third Issue. Wide Margin Specimen & Back Specimen. PMG Gem Uncirculated 65 EPQ. Grant-Sherman wide margin specimen pair.** Both of these gem specimens are of the highest quality and should be seen very favorably by prospective

bidders. In our Spring Baltimore sale, we sold a Fr. 1274 wide margin pair that realized \$840. Both of those notes were graded AU. This pair should easily be worth double that amount.

**\$1,250-\$1,750**

10244

**Fr. 1299. 25 Cent. Third Issue. PMG Choice Uncirculated 63.** A classic fractional rarity that has solid bronze surcharge on face and which is printed on fiber paper. For whatever reason, the solid surcharge fiber paper Fessenden notes were printed on a much coarser and more brittle fiber paper. These are commonly seen in the Fine-Very Fine grade range with tears, paper chips, stains. PMG comments "As Made Ink."

10246

**Fr. 1333. 50 Cent. Third Issue. PMG Gem Uncirculated 66 EPQ.** Green back Spinner fractional with "1" on face position indicator. Deeply embossed with excellent centering and wonderful color. Tied for Top Pop at both grading services. No superb gem has been seen at public auction. High-grade Fractionals have definitely seen a resurgence in demand as of late and this charming piece should easily top our low estimate.

**\$1,000-\$1,500**

**\$1,000-\$1,500**

10245

**Fr. 1329. 50 Cent. Third Issue. PMG Gem Uncirculated 65 EPQ.** These Allison-Spinner hand-signed notes are easily ten times scarcer than their Fr. 1328 cousins with the Colby-Spinner signature combination. PMG comments that there is both Exceptional Paper Quality and Great Embossing. Utterly gigantic margins surround this note on all sides and the bronzing could light up a cloudy day. This note is the nicest Fr. 1329 we have sold. We sold an example from the Boyd collection which was a raw AU but still managed to sell shy of \$4,000 once the hammer fell.

10247

**Fr. 1337. 50 Cent. Third Issue. PMG Choice Uncirculated 64 EPQ.** Green back Spinner note with "1" position indicator and surcharges on the back. Top caliber pieces only seem to sell at auction when major collections are sold. Nearly Top Pop at PMG with a single Gem 65 EPQ better. That note sold several years ago for an average price of around \$2,500. This is such an underrated variety in AU and CU grades. Its Fr. 1338 sheet mate is hardly scarcer but would be worth a few thousand in this grade. A superior note.

**\$1,250-\$1,750**

**\$1,000-\$1,500**

10248

**Fr. 1340. 50 Cent. Third Issue. PMG Choice Uncirculated 64 EPQ.** Green back Spinner note with both “1” and “a” position indicators and Type II reverse. The bronze surcharges remain bright and the note is very well centered. If the top and bottom margins were a smidge wider, we have no doubt that extra points would have been added on to the grade. Only a handful of better pieces have been graded by PMG after close to fifteen years in business. With nice AU notes recently selling for around \$300 each, it should not be surprising if this note sails through our estimate on the path to glory.

**\$900-\$1,200**

10249

**Fr. 1342. 50 Cent. Third Issue. PMG Gem Uncirculated 66 EPQ.** Green back Spinner with “a” on face position indicator and Type II reverse. Crackling fresh paper is found on this better Spinner note. Wide margins are noted on all sides and the centering is really good. There are only two better notes graded by PMG. These are available enough up through the Choice CU grade level but become much more a condition rarity at gem and superb gem grades.

**\$1,250-\$1,750**

10250

**Fr. 1348. 50 Cent. Third Issue. PMG Choice Uncirculated 63.** Red back Justice. “A-2-6-5” surcharges on back. Only a single “1” and “a” position indicator is found on each sheet. A lovely, original piece with clearly visible embossing and fire engine red inks. The bronze surcharges on the face are bold and seen with intricate detail. Very scarce in Uncirculated grades.

**\$1,000-\$1,500**

10251

**Fr. 1349. 50 Cent. Third Issue. PMG Choice Uncirculated 64 EPQ.** Red back Justice note with “1” on face position indicator and surcharges on back. Only some margin tightness limits the assigned grade. The color is excellent and the bronze surcharges are as bright as a shiny new penny. Top Pop at PMG with no equals. Definitely a tougher Friedberg number in absolute terms but quite a challenge to locate in any uncirculated condition.

**\$900-\$1,200**

10252

**Fr. 1357. 50 Cent. Third Issue. PMG About Uncirculated 53 EPQ.** Justice notes were actually printed before the Spinner notes, and the Fr. 1357s were the first of this series. Seen with red back, Colby and Spinner autographs, and printed on red paper. They were all printed on November 14, 1864 and just over 3,000 notes were printed. This same note sold for just under \$1,000 as part of the Peter Gamble collection over a decade ago.

**\$800-\$1,200**

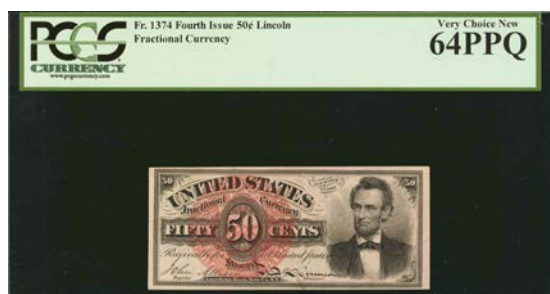

10253

**Fr. 1364. 50 Cents. Third Issue. PCGS Currency Gem New 65 PPQ.** Green back Justice with “1” on face position indicator and surcharges on back. Wonderful face margins and clearly original paper give this the appearance of an even better grade. PCGS had only graded a couple of notes a single point better. One PCGS Gem New 66PPQ sold in 2014 for over \$3,500. The first time this same note was auctioned a dozen years ago it realized \$1,500.

**\$1,250-\$1,750**

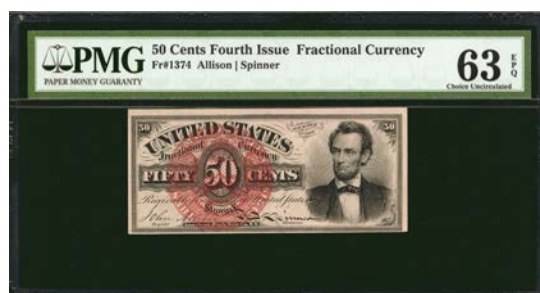

## FOURTH ISSUE

10254

**Fr. 1374. 50 Cents. Fourth Issue. PCGS Currency Very Choice New 64 PPQ.** This Fourth Issue Lincoln note is undoubtedly the most popular of all the major fractional currency types. It is well margined and with balanced margins. The eye appeal of this evening's offering is certainly that of a higher-graded piece. Gem and near-gem Lincolns almost always top the thousand-dollar mark when offered at public sale.

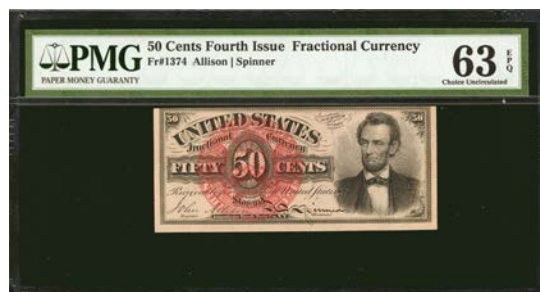

\$1,000-\$1,500

10255

**Fr. 1374. 50 Cent. Fourth Issue. PMG Choice Uncirculated 63 EPQ.** A crisp example of this popular 50 Cent Lincoln note which prominently features a boldly printed large red Treasury Seal.

\$600-\$800

10256

**Fr. 1374. 50 Cent. Fourth Issue. PMG Choice Uncirculated 63 EPQ.** This popular Lincoln fractional has three gigantic margins and a small fourth which accounts for the grade. As the years roll by, this type seems to slowly but surely appreciate in value.

\$800-\$1,200

## FIFTH ISSUE

10257

**Pack of (40) Fr. 1308. 25 Cents. Fifth Issue. Choice Uncirculated to Gem Uncirculated.** An impressive offering of this 25 Cent design in an original bundle of \$10 comprising 40 notes. An original band is included although seen with a minor tape repair. The notes are of impressive quality throughout with some showing terrific centering. A rare opportunity as these packs are becoming more and more scarce as they are often broken up for the sum of their parts.

\$1,750-\$2,750

## MILITARY PAYMENT CERTIFICATES

10258

**Military Payment Certificate. Series 611. \$10. PMG Gem Uncirculated 65 EPQ.** One of the finest we have handled for this elusive \$10 note. Deep inking throughout is welcomed and the detail is quite striking. Nicely margined and sure to attract attention.

\$800-\$1,200

10259

**Military Payment Certificate. Series 661. \$20. PMG Gem Uncirculated 65 EPQ.** A well centered \$20 with nice even margins both on the front and back.

\$800-\$1,200

## SMALL SIZE

## LEGAL TENDER NOTES

10260

Fr. 1500. 1928 \$1 Legal Tender Note. PMG Superb Gem Uncirculated 67 EPQ. Superb centering and registration are found on this high grade Legal Tender Ace. Deep overprint embossing is featured on the verso while the printed design elements are sharply detailed in dark inks. PMG has graded just four examples finer than the presently offered note.

\$1,000-\$1,500

10261

Fr. 1508★. 1928G \$2 Legal Tender Star Note. PMG Gem Uncirculated 65 EPQ. A sharply printed and well margined Clark-Snyder signed \$2 Legal Tender replacement note. Original serial number embossing is observed on this high-end Gem example.

\$700-\$900

10262

Fr. 1550. 1966 \$100 Legal Tender Note. PCGS Currency Superb Gem New 67 PPQ. Picture frame-like margins and stunning originality throughout on this popular 1966 \$100 Legal Tender design.

\$1,000-\$1,500

## SILVER CERTIFICATES

10263

Uncut Sheet of (12) Fr. 1600. 1928 \$1 Silver Certificate. PMG About Uncirculated 58. A total of 75 sheets were issued for the 1928 \$1 Silver Certificate series. While one of the larger sheet runs printed, seldom are they offered as many have been cut up and sold individually. Serial numbers 169 through 180. PMG Comments "Previously Mounted, Small Tear."

\$2,000-\$3,000

## Unique Uncut Sheet 1928A \$1 Silver Certificates

10264

**Uncut Sheet of (12) Fr. 1601. 1928A \$1 Silver Certificate.** PMG Choice Uncirculated 63. An extremely important item being offered to the collecting community this evening. According to the Schwartz and Lindquist reference, (75) sheets of the 1928, (3) 1928B, (11) 1928C, (60) 1928D, and (25) 1928E \$1 Silver Certificate sheets were printed and sold by the BEP. No information is known from the BEP regarding any 1928A

\$1 Silver Certificate sheet. To the best of our knowledge this is the only known 1928A \$1 sheet in existence. We do not know whether it was gifted or sold by the BEP, but we do know it exists! This sheet last sold in a 2014 auction for an impressive \$23,500. Truly, a landmark opportunity to own a very important numismatic treasure.

**\$15,000-\$25,000**

10265

**Lot of (2) Fr. 1609 & 1610. 1935A \$1 Silver Certificates. Experimental (S) & (R). PMG Choice Uncirculated 64 EPQ & Gem Uncirculated 66 EPQ.** A perfectly matched pair of these desirable Experimental notes with the “R” note representing the normal paper and the “S,” special paper. Both with nice centering and fully original paper throughout.

The 64EPQ looks every bit as nice as the 66EPQ note in this pair. In our spring Baltimore sale, we sold a PMG 65EPQ/66EPQ pair for just under \$1,500.

**\$1,000-\$1,500**

10266

**Lot of (100) Fr. 1621. 1957B \$1 Silver Certificates. Uncirculated. Original Pack.** A pleasing original pack of these 1957 One Dollar Silver Certificates that shows with just the lead and tail note showing a tip fold or two. Fresh and original throughout and with an original bank strap.

10268

**Fr. 1657★. 1953B \$5 Silver Certificate Star Note. PMG About Uncirculated 50.** In the early 1960s this final silver certificate series was released, although few of these stars seemed to make it into circulation. Before long, silver certificates were discontinued and thus a modern-day rarity was born. A really pretty example with boardwalk margins, bold printing quality, and dazzling blue inks. When one considers that half-decent Very Fines land around the \$1,000 mark and that the few CU pieces that materialize bring several thousand dollars, a pleasing AU note packs a lot of punch for the grade.

**\$2,500-\$3,500**

## Scarce 1934A Five Dollar Original Pack

10267

**Lot of (100) Fr. 1651. 1934A \$5 Silver Certificate. Choice Uncirculated. Original Pack.** This rare offering is one which will only become more difficult as time goes on as most have been broken down for the sum of their parts. This group shows with notes ranging from serial number K16065501A to K16065600A. An original BEP strap is included with a penciled date of 7-22-42.

**\$5,000-\$7,000**

## FEDERAL RESERVE NOTES

### 1995 \$1 Serial Number 1 Replacement - Dallas

10269

**Fr. 1922-K★. 1995 \$1 Federal Reserve Star Note. Dallas. PMG Gem Uncirculated 66 EPQ. Serial Number 1.** One of the most difficult to secure small-size notes are these serial number one stars. They rarely are available publicly and always attract major attention from bidders when available. As one would

expect, this note is pack fresh with excellent paper quality and eye appeal. With the demand for rare and quality material we would not be surprised if it reached or exceeded our estimate.

**\$15,000-\$25,000**

10270

**Fr. 1994-L, 2009 \$5 Federal Reserve Note. San Francisco. PCGS Currency Very Fine 25. Solid Serial Number.** Another outstanding solid serial number note which shows with the serial JL1111111A. Appealing for the grade with light even wear.

**\$800-\$1,200**

10271

**Fr. 2064-L, 1950E \$20 Federal Reserve Note. San Francisco. PMG Superb Gem Uncirculated 68 EPQ.** Of the three districts which produced notes from this short-lived series, San Francisco has always been considered the toughest one. Tied with one other for Top Pop at PMG. A wonderfully margined and perfectly centered example that also wields micrometer-perfect registration. In our ANA sale a couple of months ago, we sold a PMG Superb Gem Unc 67 EPQ for close to \$400. This far superior piece should triple that valuation.

**\$800-\$1,200**

## Exceedingly Rare Serial Number One Replacement

10272

**Fr. 2097-LSOI★, 2013 \$20 Federal Reserve Star Note. San Francisco. PMG Very Fine 25. Serial Number 1.** One of the most difficult to secure small-size notes are these serial number one stars. They rarely are available publicly and always attract major attention from bidders when available. This piece is interestingly circulated as the numismatic value was created the

instant the ink dried to the paper. A bit of ink it seen on the top right margin but does not largely distract the overall eye appeal. An important item for any dedicated collector of low numbered currency. PMG comments "Minor Ink."

**\$8,000-\$12,000**

10273

**Fr. 2103-D. 1934A \$50 Federal Reserve Note. Cleveland. PMG Choice Uncirculated 64 EPQ.** This is the single finest 1934A Cleveland \$50 to be graded by PMG. Additionally it is one of only two examples of the catalog number that they have graded in the uncirculated range. This example features original overprint embossing, plentiful margins and wholly original paper.

\$1,000-\$1,500

10276

**Lot of (2) Fr. 2150-D. 1928 \$100 Federal Reserve Note. Cleveland. PCGS Currency Very Choice New 64 PPQ.** A nice lovely consecutive pair of \$100's from the Cleveland district.

\$1,000-\$1,500

10274

**Fr. 2104-C★. 1934B \$50 Federal Reserve Star Note. Philadelphia. PMG Choice About Uncirculated 58.** A rare, early \$50 FRN star note that is one of the couple nicest known. It displays fresh and bright paper, with good color and bold inks. The only other example we have sold was a PCGS Fine 15 that went for more than \$500 two years ago. This note is in a completely different galaxy as that one and it should no doubt sell for multiples of the previously mentioned price.

\$2,250-\$2,750

10277

**Lot of (2) Fr. 2150-E. 1928 \$100 Federal Reserve Note. Richmond. PCGS Currency Choice New 63 PPQ. Consecutive.** These \$100 numerals from the Richmond district are seen with excellent embossing and paper quality. Seldom seen in consecutive pairs.

\$2,000-\$3,000

10275

**Fr. 2106-G★. 1934D \$50 Federal Reserve Star Note. Chicago. PMG Choice Very Fine 35 EPQ.** This Clark-Snyder signed \$50 Replacement note from the Chicago district is the finest example of the variety to be certified by PMG. In reality, just nine examples of the catalog number have been encapsulated by the grading service. This example displays modest circulation with bold inks and plentiful margins. The note easily earned the service's coveted EPQ designation.

\$800-\$1,200

10278

Lot of (2) Fr. 2150-F. 1928 \$100 Federal Reserve Note. Atlanta. PMG Choice Uncirculated 63 EPQ & Choice Uncirculated 64 EPQ. Consecutive. This pair of consecutive \$100's are from the much scarcer Atlanta district. Both notes are seen with relatively good front centering, but are a bit skewed on the back. Seldom offered in this state of preservation.

\$2,000-\$3,000

## \$500 Star Note - Chicago

10288

Fr. 2201-Gdgs\*. 1934 \$500 Federal Reserve Star Note. Chicago. PMG Very Fine 30. All replacement notes of these higher denominations are scarce and even so is the case with this Chicago district. They are simply rare in Uncirculated grades with PMG showing just two within that range and neither qualified for a Gem grade. A nice, bright example.

\$4,000-\$6,000

10289

**Fr. 2202m-B. 1934A Mule \$500 Federal Reserve Note. New York. PCGS Currency Very Choice New 64 PPQ.** This \$500 is superbly centered on front, but the skewed back is all that keeping this peach form grading Gem.

**\$2,000-\$3,000**

10290

**Fr. 2202m-G. 1934A Mule \$500 Federal Reserve Note. Chicago. PCGS Currency Very Choice New 64 PPQ.** A borderline Gem \$500 with excellent face margins. The back centering is skewed just enough to bump it out of the Gem category.

**\$2,000-\$3,000**

10291

**Fr. 2210-Edgs. 1928 \$1000 Federal Reserve Note. Richmond. PMG About Uncirculated 55.** These 1928 series notes, regardless of district, become exceedingly scarce at the Uncirculated level. The present piece borders on that state with just a hint of circulation and problem free paper for the grade. Strong inks and pleasing margins both aid in the appeal.

**\$2,500-\$3,500**

10292

**Fr. 2210a-F. 1928 DGS \$1000 Federal Reserve Note. Atlanta. **Fr. 2210-H. 1928 LGS \$1000 Federal Reserve Note. St. Louis. PCGS Currency Choice About New 55.** All light green seal \$1000 notes are difficult and particularly so in the higher grade levels. The note retains fully original paper throughout and shows stunning clarity of both the primary design and overprints. Nice embossing and with centering that borders ever so close to the Uncirculated grade.

**\$2,500-\$3,500**

10294

**Fr. 2211a-G. 1934 DGS \$1000 Federal Reserve Note. Chicago. PCGS Currency Very Choice New 64 PPQ.** This Chicago \$1000 displays excellent front margins and superb embossing of the seal and serial numbers. A slightly off center back is all that is causing this peach from grading Gem.

**\$3,500-\$4,500**

10295

**Fr. 2211-G. 1934 \$1000 Federal Reserve Note. Chicago. PMG Choice Uncirculated 64 EPQ.** Choice Uncirculated examples of these high-denomination notes are always impressive as they show the full detail and appeal of a powerful denomination. Terrific originality throughout and just a shift upwards in centering is all we see that would prevent a higher assigned grade by PMG.

\$3,000-\$4,000

10296

**Fr. 2212-G. 1934A \$1000 Federal Reserve Note. Chicago. PCGS Currency Very Choice New 64 PPQ.** This pack fresh \$1000 is seen with excellent inks and embossing throughout. Skewed front and back margins is all that keeps this note from a higher grade.

\$3,500-\$4,500

## HAWAII EMERGENCY NOTES

10297

**Fr. 2305. 1934A \$20 Hawaii Emergency Note. PCGS Currency Choice New 63.** A lovely Choice New example that lacks the centering for a higher grade, but is blessed with outstanding colors, inks, and original embossing.

\$700-\$900

## GOLD CERTIFICATES

10298

**Fr. 2400. 1928 \$10 Gold Certificate. PMG Gem Uncirculated 65 EPQ.** A pack fresh example of this small size type note that has a trio of wide margins, snow white paper, and blinding gold seal. There are plenty of high-grade gold certificates known but there never seems to be enough to satisfy collector demand.

\$1,000-\$1,500

10299

**Fr. 2402. 1928 \$20 Gold Certificate. PMG Gem Uncirculated 65 EPQ.** Well centered for this issue which is typically seen with much tighter margins. A well embossed impression of the design and eye catching gold overprints stand out on this gold certificate.

\$1,000-\$1,500

10300

**Fr. 2402★. 1928 \$20 Gold Certificate Star Note. PMG Extremely Fine 40.** A lightly circulated \$20 Gold Certificate replacement note that features bright paper and bold golden-yellow overprint inks. PMG comments "Closed Pinholes" on the back of the holder.

**\$1,250-\$1,750**

10303

**Fr. 2405. 1928 \$100 Gold Certificate. PMG About Uncirculated 55 EPQ.** Just faint circulation keeps the appeal quite high on this 1928 \$100 Gold Certificate. Nice centering and margins are welcomed along with bright overprints.

**\$2,000-\$3,000**

10302

**Fr. 2404. 1928 \$50 Gold Certificate. PMG Very Fine 30.** Modest circulation is displayed by this bright \$50 Gold Certificate. The overprint inks and engraved design elements are all deeply printed while the paper surfaces are free of any distracting characteristics.

**\$600-\$800**

10304

**Fr. 2405. 1928 \$100 Gold Certificate. PMG Choice Very Fine 35 EPQ.** A note that borders on an EF grade with original paper and lovely inks throughout.

**\$800-\$1,200**

## PMG Choice Uncirculated 63 \$500 Gold Certificate

10305

**Fr. 2407. 1928 \$500 Gold Certificate. PMG Choice Uncirculated 63.** With just around 110 pieces known, 1928 \$500 Gold Certificates are easily considered one of the key notes to any small size U.S. currency collection. Their scarcity is enhanced by the fact that from April 5, 1933 until April 24, 1964 these notes were illegal to own due to an executive order issued by President Franklin D. Roosevelt. PMG has graded just 10 in the Uncirculated category, three of which grade Choice

Uncirculated 63. This particular example is quite stunning with a deeply inked impression of the design. The universal back design which is also found on the Federal Reserve Note is quite sharp with a dark green hue generating a lovely contrast to the frosty white paper. A seldom encountered opportunity to acquire this monumental small size type in a lovely Choice Uncirculated grade.

**\$30,000-\$40,000**

## ERROR NOTES

### DOUBLED FACE PRINTING

#### Dramatic “Four Eyes” Doubled Print Error

10306

**Fr. 1911-I. 1981 \$1 Federal Reserve Note. Minneapolis. PMG Choice Uncirculated 63 EPQ. Doubled Print Error.** A wildly dramatic doubled print error is displayed on the face of this Series of 1981 \$1 FRN from the Minneapolis district. The second printing of this note is doubled so dramatically that it appears that George Washington has four eyes. This is one of

the most popular error forms to collectors and also among the rarest. This is easily one of the best examples of the error type we have seen. The inks are exceptionally printed and dark while ample margins frame the crisp note well.

**\$5,000-\$7,000**

## FOLDOVERS

10307

**Fr. 2027-B. 1985 \$10 Federal Reserve Note. New York. PMG Gem Uncirculated 65 EPQ. Fold Over Error.** A rather dramatic fold over error encompassing the right serial number and Treasury Seal is found on this Gem quality \$10 FRN. Broad margins and bold embossing are noted on this example.

**\$700-\$900**

## INKING ERRORS

10308

**Fr. 1951-A. 1928A \$5 Federal Reserve Note. Boston. PMG Choice About Uncirculated 58. Insufficient Inking Error.** An early Numeric \$5 FRN with a dramatic error at right. The Treasury Seal and right serial number is noticeably absent on this darkly printed Five. The grading service has called this an Insufficient Inking Error but in our opinion it more resembles an Obstructed Printing Error. In either case it is a fascinating vintage error. PMG comments "Small Tear" on the back of the holder.

## OBSTRUCTION ERRORS

## Wild Retained Obstruction Error

10309

**Fr. 1978-G. 1985 \$5 Federal Reserve Note. Chicago. Choice About Uncirculated. Retained Obstruction Error.** This is hands down one of the coolest error notes this cataloger has ever encountered and it is easily one of the most dramatic retained obstruction errors ever to be offered at auction. This Series of 1981 \$5 FRN from the Chicago district encountered a large piece of tape backed plastic before its third printing. The plastic stuck to the note and received the entire left serial number, Treasury Seal at right and three out of four district numbers. The note, large plastic strip and the tape that adhered the two together are all found here. There is prominent overprint embossing

displayed on both the plastic strip and the tape below it. There is paper toning and a couple of small internal tears that are “as made” or at least as a result of the error itself. The toning is from the tape while the small tears are from the added pressure where the Treasury Seal should have been printed. The note itself is broadly margined and deeply embossed. Just a modest amount of handling can be observed. We have made the decision to offer this note “raw” as we believe this note could not be fully appreciated if it were entombed within a third-party slab.

**\$6,000-\$8,000**

## NATIONAL BANK NOTES

### PROOFS & SPECIMENS

10310

**1882 \$5 Brown Back National Currency State Shields. PA, NJ, VA & NC. Uncirculated.** Hessler-Unlisted. No plate letter. Printed on India paper, mounted on wide margin paper. Very unusual layout, as this is a partial progress proof of the back of four 1882 \$5 Brown Backs. The states shields included are Pennsylvania, New Jersey, Virginia and North Carolina. Also, in the lot is a single die proof of the New Jersey state shield. All in impeccable condition and the first we have ever seen.

**\$1,000-\$2,000**

### ALABAMA

10311

**Eufaula, Alabama. \$10 1882 Brown Back. Fr. 487. The Commercial NB. Charter #5024. PMG Choice Very Fine 35 EPQ.** While 24 large are reported on this scarcer Barbour County bank, this is the first reported Brown Back. The bank opened in 1895 and issued 1882 Brown Backs, Date Backs, 1902 Plain Backs, and 1929 Type I & II series notes. Brown Backs are fairly scarce for the entire state of Alabama, with just over 105 known examples in all denominations. This note shows with superb ink tones, and well penned signatures. Overall, a lightly circulated note that faces up a tad better than the assigned grade.

**\$1,250-\$1,750**

## ALASKA

## Ketchikan, Alaska Small Size Five

10312

**Ketchikan, Alaska. \$5 1929 Ty. 1. Fr. 1800-1. The First NB. Charter #12578. PMG Extremely Fine 40.** All Alaskan National Currency notes are highly prized by collectors. Such will be the case for this modestly circulated and darkly printed Type-1 \$5 from this small size only Ketchikan bank. This note had been the finest graded note known on the bank until the appearance of a PMG Gem Uncirculated 65 EPQ Star Type-2 \$5 which sold in our 2018 ANA auction for an astounding \$90,000.

Still it remains the second finest example certified for the bank. The current census stands at approximately 35 for this bank that was chartered in September of 1924. A significant small size National which would be a jewel in many collections. Few notes from this bank are found in grades of Very Fine or better and this example is among the best of the best available.

**\$12,500-\$17,500**

## CALIFORNIA

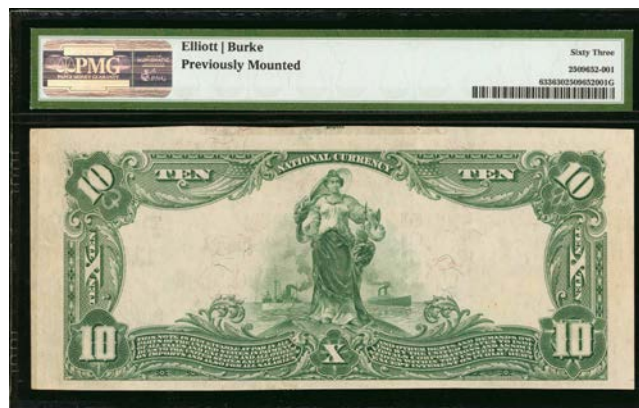

10313

**San Rafael, California. \$20 1929 Ty. 2. Fr. 1802-2. The First NB. Charter #12640. PMG Choice Very Fine 35.** A well presented Type-2 \$20 from this tough small size only Marin County bank. Ample margins

and sharply printed design elements are featured on this modestly circulated note. This is one of just 15 notes now known on the charter.

**\$2,000-\$3,000**

## Newly Discovered Serial Number 1 Elsinore Ten

10314

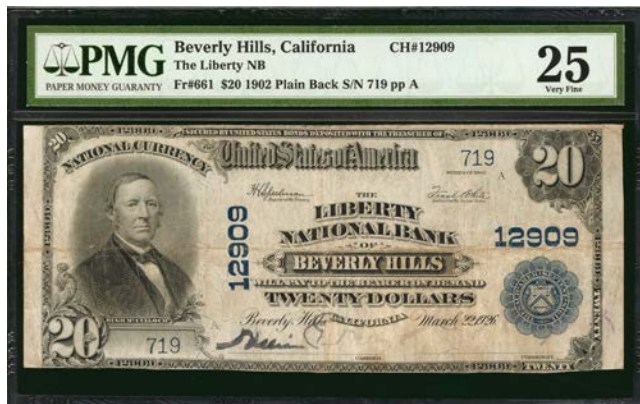

**Elsinore, California. \$10 1902 Plain Back. Fr. 633. The First NB. Charter #11922. PMG Choice Uncirculated 63. Serial Number 1.** A wonderful new discovery note that comes to us from this rare Riverside County bank. This serial number 1 \$10 Plain Back becomes just the fifth large size note known on the bank. No other large size serial number 1 notes are reported. Despite a total issuance of \$264,900 (including both large and small size), by 1935 only \$1240 worth of large notes were outstanding on the charter. The bank was chartered in 1921 and issued Series of 1902 Plain Backs as well as Type-1 and Type-2 small size notes in denominations of \$10 and \$20 through the end of the National Currency era.

The note comes bright, sharply printed and fully framed. Boldly penned issuing manuscripts are found in the signature panels. The all important serial number 1 is prominently displayed in the panel in the bottom left of the note. Original overprint embossing is easily observed from the back of the note. PMG comments "Previously Mounted" on the back of the holder, though any mounting residue appears limited to the margins of the note. This is an exciting new offering from well collected Southern California and a note that should enjoy considerable bidder interest when it crosses the block.

**\$12,500-\$17,500**

## Scarce Beverly Hills Charter

10315

**Beverly Hills, California. \$20 1902 Plain Back. Fr. 661. The Liberty NB. Charter #12909. PMG Very Fine 25.** Beverly Hills had two issuing financial institution, this example is from the scarcer bank which has just six large reported to the current census. The bank was only in business for less than 18 months,

failing in August of 1927. A PCGS 25 \$20 sold in a 2012 auction for \$8,800. This note is seen with even circulation and nice eye appeal.

**\$7,000-\$9,000**

10316

**Beverly Hills, California. \$5 1902 Plain Back. Fr. 606. The First NB. Charter #11461. PMG Extremely Fine 40 EPQ.** This is always a highly coveted title, even with just over three dozen large size notes in the census. This bank was originally chartered in July 1919 as the National Bank of Beverly Hills, but never issued paper money. Then in November of that year the name was changed to First National Bank, and it issued \$5 Plain Backs along with \$5 Small Size before being placed into receivership in 1932. Superb signatures and colors. Likely the finest known on the bank, and the finest graded ever offered in auction.

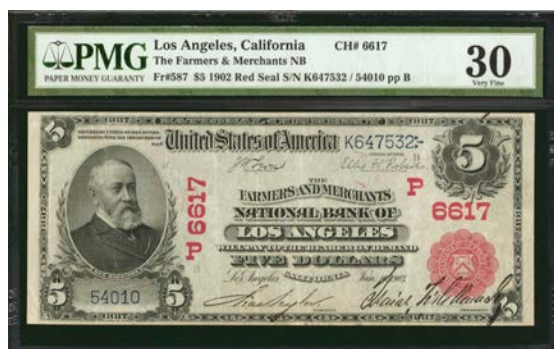

**\$4,000-\$6,000**

10317

**El Monte, California. \$10 1902 Plain Back. Fr. 624. The First NB. Charter #6993. PMG Very Fine 20.** One of Los Angeles County's scarcest banks, with just four large size examples known according to Track & Price. Only two of those notes have ever sold at public auction. This note sold once in 2004 for \$3,680 and most recently in 2018 for \$4,320. The note grades a pleasing Very Fine. A must have for California collectors.

**\$5,000-\$7,000**

10318

**Los Angeles, California. \$5 1902 Red Seal. Fr. 587. The Farmers & Merchants NB. Charter #6617. PMG Very Fine 30.** Great color and freshness, with boldly printed red charter numbers nicely embossed through to the back. The stamped bank signatures are bold, while the note overall is nicely centered and well margined. A delightful Red Seal and most likely the finest of the 33 or so reported examples.

\$1,500-\$2,500

10319

**El Monte, California. \$10 1929 Ty. 1. Fr. 1801-1. The First NB. Charter #6993. PMG Choice Very Fine 35.** A pleasing Very Fine example from this highly desirable Los Angeles County location. Just 15 small size examples are known according to Track & Price, with this example being the finest to ever have crossed the auction block.

\$600-\$800

## Rare Small Size Venice, CA

10320

**Venice, California. \$20 1929 Ty. 1. Fr. 1802-1. The First NB. Charter #10233. PMG Very Fine 20.** Just three small size notes are reported on this rare Los Angeles County bank. Appearances are seldom as this note last sold in a 2009 auction for \$8,000.

Since then, just one other example has sold, a damaged \$20 graded PMG Fine 15.

\$5,000-\$7,000

## Rare Large Size Venice, CA

10321

**Venice, California. \$20 1902 Plain Back. Fr. 654. The First NB. Charter #10233. PMG Very Fine 20.** Southern California collectors will be excited to get a chance at another Venice blue seal. The reported grades range of the four reported are from Fine 15 to Very Fine 30. This new one falls right in the middle. Venice was only founded in 1905 and by 1926 it had joined to become part of the city of Los Angeles. It was originally built as a tourist attraction and weekend destination for the residents

of Los Angeles. The town population increased from 10,000 to 150,000 people. Just one national bank was needed to serve the financial needs of the full-time population. The bank issued less than 3,500 sheets of large size notes. Many banks with similar issuances are not so lucky to have four attractive survivors available to collectors.

**\$10,000-\$15,000**

## Rare Loma Linda, CA. 1929 \$5 Uncut Sheet

10322

**Uncut Sheet of (6) Loma Linda, California. \$5 1929 Ty. 2. Fr. 1800-2. The First NB. Charter #13332. PMG About Uncirculated 55 EPQ.** A very welcomed new addition to the census for this scarce San Bernardino County bank. While 13 notes are known according to Track & Price, auction appearances are seldom. Just three smalls have sold in the last 20 years, with

only one of those being a PMG Very Fine 30 type 2 \$5, which just sold for \$3100 in a September 2019 auction. This sheet, graded PMG 55 EPQ shows with excellent paper originality and eye appeal. With VF single notes selling for \$3,000 we can safely expect this sheet to reach or even exceed our estimate.

**\$15,000-\$25,000**

## FLORIDA

10323

**Fernandina, Florida. \$5 1902 Plain Back. Fr. 601. The First NB. Charter #4558. PMG Very Fine 25.** A scarce and highly desirable Nassau County note which shows with nice appeal and pleasing signatures. The first large size we have offered in few years. A real peach.

\$1,000-\$1,500

## ILLINOIS

### Unique Illinois \$5 Brown Back Sheet

10324

**Uncut Sheet of (4) Shelbyville, Illinois. \$5 1882 Brown Back. Fr. 474. The First NB. Charter #2128. PMG Choice Very Fine 35.** A fascinating uncut sheet of \$5 Brown Backs from this Shelby County bank that was chartered in October of 1873. These fives were printed four to a sheet and 4,075 sheets were printed. Uncut sheets like this are rarely seen. It is the only \$5 brown

back sheet known for the entire state. The notes individually would all grade Extremely Fine. Bright inks and original paper surfaces are observed. Both top and bottom selvage remain. An interesting piece of Illinois banking history.

\$12,500-\$17,500

## INDIANA

## First Ever Public Offering- Fremont, Indiana \$20 Plain Back

10325

**Fremont, Indiana. \$20 1902 Plain Back. Fr. 657. The First NB. Charter #10718. PMG Very Fine 25.** Prior to the discovery of this note, only a single note from this rare Fremont County bank was known. This is now just one of two large size reported on the bank, and the first to ever appear in auction. The First National Bank of Fremont was the sole issuing bank for the

town. It issued 1902 Date and Plain Backs, and 1929 Type 1 and II notes. It opened its doors in 1915 and issued just \$286,840 with a mere \$1,010 large outstanding in 1935. The note is seen with problem free paper, superb penned signatures, and excellent overall eye appeal.

**\$3,000-\$5,000**

## Serial Number 1 Indianapolis \$5 Brown Back

10326

**Indianapolis, Indiana. \$5 1882 Brown Back. Fr. 477. The Columbia NB. Charter #5845. PMG Choice Uncirculated 64. Serial Number 1.** A serial number 1 \$5 Brown Back from this capital city bank that is sure to excite collectors from the Hoosier State and beyond. This wonderfully appealing Indiana treasure comes to us from a rare Indianapolis bank that operated for just 11 years. The Columbia National Bank of Indianapolis was chartered in May of 1901 and went on to issue \$1,095,000 worth of Series of 1882 Brown Backs and Date Backs before being liquidated in January of 1912. This new to the census note raises the total number of notes known on the bank to a scant five examples. This is the only serial number 1 note known on the bank and also the first \$5 Brown Back to come forward on the charter.

This Plate A note is sharply signed and remarkably well preserved, almost certainly saved by one of the bank officers for being the first note "issued" by the bank. The engraved design elements are darkly inked and vividly detailed. Bold brown overprints are prominently displayed on the face, and at bottom left the all important serial number 1 is sharply presented in deep blue. The note is hand cut and still fully framed.

According to the National Bank Note Census this is just the eighth serial number 1 Brown Back known on Indiana and the only one known on the capital city. This represents a remarkable opportunity for \$5 Brown Backs collectors and state capitol city collectors alike. Expect stiff competition for this fresh to the market discovery.

**\$8,000-\$12,000**

## Choice Uncirculated \$10 Red Seal

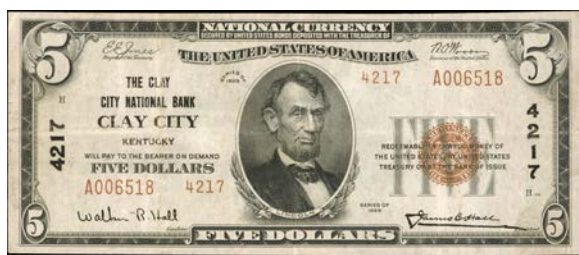

10327

**Indianapolis, Indiana. \$10 1902 Red Seal. Fr. 613. The Merchants NB. Charter #869. PMG Choice Uncirculated 63 EPQ.** Cherry red overprint inks are boldly embossed into the bright creamy white paper of this Series of 1902 \$10 Red Seal.

This example comes fully margined and with boldly stamped signatures. This is just the sixth Third Charter Red Seal known on the bank and it is by far the finest of that group.

**\$5,000-\$7,000**

## KENTUCKY

10328

**Clay City, Kentucky. \$5 1929 Ty. 2. Fr. 1800-2. The Clay City NB. Charter #4217. Very Fine.** This moderately circulated Type-2 \$5 becomes just the seventh small size note known on this tougher Powell County bank. Broad margins and sharply printed inks are observed on this example. This is one of just three Type-2 notes known on the charter.

**\$600-\$800**

## MARYLAND

10329

**Frederick, Maryland. \$20 1929 Ty. 2. Fr. 1802-2. The Citizens NB. Charter #3476. PMG Choice Uncirculated 63 EPQ.** A fully framed, sharply printed and well embossed Type-2 \$20 from this Frederick bank that is one of just eight Type-2 notes known on the bank. This has always been a well collected area of the state.

**\$800-\$1,200**

## MASSACHUSETTS

10330

**Attleborough, Massachusetts. \$10 Original. Fr. 412. The Attleborough NB. Charter #1604. PMG Fine 12.** This tough Attleborough bank issued First Charter notes only in denominations from \$1 to \$100. The bank was chartered in January of 1865 and issued only \$356,900 in notes before liquidating in July of 1885. Today just eight notes are reported to exist on the bank. This Original Series \$10 is the only example of that denomination known on the bank. PMG comments "Minor Repair" on the back of the holder.

\$1,500-\$2,500

PMG Choice Very Fine 35.** Vividly printed inks are presented on this lightly circulated \$10 Brown Back from Boston. The paper is broadly margined and bright with no distracting faults at all. Dark machine printed signatures of bank officers Davis and Williams are seen along the bottom. The Third National issued more than \$5.2 million in National Currency from April of 1864 to its liquidation on Christmas Eve of 1901.

\$800-\$1,200

10333

**Boston, Massachusetts. \$1 1875. Fr. 386. The Howard NB. Charter #578. PMG Very Fine 20.** Boldly signed bank officers' signatures are prominently featured on this mid-grade Boston Ace. Just four Series of 1875 \$1s are known from this large size only bank.

**Boston, Massachusetts. \$10 1875. Fr. 416. The Suffolk NB. Charter #629. PMG Very Fine 25.** A sharply printed Series of 1875 \$10 from this ultra rare Boston bank that becomes just the third note to come forward on the charter. This example comes on evenly circulated blue tinted security paper that displays a classic New England trim. Neatly penned bank officers' signatures are also featured on this well displayed First Charter note.

\$2,000-\$3,000

10335

**Boston, Massachusetts. \$10 1875. Fr. 416. The NB of North America. Charter #672. PMG Very Fine 30.** Bright moderately circulated paper is displayed by this sharply inked and boldly signed First Charter Ten. This Boston bank issued more than \$3.3 million in National Currency from the time of its chartering in December of 1864 until it was liquidated in December of 1898. Just 29 notes are known to remain from this large size only bank. This is one of just two Series of 1875 \$10s remaining.

\$2,000-\$3,000

10337

**Boston, Massachusetts. \$5 1882 Brown Back. Fr. 467. The Old Boston NB. Charter #1015. PMG Very Fine 30 EPQ.** A rare Boston bank represented by only a scant eight examples in the census. The appearance of this bright and lightly circulated \$5 Brown Back elevates that number now to nine. Sharp machine printed signatures are featured on this vividly printed and attractive note. PMG has added its highly desirable EPQ designation to the grade of this note attesting to its overall quality.

\$1,250-\$1,750

10336

**Boston, Massachusetts. \$1 Original. Fr. 380a. The National Union Bank. Charter #985. PMG About Uncirculated 55.** A bright and very attractive note. Boldly printed with excellent depth of color, fresh paper, and sharp penned signatures. The centering is excellent with the margins all comfortably complete. A small pinhole, tucked in the top left corner, is noted by PMG.

\$1,500-\$2,500

10338

**Boston, Massachusetts. \$5 Original. Fr. 397a. The State NB. Charter #1028. PMG Choice Fine 15.** A prolific issuer of National Currency, the State National Bank of Boston issued more than \$6 million in notes from the time of its chartering in April of 1865 until its ultimate liquidation in November of 1912. Even with such a large circulation, today only 31 notes are reported to survive in the census. This Original Series \$5 is the only such example known on the bank. It displays even circulation and sharply printed design elements along with boldly signed bank officers' signatures.

\$700-\$900

10339

**Boston, Massachusetts. \$5 1875. Fr. 404. The Manufacturers NB. Charter #2111. PMG Very Fine 20.** A well displayed First Charter \$5 from this Boston bank which exhibits darkly inked design elements and neatly penned bank officers' signatures. An internal tear is found at the center of the note as mentioned by the grading service on the back of the holder.

**\$600-\$800**

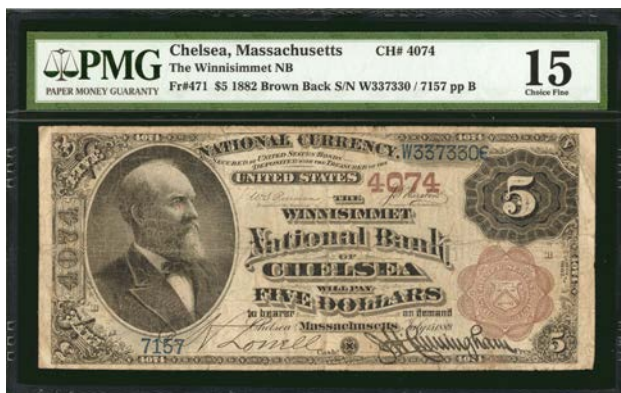

10340

**Boston, Massachusetts. \$20 1882 Date Back. Fr. 549. The South End NB. Charter #4202. PMG Very Fine 20.** Boston had more than 75 banks to issue National Currency and this bank is among the rarest of them. The South End National Bank of Boston issued nearly \$1.5 million in National Currency notes from January of 1890 until its liquidation in January of 1914. The Bank issued Series of 1882 Brown Backs and Date Backs along with Series of 1902 Date Backs. Today just five notes are known to survive from the bank. This Second Charter \$20 Date Back is a pleasing representation of the charter. Wholesome paper, vividly printed inks and strong stamped signatures are all found on this example.

**\$2,000-\$3,000**

## One of Two Known

10341

**Chelsea, Massachusetts. \$5 1882 Brown Back. Fr. 471. The Winnissimmet NB. Charter #4074. PMG Choice Fine 15.** This boldly printed \$5 Brown Back is just the second note to come forward from this ultra-rare Chelsea bank. The Winnissimmet National Bank of Chelsea issued \$5, \$50 and \$100 Brown Backs only totaling \$552,250 while operating from July of 1889 until February of 1907 when it was liquidated. This note comes darkly

inked with bold machine printed signatures. The paper displays even circulation and is broadly margined and pleasantly bright given the degree of circulation. The only other note known from the bank is also a \$5 Brown Back recorded to be in Fine to Very Fine condition. This is the first time a note from this bank has been offered for auction in at least the last 20 years.

**\$6,000-\$8,000**

10342

**Dedham, Massachusetts. \$5 1902 Plain Back. Fr. 609. The Dedham NB. Charter #12567. PMG Very Fine 25.** This mid-grade \$5 Plain Back is one of just six large size notes known on this tough Norfolk County bank. Boldly penned signatures are featured on this average circulated example.

\$700-\$900

10343

**Easton, Massachusetts. \$1 Original. Fr. 380. The First NB. Charter #416. PMG Choice Fine 15.** This is one of just four Original Series Aces known from this Boston bank. Bold penned signatures and fully framed, evenly circulated paper are observed on this example formerly from the Q. David Bowers Collection.

\$1,000-\$1,500

10344

**Fall River, Massachusetts. \$1 Original. Fr. 380a. The Metacomet NB. Charter #924. PMG Very Fine 25.** This is just the third reported \$1 Original Series note from this popular Bristol County bank. Excellent inks remain along with nicely penned signatures of the bank officers. A small split at the top center is noted as PMG comments "Split."

\$800-\$1,200

10345

**Haverhill, Massachusetts. \$5 1882 Brown Back. Fr. 469. The Second NB. Charter #3510. PMG Very Fine 20 Net. Previously Mounted, Stain.** Just six notes are known from this rare large size only Haverhill bank. This \$5 Brown Back displays even circulation and darkly printed design elements. The paper is quite solid for the grade with broad margins and mostly bright paper. PMG comments "Previously Mounted, Stain" on the back of the holder, though both are quite minor in scope.

\$2,000-\$3,000

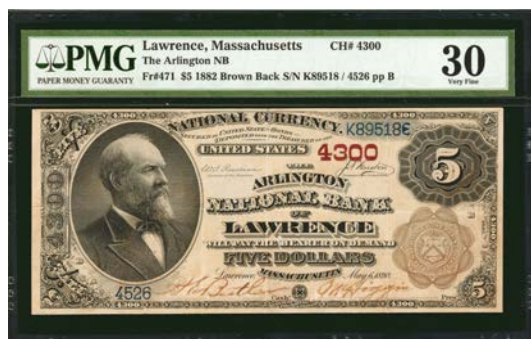

10346

**Hyannis, Massachusetts. \$5 1902 Date Back. Fr. 590. The First NB. Charter #1107. PMG Very Fine 30.** A wonderfully original \$5 Date Back from this popular Cape Cod locale. Machine printed signatures of bank officers Chase and Cook are displayed on this bright, mid-grade note. Bold overprint embossing and wholesome, well margined paper is noticed.

\$800-\$1,200

10347

**Lawrence, Massachusetts. \$5 1882 Brown Back. Fr. 471. The Arlington NB. Charter #4300. PMG Very Fine 30.** A mere six notes are reported to exist from this rare Lawrence bank. This charter issued Second Charter Brown Backs and Date Backs only between 1890 and 1910. The \$5 Brown Back offered here circulated only moderately during its time in the service of local commerce. The engraved design elements of this note are darkly ink and sharply detailed. The grading service cites a pair of minor faults including the redrawing of the signatures and charter number and a large split which is seen at top center.

\$1,250-\$1,750

10348

**Lowell, Massachusetts. \$10 1882 Brown Back. Fr. 486. The Traders NB. Charter #4753. PMG Choice Very Fine 35.** An exceptionally well printed \$10 Brown Back from this tough Middlesex County bank. Just seven notes are known to survive from the charter. Broad margins and modestly circulated paper are featured on this note. The grading service cites "Stains" on the back of the holder. They are fairly minor and found along the top and bottom edge of the note.

\$1,250-\$1,750

10349

**Lynn, Massachusetts. \$1 1875. Fr. 384. The First NB. Charter #638. Very Fine.** Sharply printed inks are displayed by this pleasing mid-grade Ace from this Lynn bank. Just 19 notes are reported from this large size only bank. The overprint remains boldly presented in deep red ink.

\$600-\$800

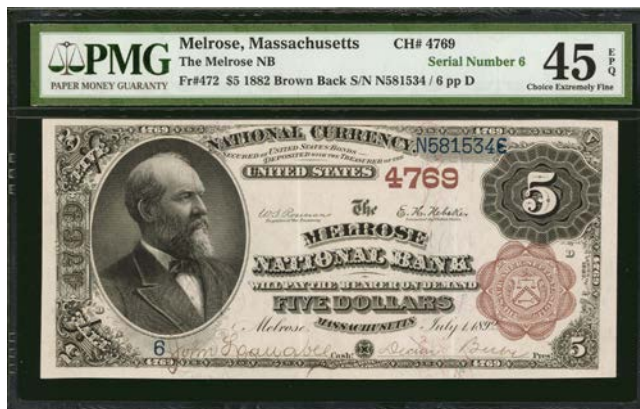

10350

**Lynn, Massachusetts. \$5 1902 Date Back. Fr. 591. The Lynn NB. Charter #3429. PCGS Currency Fine 15.** An incredibly rare Lynn charter with just two notes reported in the census. Only a Series of 1902 \$5 Red Seal and this Series of 1902 \$5 Date Back are reported to survive from the bank. The Lynn National Bank was chartered in 1886 and issued only \$371,190 in notes before Liquidating in September of 1915. While \$19,900 remained outstanding at close nearly all of that appears to have been redeemed or otherwise lost to history.

\$2,000-\$3,000

## Rare Melrose, MA \$5 Brown Bank

10351

**Melrose, Massachusetts. \$5 1882 Brown Back. Fr. 472. The Melrose NB. Charter #4769. PMG Choice Extremely Fine 45 EPQ. Low Serial Number 6.** Low serial number 6 is featured on this bright, well margined and boldly embossed \$5 Brown Back. The Melrose National Bank was the only bank in this Middlesex County town to issue National Currency. The bank issued a little more than \$1.45 million in National Currency during its time in operation from July of 1892 to January 1916. Today a grand total of \$10 is reported to exist in the census in the form

of two \$5 Brown Backs. This exceptional note appears to have escaped any real circulation but was thrice folded and stashed away for posterity by its owner who we can only assume had a close association with the bank. The other note known on the bank is a serial number 1 example graded Very Fine. This note has remarkable appeal and would be a great addition to any Massachusetts collection.

**\$5,000-\$7,000**

10352

**Merrimac, Massachusetts. \$5 1902 Plain Back. Fr. 598. The First NB. Charter #268. PMG Very Fine 30 EPQ.** This Essex County charter operated first as the First National Bank of Amesbury before later changing its name to the First National Name of Merrimac. The census records no known notes from the first title while just six large size notes and nine small size are known from the bank's second title. This pleasing \$5 Plain Back features bold stamped signatures and bright, moderately circulated paper that was easily deserving of the grading service's assigned EPQ designation.

**\$1,000-\$1,500**

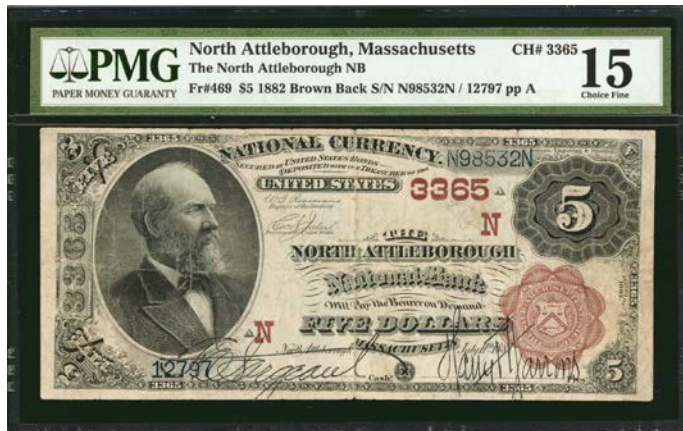

10353

**Newton, Massachusetts. \$5 1902 Plain Back. Fr. 600. The First NB of West Newton. Charter #3598. PMG Very Fine 30.** A fascinating title layout is featured on this Series of 1902 \$5 Plain Back. The title reads "The First National Bank of West Newton, Newton" with "West Newton, Newton" appearing stacked within the same title panel. The bank would later drop the "West Newton" part of the title once small size Series of 1929 notes were issued. This example comes on bright paper and displays sharply printed design elements. The stamped bank officers' signatures, while faded a bit, are still visible.

**\$1,250-\$1,750**

## One of Just Two Known for the Bank

10354

**North Attleborough, Massachusetts. \$5 1882 Brown Back. Fr. 469. The North Attleborough NB. Charter #3365. PMG Choice Fine 15.** This Bristol County bank operated for just 20 years. It was chartered in July of 1885 and issued only \$5, \$10 and \$20 Brown Backs totaling \$383,010 before liquidating in April of 1905. By 1910 only \$4520 remained outstanding. Clearly the vast majority of that sum was eventually redeemed or otherwise lost to history as today just two \$5 notes account for all of

the known notes on the bank. The presently offered example displays sharply printed inks with bold brown overprints and sharp machine printed signatures. With only two notes available to the collecting public, it may be a generation or more before Massachusetts collectors have another opportunity to add this charter to their collections.

**\$9,000-\$12,000**

10355

**Northampton, Massachusetts. \$20 1902 Date Back. Fr. 642. The Hampshire County NB. Charter #418. PMG Choice Very Fine 35.** Bright moderately circulated paper and bold machine printed bank officers' signatures are displayed by this mid-grade \$20 Third Charter Date Back. This sharply printed note also features a rather distinctive title layout.

**\$800-\$1,200**

10356

**Randolph, Massachusetts. \$5 1875. Fr. 401. The Randolph NB. Charter #558. PMG Very Fine 25.** This Randolph bank was chartered in October of 1864 and it went on to issue more than \$1.15 million in National Currency before being liquidated in November of 1893. In 1910 just \$6,810 worth of notes remained outstanding from the bank. Today only four notes, totaling just \$50 in face value, are known to survive. This is the only Series of 1875 \$5 remaining from the bank and it comes darkly printed and well signed on bright, evenly circulated paper. An extremely tough note from this Norfolk County bank and one which should be strongly pursued by Massachusetts collectors.

**\$2,000-\$3,000**

10357

**Salem, Massachusetts. \$5 1882 Brown Back. Fr. 466. The First NB. Charter #407. PCGS Currency Very Good 10 Apparent. Damage and Repairs; Right Edge Trimmed.** This is one of just five notes known from this rare Essex County bank. The First National Bank of Salem was chartered in April of 1864 and issued a tad over \$1.8 million in National Currency into circulation before liquidating in February of 1903. The bank issued Original Series notes, Series of 1875 notes including the \$500 and \$1000 denominations, and series of 1882 Brown Backs. Today all of the known notes from the charter are \$5 Brown Backs. This example displays bold details despite an array of impairments cited by the grading service.

**\$1,000-\$1,500**

10358

**Salem, Massachusetts. \$5 1882 Brown Back. Fr. 467. The Naumkeag NB. Charter #647. PMG Very Fine 20.** This large size only Essex County bank is represented in the census by a mere 12 examples including this evenly circulated \$5 Brown Back. The Naumkeag National Bank of Salem was chartered in 1864 and issued more than \$2.6 million worth of National Currency into circulation before liquidating in November of 1909. The presently offered note features neatly penned signatures and evenly circulated, broadly margined paper.

**\$1,500-\$2,500**

## MISSOURI

10359

**King City, Missouri. \$20 1882 Brown Back. Fr. 498. The First NB. Charter #4373. PMG Very Fine 30.** Brown backs on Missouri are difficult with any charter considered and this King City note shows remarkable appeal for this desirable \$20 design. Just the second reported \$20 Brown Back, and most likely the finest of the two.

**\$800-\$1,200**

## Newly Discovered Pleasant Hill Lazy Deuce

10360

**Pleasant Hill, Missouri. \$2 Original. Fr. 389. The First NB. Charter #1751. PMG Very Good 8 Net. Repaired.** If it can't be rare and pretty, let it at least be rare. That is an old adage that would apply to this new addition to the Missouri census. Lower denomination notes like one and two dollar banknotes traded hands frequently in the 1863-1878 national banknote era. Most new to market discoveries from this time period are usually heavily circulated. In the 1870s, when this was issued, this \$2 bill would have represented more than a day's pay. It could have been used to buy a sack of seed in Pleasant Hill or

perhaps bought a fine meal in Kansas City, about 35 miles away. The First National Bank has two original series fives known to exist. One is listed as VG, the other VG to F. PMG comments "Repaired." The Farmers National Bank is still unreported. Meaning, if you want a note from Pleasant Hill, be prepared to own a low grade example. While your cataloger hasn't seen the other two notes on this charter, it can certainly be assumed that this lazy deuce represents the most interesting of three notes on the town.

**\$6,000-\$8,000**

## MONTANA

## Outstanding Serial Number One Rosebud \$10 Previously Unreported Bank

10361

**Rosebud, Montana. \$10 1902 Plain Back. Fr. 632. The First NB. Charter #11437. PMG Choice Uncirculated 64. Serial Number 1.** Once again we have the wonderful privilege of bringing a great Montana note to the market for the very first time. Until the recent appearance of this incredible Serial Number 1 \$10 Plain Back, notes from the First National Bank of Rosebud were entirely unknown to collectors. The bank was chartered in August of 1919 with Joseph Muggli as president and his brother Zena Muggli as cashier. They issued Series of 1902 \$10 and \$20 Plain Backs only before liquidating in December of 1923. At the time of its closing just \$60,600 in National Currency notes had been issued from the bank and only \$20,000 was reported as outstanding.

Rosebud sits on the southern shore of the Yellowstone River in southeastern Montana. It is along the route explored by Captain William Clark and part of the Lewis and Clark Expedition in 1806. The town is named for Rosebud Creek which feeds into the river just to the west. In the 19th Century the area was a center for fur traders and trappers which led to conflict with

the area's Native American population in the 1870s. Today Rosebud is an unincorporated census designated area without even a Dollar General, only a post office and small school with a reported enrollment of 31.

This serial number 1 \$10 is from the plate A position on the sheet and was held from circulation by the owners of the bank as the first note they "issued." This remarkable discovery note comes to us from the son of cashier Zena Muggli. It has been held by the family since its was first received from the Treasury Department in 1919. The note itself is everything you could want it to be, with neatly penned signatures of the brothers who operated the bank, broad margins and bright paper. The printed inks are bold and sharply presented including the blue overprints with the all-important serial number 1 to the lower left. Bold embossing and bright red and blue paper fibers are found on the back of the note. With grade, rarity and desirability going for it, this great Montana discovery should attract considerable interest from the collecting fraternity.

**\$15,000-\$25,000**

## NEW HAMPSHIRE

10362

**Berlin, New Hampshire. \$20 1929 Ty. 1. Fr. 1802-1. The City NB. Charter #5622. PMG Fine 12.** All New Hampshire notes from Coos County are challenging and this Berlin \$20 is no exception. It is the rarest of three issuing banks for the town and one of just 11 known small-size notes per Track and Price. There is mostly even circulation and the appeal is that of a higher grade than assigned by PMG. Once a bustling logging town with large paper mills during the peak of the National Bank Note era, it is now much quieter.

The City National Bank of Berlin was organized on October 10, 1900, on which day the directors and officers were elected. The founders included men who had been formerly associated with the Berlin Trust Co. in the same city, but who had exited when Albert H. Eastman, cashier of the Berlin National Bank and with interlocking interests in several other banks (see Berlin National Bank above for comment about Eastman), gained control of the Berlin Trust Co. In some records the charter date is given as November 12, 1900. The new bank opened for business on November 19 of the same year.

\$600-\$1,000

10363

**Berlin, New Hampshire. \$10 1929 Ty. 2. Fr. 1801-2. The Berlin City NB. Charter #14100. PMG Very Fine 25.** The Berlin City National Bank was the last national bank to charter in the state of New Hampshire and it is the only 14,000 charter number for the Granite State. The bank was chartered in April of 1934 and at that time assumed the circulation of charter #4523. The bank issued \$66,250 into circulation in the form of Type-2 \$10s only. Today just 21 notes are known on the bank including the mid-grade example seen here. Dark inks and original bank title embossing are found on this note.

\$1,000-\$1,500

10364

**Bristol, New Hampshire. \$10 1902 Plain Back. Fr. 632. The First NB. Charter #5151. PMG Choice Fine 15.** Bristol is a very challenging town for New Hampshire National Bank note collectors as it was a one bank town and is presently known by just 10 large-size notes per Track and Price. This attractive Choice Fine example is among the aforementioned 10 and displays still strong banking signatures and nice centering and margins. The most recent realization for a large note was in our 2016 ANA sale where a Very Fine piece brought \$2,585.

The First National Bank of Bristol was chartered in 1898 with capital stock of \$50,000 divided into 500 shares of \$100 each. On September 30, the stockholders elected the board of directors, all from Bristol: Henry C. Whipple (manufacturer), Benjamin F. Perkins (merchant), William C. White (banker), Marshall W. White (in retirement), John S. Conner (merchant), George H. Calley (physician), George B. Cavis (merchant), Burley M. Ames (merchant), and Daniel B. Weymouth (merchant). The directors chose Henry C. Whipple as president, Benjamin F. Perkins as vice president and William C. White as cashier.

\$800-\$1,200

10365

**Bristol, New Hampshire. \$20 1902 Plain Back. Fr. 658. The First NB. Charter #5151. PMG Very Fine 20.** Bristol is another important New Hampshire "one bank town." It is centrally located and known as the "Gateway to Newfound Lake." Track and Price illustrates only 10 known large-size notes in their current census information, with this appealing \$20 Plain Back not included in that total. The banking signatures are still fully legible and the paper is problem free for the assigned grade. A beautiful note that has everything the advanced specialist might desire!

The First National Bank of Bristol was chartered in 1898 with capital stock of \$50,000 divided into 500 shares of \$100 each. On September 30 the stockholders elected the board of directors, all from Bristol. The bank opened for business on December 1 in rooms already occupied by the Bristol Savings Bank. The premises were on the ground floor at the right front of a handsome and imposing structure.

\$1,000-\$1,500

10366

**Charlestown, New Hampshire. \$5 1882 Brown Back. Fr. 467. The Connecticut River NB. Charter #537. PMG Fine 12.** Just seven large size notes are known on this Charlestown bank to go along with five small. Three of the large size notes known are \$5 Brown Backs like the note offered here. This example features boldly penned signatures of Cashier Herbert Bond and President George Bond. The printed inks remain quite bold given the level of circulation. Stains are found at the top and bottom of the note as mentioned by the grading service. A number of margin splits are also observed.

\$1,000-\$1,500

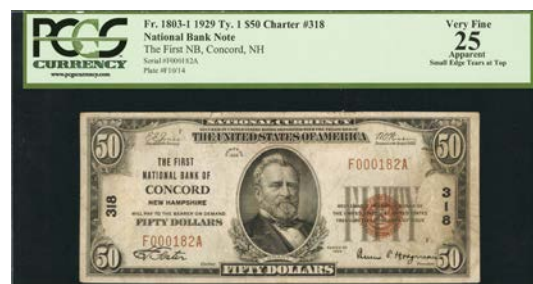

10367

**Concord, New Hampshire. \$5 1882 Brown Back. Fr. 466. The First NB. Charter #318. PMG Choice Fine 15.** Considering the early charter number for this state capital bank one would think that the percentage of surviving notes would favor these earlier issues. Quite the contrary as here the majority of known large-size notes are 1902 Date and Plain Backs. This is one of just three known \$5 Brown Backs. It has nice overall appeal with strong bank officers' signatures and just a small paper pull at upper left

The First National Bank of Concord was incorporated on March 15, 1864, with charter number 318, thus becoming an early entry in the field of federally chartered institutions. By this time officers had already been elected in anticipation of the charter, with Asa Fowler named president on February 2. At the outset the bank was capitalized at \$100,000, an amount quickly paid, but the figure was soon raised to \$150,000. Asa Fowler served as president. A man of wide experience, he was a lawyer, former judge of the Supreme Court of New Hampshire, and had been a director of the State Capital Bank in Concord for several years.

The bank had its share of ups and downs, including the defalcations of cashier W.W. Storrs that made headline news in 1874, but prospered overall and continued issuing notes through 1935. As a class, the notes of the First National Bank of Concord are very elusive — surprisingly so in view of the large numbers issued. There are many other banks in the state for which more are known, even though the issues were smaller.

\$1,500-\$2,500

10368

**Concord, New Hampshire. \$50 1929 Ty. 1. Fr. 1803-1. The First NB. Charter #318. PCGS Currency Very Fine 25 Apparent. Small Edge Tears at Top.** A pleasing Type-1 \$50 from this capital city bank that is one of just a dozen small size \$50s known on the Granite State. All of those are Type-1 notes and four of those known are from this charter. The present example displays ample margins and mostly bright paper. PCGS Currency comments "Small Edge Tears at Top" but they are not overly distracting.

\$2,000-\$3,000

10369

**East Jaffrey, New Hampshire. \$10 1929 Ty. 2. Fr. 1801-2. The Monadnock NB. Charter #1242. PMG Very Fine 30 EPQ.** An important offering on this scarce New Hampshire charter. This small-size \$10 Type 2 note is well above the average grade for the 26 pieces listed in the Track and Price census. An important "EPQ" designation has been given by PMG and when combined with even circulation, the appeal could not be better for the grade.

\$1,000-\$1,500

10370

**Farmington, New Hampshire. \$10 1902 Plain Back. Fr. 628. The Farmington NB. Charter #2022. PMG Very Fine 20.** Darkly printed inks are featured on this average circulated \$10 Plain Back from this Strafford County bank. The Farmington National Bank issued \$724,220 in National Currency between its chartering in July of 1872 and its liquidation in November of 1933. Just \$1,680 worth of large size notes were outstanding at close.

\$700-\$900

10371

**Farmington, New Hampshire. \$10 1929 Ty. 2. Fr. 1801-2. Farmington NB. Charter #13764. PMG Very Fine 30.** This late issuing Strafford County bank was chartered in September of 1933 after absorbing Charter #2022 and issued Type-2 notes only to the tune of just \$42,580. Today only 10 notes are known to survive from the bank including this moderately circulated Ten. Bright paper and boldly inked design elements add to the overall appeal of this scarce Farmington offering.

\$1,500-\$2,500

10373

**Gorham, New Hampshire. \$10 1929 Ty. 1. Fr. 1801-1. The White Mountain NB. Charter #9001. PMG Very Fine 25.** An always desirable White Mountain National Bank offering with this Gorham charter one of the few ways to illustrate this beautiful geographic area of the state. The White Mountains are home to the famous Presidential mountain range which includes Mt. Washington, site of the Cog Railway. This is one of just 26 small size notes recorded for the bank. Just two large size examples remain extant.

The bank was chartered in January 1908, unaware that a banking problem causing a temporary recession would occur later in the year when a leading New York City bank failed. The capital was a modest \$25,000, the smallest allowed at the time. The bank issued paper money through 1935, at which time the capital was \$40,000.

\$600-\$1,000

10374

**Great Falls, New Hampshire. \$1 Original. Fr. 380a. The Great Falls NB. Charter #1180. PMG Good 6.** This charter operated under two different town names, first Great Falls as seen on this Ace and later Somersworth. Great Falls is the rarer of the two names with just ten large size notes reported extant. The presently offered note certainly fulfilled its duty in the channels of commerce though strong design details remain. PMG comments "Corner Missing" as the lower right corner of this well traveled note is absent.

**Franklin, New Hampshire. \$10 1882 Value Back. Fr. 577. The Franklin NB. Charter #2443. PMG Very Fine 30.** This broadly margined and moderately circulated \$10 Value Back is one of just two such examples known from this Merrimack County bank. The Franklin National Bank issued \$2,445,770 from the time of its chartering in December of 1879 through the end of the note issuing era in 1935. This remains one of the most elusive types for the bank, additionally it is one of only eight \$10 Value Backs known on the entire state. Sharply detailed design elements and bold blue overprint inks are also witnessed on this example.

\$4,000-\$6,000

10375

**Groveton, New Hampshire. \$10 1929 Ty. 1. Fr. 1801-1. The Coos County NB. Charter #5317. PMG Very Fine 25.** A tough small size offering from this Coos County bank that was chartered in May of 1900. Just ten small size notes are recorded on the bank. \$2,000-\$3,000

10376

**Keene, New Hampshire. \$10 1882 Brown Back. Fr. 480. The Keene NB. Charter #877. PMG Choice Fine 15 Net. Restoration.** All New Hampshire Brown Backs are scarce and this appealing Keene \$10 is one of just eight Brown Backs known for the charter. The note retains a nice overall appearance with boldly inked design elements still noticed. The grading service makes mention of restoration on the back of the holder and any such work is certainly well executed.

On February 2, 1865, the financial interests of the Cheshire County Bank (a different institution from the Cheshire Bank) were turned over to the newly organized Keene National Bank. The capital was authorized at a maximum of \$300,000, but the directors selected \$100,000 as the amount desired. The founding president was Frederick Vose, and the first cashier was George W. Tilden, these two men having held identical positions with the Cheshire County Bank. The bank did well and issued notes throughout the large-size and small-size eras.

**\$600-\$1,000**

## Rare New Hampshire First Charter Offering

10377

**Keene, New Hampshire. \$10 1875. Fr. 416. The Citizens NB. Charter #2299. PMG Very Fine 20.** The Citizens National Bank of Keene was incorporated on September 18, 1875, and began business on October 1 of the same year opening to the public on November 1. The capital was \$100,000. Stephen D. Osborne was the founding president, and Obed G. Dort was the first cashier. In some listings the bank title was in the possessive, as Citizens', but most omitted the apostrophe. The bank did well, and in various audits all was found to be financially sound. On August 11, 1924, A.M. Avery, acting chief of the Organization Division of the Treasury Department, sent this memo to the chief of the Examining Division:

*"The Ashuelot National Bank of Keene and the Citizens National Bank of Keene, Keene, New Hampshire, contemplate consolidating under the act of November 7, 1918, under the charter of the Ashuelot National Bank of Keene, and under the title of the Ashuelot-Citizens National Bank of Keene. Please advise if there are any assets of either association which should not be taken into the consolidated bank."*

On September 6, 1924, the aforementioned consolidation took place, the Ashuelot-Citizens National Bank became the title, and the Citizens National Bank of Keene was no more.

The presently offered Series of 1875 \$10 comes darkly printed in sharp detail with ample margins and neatly penned bank officers' signatures. Some minor repairs are mentioned by the grading service on the back of the holder but those are limited in scope and do little to detract from the overall appearance.

**\$2,500-\$4,500**

10378

**Laconia, New Hampshire. \$10 1929 Ty. 1. Fr. 1801-1. The Lakeport NB. Charter #4740. PMG Choice Uncirculated 63 EPQ.** This Belknap County charter was originally founded as the National Bank of Lakeport. Only large size Brown Backs and Date Backs are found with that title. All other notes bear the Laconia title including this well preserved and deeply embossed Type-1 \$10 note.

\$500-\$700

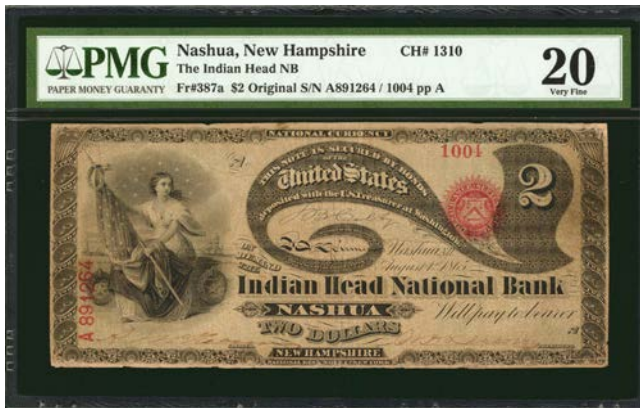

10379

**Manchester, New Hampshire. \$1 1875. Fr. 384. The Manchester NB. Charter #1059. **Nashua, New Hampshire. \$2 Original. Fr. 387a. The Indian Head NB. Charter #1310. PMG Very Fine 20.** This wonderfully titled Hillsborough County bank was chartered in 1865 and issued notes through the end of the note issuing era in 1935. It would go on to issue more than \$2.9 million in National

Currency notes including this darkly printed Original Series Deuce. This is one of just three Lazy Deuces known on the bank. Well penned bank officers' signatures are featured on this darkly inked and wholesome example.

\$8,000-\$12,000

10381

Newport, New Hampshire. \$10 1882 Brown Back. Fr. 480. The First NB. Charter #888. PMG Choice Very Fine 35. Sharply detailed design elements are found on this vividly printed \$10 Brown Back. The \$10 Brown Backs of 1882 features a vignette at left titled *Franklin and Electricity*, depicting the founding father's famous kite experiment. At right is the vignette *America Seizing the Lightning*. The motifs on the face are evocative of an early nation just seizing upon the benefits of the electrical revolution. This example from Newport Charter #888 comes on bright, lightly circulated paper that is well margined and free of any distracting characteristics.

\$800-\$1,200

10383

Newport, New Hampshire. \$5 1882 Brown Back. Fr. 469. The Citizens NB. Charter #3404. PMG Very Fine 30. The Citizens National Bank of Newport was chartered in October of 1885 with its first National Currency emissions being that of Series of 1882 Brown Backs in denominations of \$5, \$10 and \$20. This \$5 Brown Back displays beautifully penned bank officers' signatures in dark brown inks. Original embossing of the charter number on the back is clearly evident on the face. Plentiful margins are observed on both the face and back while the paper remains bright and exhibits only modest circulation. This is one of just four \$5 Brown Backs known on the bank and it is likely second finest of those known.

\$1,000-\$1,500

10382

Newport, New Hampshire. \$20 1902 Red Seal. Fr. 639. The First NB. Charter #888. PMG Choice Very Fine 35 EPQ. A wonderfully appealing \$20 Red Seal from this Newport bank that displays bold cherry red overprint inks on bright, modestly circulated paper. The signature of Cashier Lewis is beautifully penned at left while the stamped signature of President Richards is faint but still visible. Traces of original overprint embossing are found on the back supporting the note's well deserved EPQ designation from the grading service.

\$1,000-\$1,500

10384

Plymouth, New Hampshire. \$10 1882 Brown Back. Fr. 490. The Pemigewasset NB. Charter #2587. PMG Very Fine 30. This is just the third Brown Back known from this Grafton County bank that received its charter in 1881. This evenly circulated \$10 features full margins, bright paper and sharply inked vignettes. The bank issued just under \$1.8 million into circulation in both large and small size notes, surviving through to the end of the National Currency era in 1935. This well printed example is certainly one of the most appealing notes on the bank.

\$3,000-\$5,000

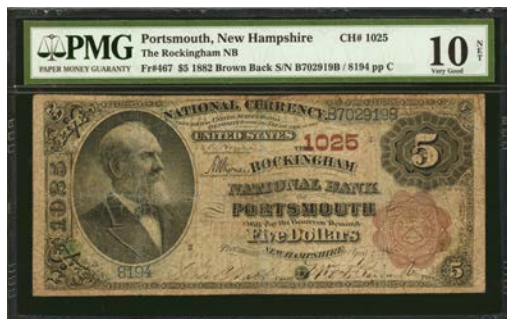

10385

**Portsmouth, New Hampshire. \$10 1929 Ty. 1. Fr. 1801-1. The National Mechanics & Traders Bank. Charter #401. PMG Choice Very Fine 35.** A tougher offering from this Portsmouth bank that reports just 13 small size examples known (in addition to 25 large). This modestly circulated Type-1 \$10 features darkly inked design elements and bright wholesome paper.

**\$1,500-\$2,500**

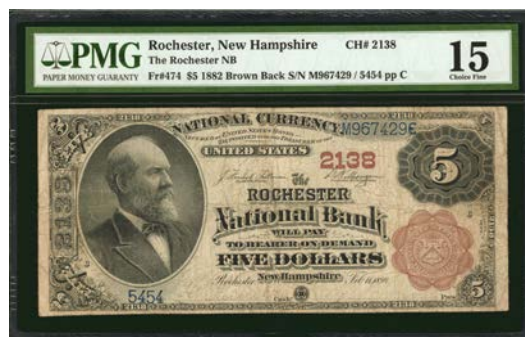

10386

**Portsmouth, New Hampshire. \$5 1882 Brown Back. Fr. 467. The Rockingham NB. Charter #1025. PMG Very Good 10 Net. Restoration.** A true New Hampshire rarity and from the incredibly popular southeastern town of Portsmouth. The Rockingham National Bank was one of five chartered banks in the town, second only to Manchester in that regard. The note is one of just six known with all being large-size as the bank was liquidated in 1905. Three of the total population are these always desirable 1882 \$5 Brown Back designs. This well traveled note offers nice overall appeal for the technical grade despite the well-executed restoration. A significant Granite State offering on a well-known city.

The Rockingham National Bank of Portsmouth was chartered effective April 1, 1865, as the successor in interest to the state chartered Rockingham Bank. However, it was not until April 7 that authority was given for transferring the assets and liabilities the Rockingham (state) Bank, and it was not until the 17th that the institution went into operation. Years later, in 1925, an unrelated Rockingham National Bank would be chartered in Exeter, but for the present generation this was the only institution with this name.

The authorized capital of the new National Bank was limited to \$400,000, but the directors settled upon \$200,000 as the amount desired for operation, an amount quickly paid in. Shares had a par value of \$50 each. As noted, the bank expired early in the 20th century.

**\$800-\$1,200**

10387

**Rochester, New Hampshire. \$5 1882 Brown Back. Fr. 474. The Rochester NB. Charter #2138. PMG Choice Fine 15.** A darkly printed and evenly circulated \$5 Brown Back from this Rochester bank that is one of four such examples known. The Rochester National Bank issued large size notes only between its chartering in March of 1874 and its liquidation in April of 1917. Despite the level of circulation the paper remains wholesome and all of the printed design elements are boldly detailed.

**\$1,500-\$2,500**

10388

**Wolfeboro, New Hampshire. \$10 1902 Plain Back. Fr. 625. The Wolfeboro NB. Charter #8147. PMG Choice Fine 15 Net. Repaired.** A scarce large size offering from this Wolfeboro bank that reports just 11 large notes in the census. All of those known are Series of 1902 Plain Backs. Seven of those known are of the \$10 denomination with the present example part of that total. Four \$20s are also reported to survive. This example displays boldly stamped bank officers' signatures and darkly printed design elements. The overall appeal is quite pleasing despite repair work mentioned by the grading service.

This Wolfeboro National Bank was chartered in March of 1906 and issued \$721,110 in both large and small size notes through 1935. In 1935 only \$680 in large size notes remained outstanding on the bank.

**\$800-\$1,200**

10389

**Wolfeboro, New Hampshire. \$20 1929 Ty. 1. Fr. 1802-1. The Wolfeboro NB. Charter #8147. PMG About Uncirculated 53 EPQ.** Light handling and broad margins are observed on this sharply printed and bright Type-1 \$20 from Wolfeboro, home to our own Q. David Bowers and one of our Stack's Bowers Galleries satellite offices. This wonderfully choice example displays original embossing on the back of the note and was clearly spared of any meaningful circulation. Just 31 small size examples are recorded for this bank that issued only the \$10 and \$20 denomination.

\$600-\$800

## NEW JERSEY

10390

**Carteret, New Jersey. \$20 1929 Ty. 2. Fr. 1802-2. The First NB. Charter #8437. PMG Choice Very Fine 35.** This New Jersey charter operated under two different titles, at two different towns during its time in business from July of 1906 until January of 1935. The bank first operated as the First National Bank of Roosevelt initially before relocating and renaming to the First National Bank of Carteret. Carteret sits just across the river west of Staten Island, New York. This Type-2 \$20 is modestly circulated and darkly printed.

\$600-\$800

10391

**Elizabeth, New Jersey. \$5 Original. Fr. 397a. The National State Bank. Charter #1436. PMG Very Fine 25 Net. Restoration.** A tough early type from this Elizabeth bank that was chartered in 1865. This mid-grade Original Series \$5 comes well signed and darkly printed. Bright red overprint inks are displayed in the Treasury Seal and serial number. This is the only Original Series \$5 in the census for the bank. PMG comments "Restoration" which appears to remedy some edge splits. Still the note retains a very pleasing appearance.

\$3,000-\$4,000

10392

**Elizabeth, New Jersey. \$10 Original. Fr. 412. The National State Bank. Charter #1436. Fine.** This is the only First Charter \$10 known from this prolific Union County bank which was chartered in 1865. The National State Bank of Elizabeth issued more than \$4.5 million in National Currency through the end of the note issuing era in 1935. This example displays sharply printed inks with vividly detailed vignettes and bold machine printed signatures of bank officers Woodruff and Pruden. A great note for the New Jersey specialist and one that matches perfectly with the First Charter \$5 from this bank also seen in tonight's sale.

\$3,000-\$4,000

10393

**High Bridge, New Jersey. \$20 1929 Ty. 2. Fr. 1802-2. The First NB. Charter #5333. PMG Gem Uncirculated 65 EPQ. Low Serial Number 7. Courtesy Autograph.** The penned courtesy autograph of bank president George R. Hanks is neatly shown under the low serial number 7 that graces the right end of this gem quality Type-2 \$20 note. Premium centering and vividly printed inks are featured on this pleasing note from this Hunterdon County bank.

\$600-\$800

## NEW MEXICO

## Pleasing Albuquerque Territorial

10394

**Albuquerque, Territory of New Mexico. \$10 1902 Date Back. Fr. 616. The State NB. Charter #7186. PMG Very Fine 30.** The State National Bank of Albuquerque was chartered in March of 1904, ironically before New Mexico was actually a state. It issued Series of 1902 Red Seals and Date Backs as Territorial notes and then non-Territorial Date Backs and Plain Backs from 1912 until going into receivership in April of 1924. In 20 years the bank issued a touch over \$1.7 million in National Currency

using only the \$10 and \$20 denomination. Of the 21 notes recorded in the census for the bank, ten are territorials. This is certainly one of the more appealing notes we have ever seen on the bank as it displays just light circulation along with sharply printed dark inks and strong signatures. It has been more than 20 years since this note was available to the collecting public and it is sure to be appreciated by a new generation of collectors.

**\$6,000-\$8,000**

10395

**Artesia, New Mexico. \$20 1902 Date Back. Fr. 646. The First NB. Charter #7043. PMG Very Fine 20.** Even circulation is displayed by this mid-grade Third Charter \$20 Date Back from this tougher Artesia bank. Just 18 large size notes are recorded in the census for the charter (along with 22 small notes). The bank was chartered in August of 1903 and issued \$787,050 through the end of the National Currency era in 1935 at which time just \$2,600 in large notes remained outstanding. This note displays bright paper given the grade along with sharply printed inks and faint but present stamped officers' signatures.

**\$800-\$1,200**

10396

**Belen, New Mexico. \$10 1902 Plain Back. Fr. 628. The First NB. Charter #6597. PMG Very Fine 30.** Just 16 large size notes are reported on this bank that was chartered in January of 1903. This \$10 Plain Back displays even circulation and ample margins. The paper is fairly bright and the engraved design elements retain sharp details. The stamped signatures have faded a bit but both are still visible. This particular note has remained in a private collection for more than two decades prior to its offering here this evening.

**\$1,500-\$2,500**

## One of Two Known in Large Size

10397

**Farmington, New Mexico. \$20 1902 Plain Back. Fr. 654. The First NB. Charter #6183. PMG Choice Fine 15.** Just two large size notes are reported from this rare San Juan County bank that was chartered in March of 1902. The bank first issued Series of 1902 Red Seals and Date Backs as a Territorial bank though none are reported to survive today. Later the bank would issue post-territorial Date Backs, Plain Backs and both Type-1 and Type-2 small size notes. The bank issued only the \$10 and \$20 denomination to the tune of \$453,460 through the end of the National Currency era in 1935. At that time just \$1,720 worth of large size notes remained outstanding.

The presently offered \$20 Plain Back has been off of the market since last appearing at auction in February of 1997. Since that time the only other large note known on the bank, also a \$20 Plain Back, traded hands for \$14,100 in a January 2013 auction. The example offered here is certainly the more attractive of the two notes though both reside in Fine 15 PMG holders. Mostly clean paper and even circulation are observed along with boldly stamped signatures in bright pink ink.

This is one of the best non-Territorial New Mexico notes we have encountered and is sure to be a note needed by nearly all collectors of the state.

**\$10,000-\$15,000**

10398

**Magdalena, New Mexico. \$20 1902 Date Back. Fr. 646. The First NB. Charter #10268. PMG Choice Fine 15.** Just six notes are recorded in the census for this rare Socorro County bank including this darkly printed Third Charter \$20 Date Back. The First National Bank of Magdalena was chartered in September of 1912 and went on to issue Series of 1902 \$10 and \$20 Date Backs and Plain Backs to the tune of \$322,150 before liquidating in January of 1923. A healthy \$47,200 in notes were still outstanding at its closing though clearly almost all were later redeemed. This example is the only \$20 Date Back known from the bank and it displays average circulation along with sharply detailed design elements. It has been off of the market for 22 years, last appearing at auction in February of 1997.

**\$2,000-\$3,000**

10399

**Melrose, New Mexico. \$20 1902 Plain Back. Fr. 654. The First NB. Charter #8397. PMG Very Fine 30.** A bright, well margined and modestly circulated \$20 Plain Back that is one of just 10 large size notes known on this Melrose bank. The First National issued just \$430,410 from the time of its chartering in October of 1906 until the time when National Currency notes ceased to be issued in 1935. At that time only \$1,690 in large size was left outstanding on the charter. The bank officers' signatures are bold and clearly legible while the printed design elements are all sharply detailed. It has been more than 20 years since this note has been available to the collecting public.

**\$1,500-\$2,500**

## About Uncirculated Raton \$5 Territorial

10400

**Raton, Territory of New Mexico. \$5 1882 Date Back. Fr. 533. The First NB. Charter #4734. PMG About Uncirculated 50 EPQ.** This remarkably well preserved 1882 \$5 Territorial Date Back is one of six such examples known from this Colfax County bank that was chartered in April of 1892. Four of those known, including the presently offered example, were sheet mates long recorded in the census as Extremely Fine. It is easy to surmise that these notes likely never circulated but were kept in sheet form until being cut and disbursed to collectors. This note first appeared in auction along with one of its sheet mates in a June 1980 NASCA auction where it realized \$2500.

This bright and lightly handled example comes well framed by plentiful margins. Bold bank officers' signatures are found along the bottom and pronounced overprint embossing is featured on the back of the note. Just one light center fold and one light horizontal fold account for the grade. The note is wonderfully original and PMG saw it fit to bestow their much coveted EPQ designation upon it, quite rare on any Territorial issue. This is certainly a remarkable note and one which should be strongly considered by any true National Currency specialist.

**\$20,000-\$30,000**

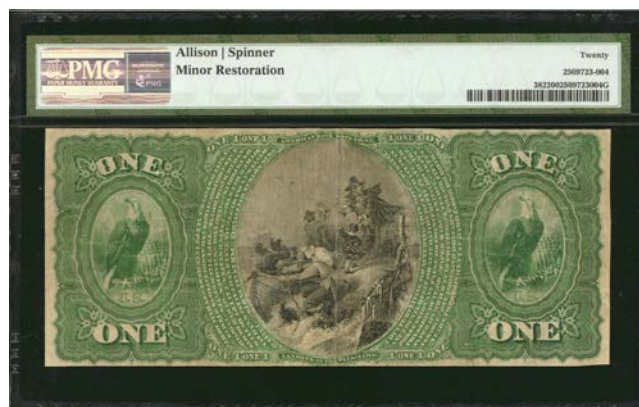

10401

**Raton, New Mexico. \$10 1929 Ty. 1. Fr. 1801-1. First NB. Charter #12924. PMG Choice Uncirculated 63 EPQ.** Bold embossing is easily noticed on this broadly margined Type-1 \$10 from this Colfax County

bank. This example is sharply printed in dark inks and appears to be near gem in regards to centering.

**\$1,000-\$1,500**

## Scarce Territory of New Mexico Ace

10402

**Santa Fe, Territory of New Mexico. \$1 Original. Fr. 382. The First NB. Charter #1750. PMG Very Fine 20.** Only two note-issuing National Banks established in New Mexico issued \$1 notes, this one, which circulated both Original Series examples and 1875 issues, and Charter 2024, which issued only Original Series notes. The present Original Series ace on the First National Bank is the most available among them, being one of

just 14 known. However, collector appreciation of this variety is concentrated on the overall rarity of the New Mexico Territory. The note shows even circulation, typical for the issue, with some minor restoration which PMG comments. Attractive overall, exceedingly desirable, and a landmark as a territorial issue on the capital city of the Territory of New Mexico.

**\$7,000-\$9,000**

## Santa Fe Territorial \$10 Brown Back

10403

**Santa Fe, Territory of New Mexico. \$10 1882 Brown Back. Fr. 484. The First NB. Charter #1750. PMG Fine 12.** This long running Santa Fe bank was originally chartered way back in December of 1870, more than 40 years before New Mexico achieved statehood. Due to that fact this charter provides a significant number of the known New Mexico Territorial issues including the \$10 Brown Back offered here. This is one of six \$10 Brown Backs known on the state, all of which are pre-

statehood issues. This example displays neatly penned bank officers' signatures and bold design elements despite the heavier degree of circulation. The grading service has found no impairing attributes worthy of comment and the note retains a decent overall appearance. This is another great New Mexico note that has been off the market for quite some time until now.

**\$5,000-\$7,000**

## NEW YORK

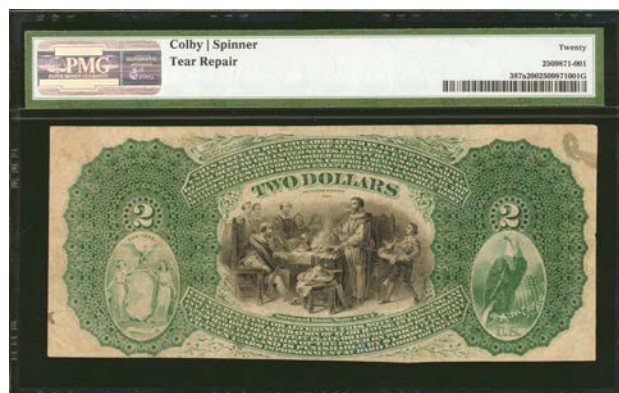

10404

**New York, New York. Original \$1 Fr. 380a. The Saint Nicholas NB. Charter #972. PCGS Currency Very Fine 25.** An attractive Original Series Ace from this popular New York City title. Sharply inked design elements and bold machine printed signatures are features on this example. The paper is bright and amply margined and displays only

moderate circulation. The Saint Nicholas National Bank was chartered in April of 1865 and issued First Charter notes only before being liquidated in December of 1882.

**\$2,000-\$3,000**

## Saint Nicholas Bank Lazy Deuce

10405

**New York, New York. \$2 Original. Fr. 387a. The Saint Nicholas NB of New York. Charter #972. PMG Very Fine 20.** A jolly named Lazy Deuce from this holiday inspired New York banking institution. The Saint Nicholas National Bank was chartered in April of 1865 and issued Original Series and Series of 1875 notes only before liquidating in December of 1882. Notes from this popular title are understandably tightly held by collectors. Despite 14 Lazy Deuces being recorded in the

census for the bank, the most commonly encountered examples of the type are actually contemporary counterfeits. This genuine example displays vividly printed inks and large machine printed signatures. There is a small tape repair found in the top left corner mentioned by PMG on the back of the holder.

**\$4,000-\$6,000**

*From the Dottie Freeman Santa Claus Collection.*

10406

**New York, New York. 1875 \$1 Fr. 384. The Continental NB. Charter #1389. PMG Choice Uncirculated 63 EPQ.** This Big Apple bank has provided collectors with a small number of high grade First Charter Aces over the years including this wonderful Series of 1875 example. Bold blue machine printed signatures of bank officers Thompson and Randolph are prominently featured on this well margined and

brilliantly printed note. Bold overprint embossing is also observed under close inspection. This is an excellent high grade example of this tougher National Currency type.

**\$3,000-\$4,000**

## OKLAHOMA

## Incredible Kingfisher \$10 Territorial Red Seal

### Unique for the Bank

10407

**Kingfisher, Territory of Oklahoma. \$10 1902 Red Seal. Fr. 613. The Farmers NB. Charter #6702. PMG Very Fine 30.** Our currency staff at Stack's Bowers Galleries is no stranger to great national banknotes. We are quite fortunate to have the opportunity to handle many of the great notes that come onto the market periodically. While it can be easy at times to become immune to the awe of a rare note coming across our desk, occasionally one comes our way that stops us in our tracks, such is the case here.

The Farmers National Bank of Kingfisher was organized in March of 1903. Among the bank's leadership was local businessman Richard Pappe who signed the presently offered note as the bank's vice president. Pappe, a German immigrant was involved in a number of business ventures aside from banking including a bakery, real estate and an oil well. The bank issued a minuscule \$11,050 worth of National Currency in the form of Series of 1902 \$10 and \$20 Territorial Red Seals before being liquidated in November of 1905. Most of the outstanding circulation was subsequently redeemed and by 1916 only a scant \$170 worth of notes from the bank remained outstanding.

This is the only note known to survive from the Farmers National Bank of Kingfisher. It has been held by the Pappe family for decades. Bold red overprint inks are featured on this evenly

circulated \$10 note. The bank officers' signatures, including that of Richard Pappe, are very neatly penned in striking inks. Sharply detailed design elements are featured throughout.

The town began in the Spring of 1889 when a large area of federally owned land in what is now Oklahoma was opened up for private settlement in a land run. Towns sprung up across the Territory of Oklahoma almost overnight. The town of Kingfisher City was founded April 22, 1889. It was named for one of the areas early settlers, a man named King Fisher. In June of 1890 Kingfisher City and the neighboring community of Lisbon were combined into a single town then known as Kingfisher. By the time the bank opened for business the population of the town was about 2000. Among the famous sons of Kingfisher is legendary businessman Sam Walton who was born there in 1918.

The note has everything a National Currency collector could hope for. It's an ultra-rare territorial Red Seal with a great title. It has excellent color, wonderful signatures and no detracting features whatsoever. One of the very few trophy nationals which come available in a given year and a note that is worth whatever it takes to secure.

**\$40,000-\$60,000**

# PENNSYLVANIA

10408

**Beaver Falls, Pennsylvania. \$10 1929 Ty. 2. Fr. 1801-2. First NB. Charter #14117. PMG Choice Uncirculated 64 EPQ.** These 14000 charter number banks are always popular with National Currency enthusiasts. This Beaver County bank was chartered in April of 1934 and issued only \$116,850 before the note issuing era came to an end the next year. This is certainly one of the finest examples we have seen from the bank. Bold embossing, plentiful margins and sharply printed inks are all observed.

\$600-\$800

10409

**Berwick, Pennsylvania. \$20 1902 Plain Back. Fr. 660. The Berwick NB. Charter #6162. PMG Choice Very Fine 35.** Bold stamped bank officers' signatures are features on this bright and sharply inked \$20 Plain Back from this well collected and tightly held Columbia County bank. This is just the tenth large size note to surface on the bank.

\$600-\$800

10410

**Uncut Sheet of (4) Ellsworth, Pennsylvania. \$5 1902 Date Back. Fr. 590. NB. Charter #6929. PMG Choice Very Fine 35.** A visually stunning uncut sheet of these Washington County notes from Ellsworth. Aside from this newly discovered sheet, only 10 large are reported to the current census according to Track & Price records. PMG comments "Splits," which appear fairly minor and between the third and fourth note. Each note is nicely penned signed by the cashier and president. Full top and bottom selvage remain. A nice item for the Pennsylvania collector.

\$4,000-\$6,000

10411

**Kittanning, Pennsylvania. \$20 1882 Brown Back. Fr. 501. The Merchants NB. Charter #5073. PMG Very Fine 25.** This modestly circulated \$20 Brown Back displays sharply printed design elements and bright wholesome paper. Bold stamped bank officers' signatures are displayed by this pleasing Second Charter Period note. The National Bank of Kittanning issued more than \$2.2 million in National Currency from its chartering in 1897 through the end of the National Currency era in 1935.

## Siegfried Serial Number 1 \$5 Brown Back

10414

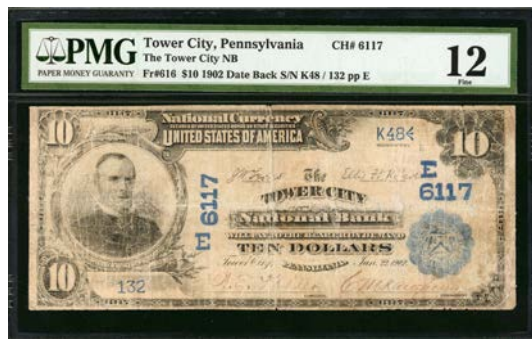

Siegfried, Pennsylvania. \$5 1882 Brown Back. Fr. 477. The Cement NB. Charter #5227. PMG Extremely Fine 40. Serial Number 1. This plate position A serial number 1 note is the first \$5 note issued by this Northampton County bank. The Cement National Bank of Siegfried was chartered in October of 1899 and issued Series of 1882 Brown Backs first with \$5 notes issued in sheets of four and \$10 and \$20 Brown Backs issued in the \$10-\$10-\$10-\$20 sheet format. This newly discovered note is

the first Brown Back to come forward on the bank. It displays a boldly inked solitary number 1 below the portrait of Benjamin Harrison as well as broad margins, lightly circulated paper and sharply printed design elements. Neatly penned signatures of bank officers Chas. D. Andrews and Oliver Williams are observed as well.

\$4,000-\$6,000

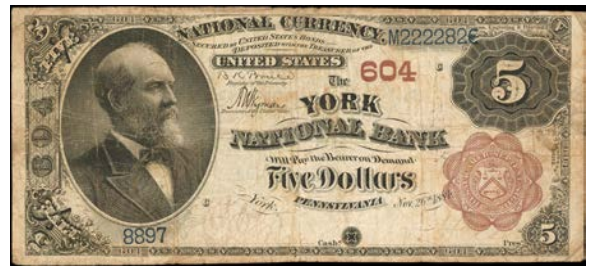

10415

**Tower City, Pennsylvania. \$10 1902 Date Back. Fr. 616. The Tower City NB. Charter #6117. PMG Fine 12.** While at first glance this Third Charter \$10 Plain Back appears to be a rare but rather well traveled Pennsylvania note (which is accurate) there is more to the story here. This note displays an incredibly low Treasury Number, K48, at top right. It is the lowest such Treasury Number any of us at Stack's Bowers have ever encountered. Certainly an item of significance for any true National Currency specialist. PMG comments "Seal, Charter, & Serial Numbers Redrawn" on the back of the holder.

**\$1,000-\$1,500**

10416

**York, Pennsylvania. \$5 1882 Brown Back. Fr. 467. The York NB. Charter #604. Very Fine.** Even circulation is displayed by this darkly inked \$5 Brown Back from this long running York charter. The paper is well margined and free of any significant impairments. Just 8 \$5 Brown Backs are known for the bank.

**\$700-\$900**

## \$50 Red Seal Discovery

10417

**Youngwood, Pennsylvania. \$50 1902 Red Seal. Fr. 664. The First NB. Charter #6500. PMG Very Fine 20. Serial Number 6.** We were very excited to see this \$50 red seal come across our desk this summer. It made its way to us via East Tennessee, but for decades prior it was owned by a life long bank employee at The First National Bank of Youngwood. While there will no doubt be some local interest, competition will be strong from other collectors throughout the country.

This new discovery becomes the tenth documented \$50 Red Seal from Pennsylvania. It would be in the middle of the pack of

ten in terms of condition. And while the low serial number six doesn't necessarily add any value, it sure does add to the overall appeal of the note. It has been documented many times that \$50 and \$100 red seals are extremely rare as a type. We might finally be at a point in the market where collectors are putting their money behind that rarity. Expect spirited bidding for this highlight that will almost surely anchor a long established collection.

**\$15,000-\$25,000**

## TENNESSEE

10418

**Savannah, Tennessee. \$10 1929 Ty. 1. Fr. 1801-1. The First NB. Charter #8889. PMG Choice Very Fine 35.** A tough small size offering from this Hardin County bank with this being just the third to appear at auction. Dark inks and even circulation is observed on this moderately circulated Type-1 Ten.

\$1,750-\$2,750

## TEXAS

10419

**Anderson, Texas. \$10 1929 Ty. 1. Fr. 1801-1. The First NB. Charter #7337. PMG Extremely Fine 40 EPQ.** A vividly printed and boldly embossed Type-1 \$10 that is now just the tenth small size note to come forward from this tough Grimes County bank. This broadly margined and bright note displays just modest traces of circulation and was well deserving of the PMG assigned EPQ designation.

\$1,000-\$1,500

10420

**Gainesville, Texas. \$5 1902 Plain Back. Fr. 598. The Lindsay NB. Charter #6292. PMG Very Fine 20.** This large size only Cooke County bank received its charter in June of 1902 and issued just \$900,150 in Third Charter notes into circulation before liquidating in September of 1933. Just \$8,930 was outstanding at the time of its closing. This evenly circulated mid-grade \$5 Plain Back displays a bold blue stamped president's signature though the cashier's signature is no longer present. The engraved design elements are boldly inked in sharp detail. This is just the 13th note to come forward on the bank and only the fourth of its type.

\$1,000-\$1,500

10421

**Gilmer, Texas. \$20 1902 Plain Back. Fr. 659. The Farmers & Merchants NB. Charter #5741. PMG Very Fine 25.** Boldly penned bank officers' signatures are featured on this evenly circulated \$20 Plain Back from this better Upshur County bank. This is just the third \$20 Plain Back known on the bank and only the 14th large size note to come forward on the bank.

\$800-\$1,200

10422

**Greenville, Texas. \$10 1902 Plain Back. Fr. 624. The Commercial NB. Charter #7510. PMG Very Fine 25.** An extremely scarce large size only bank from this popular Hunt County bank. PMG comments "Stained."

\$1,000-\$1,500

10423

**Houston, Texas. \$10 1902 Date Back. Fr. 619. The South Texas NB. Charter #4350. Choice Very Fine.** This sharply printed \$10 Date Back is one of just 18 notes known on this tough large size only Houston bank. Bold stamped bank officers' signatures and bright lightly circulated paper are featured on this example.

**\$600-\$800**

10424

**San Augustine, Texas. \$20 1902 Date Back. Fr. 642. The First NB. Charter #6214. PMG Choice Fine 15.** It has been over 19 years since a large size note has been offered on this extremely scarce San Augustine County bank. San Augustine is a small town in east Texas just near the Louisiana border and had just two issuing banks, Charter 6245 still being unreported. With this note being newly discovered, the total census is now at four large. The last large to be offered was in 2000 where a Very Good sold for \$1,100. The note still retains excellent penned signatures.

**\$2,000-\$3,000**

## VIRGINIA

10425

**Lebanon, Virginia. \$10 1902 Plain Back. Fr. 626. The Citizens NB. Charter #6886. PMG Choice Fine 15.** Offerings are scarce from this Russell County bank, as this is just the second auction appearance in the last 10 years. A total of 11 notes are reported according to Track & Price. PMG comments "Repaired, Stained."

**\$700-\$900**

## WISCONSIN

## Gorgeous 1875 \$2 Lazy Deuce La Crosse, WI.

10426

**La Crosse, Wisconsin. \$2 1875. Fr. 391. The La Crosse NB. Charter #2344. PMG Choice Uncirculated 63.** Available to the collecting community thankfully because of a small hoard of \$1 and \$2 notes. Bright red overprint and inks are seen on both sides. Nice penned signatures contrast nicely against the bright

white and original paper. One of the nicer "Lazy Deuces" one will see in this grade. About a half a dozen small pinholes are scattered throughout the note as PMG comments "Pinholes."

**\$10,000-\$15,000**

## Stunning CH. 14150 Type 2 Uncut Sheet

10427

**Uncut Sheet of (6) Tigerton, Wisconsin. \$5 1929 Ty. 2. Fr. 1800-2. First NB. Charter #14150. PMG About Uncirculated 55. Serial Numbers 1 to 6.** A very welcomed new addition to the census for this popular Shawano County bank. This is now just the second serial number 1-6 example from this Type 2 issuing only bank. We sold the \$10 sheet at our ANA auction this past August for \$5,280. Most charter 14000 smalls are scarce, but uncut sheets are even rarer. Add serial number 1-6 to the equation and we are certain there are less than 25 known.

**\$6,000-\$8,000**

## BONDS

### Issued Act of September 28, 1850 160 Acres Certificate

10428

**United States of America-Department of the Interior. Act of September 28, 1850. 160 Acres Bounty Land. Hessler X118. Issued. Fine to Very Fine.** An impressive, fully issued certificate from this act. A listed series in Hessler, but note the protector style for acreage is like the 40 Acres. Like the 40 and 80 Acres previous, printed on bond paper by Toppan, Carpenter, Casilear & Co. 31.5cm by 22.5cm. Top center, a soldier returns to his wife and child. Obligation text across certificate. Left end with soldier, cannon and flag with Zachary Taylor in lower right corner. Right side, Farmer with then current President Millard Fillmore. Red protector 80/BOUNTY LAND/ACRES in bottom center. Under the bottom frame line is transfer text. Embossed seal. No. 10745. Issued to a private in the Tennessee Militia from the War of 1812. The blank verso is nearly completely endorsed with three documentations from Alabama. Full bond, solid paper that is rather toned. Some endorsements bleed through to the face. A solid piece. Every one of these issued certificates is unique and contains stories of frontier life and a veteran's service.

**\$1,000-\$1,500**

## PRINTING PLATES

10429

**Whaling Vignette.** Steel. 5.25 x 1.75 inches. A large sperm whale has surfaced, blowing water through its spout, its eye just above the water. Just left of the huge animal's eye, a whale boat is at the ready with the forward man of the six man crew holding his harpoon high in preparation of his strike. Two additional whale boats are seen in the near distance, while the larger whaler waits nearby. The vignette is found on notes of the Manufacturers and Mechanics Bank, Nantucket, Massachusetts (Haxby MA-845). The notes are by New England Bank Note Company, and presumably, so is this unmarked vignette. Lustrous medium gray with some light handling marks near the edges, and traces of minor oxidation along the top edge, but the vignette is clean. The original paper wrapper is included, with a proof impression affixed, though both are a little rough. A very desirable theme.

**\$1,500-\$2,500**

10430

**Whaling Scene Vignette Related to the Union Bank of New London.** Steel. 5.5 x 2 inches. Bright, medium steel gray with minor handling marks and very small traces of oxidation which do not appear active. The corners are slightly beveled. Another great whaling scene, this one including the eye of the whale that is about to be harpooned, and a butchering scene of another catch in the background. This vignette is found on \$1 notes of the 1840s-1860s made for the Union Bank of New London, Connecticut, Haxby CT-320, G136 and G136c. According to Haxby these notes bear the imprints of both, Danforth, Spencer and Hufty, and Spencer, Hufty and Danforth. The 1860s era note has the American Bank Note Company monogram added. Original paper sleeve is included.

Engraved identification number: PHIL V46533 (P36 crossed out).

The Union Bank of New London held its first organizational meeting on February 10, 1792. It and the Hartford Bank were both chartered in May. Likely, the Union Bank was in business by early June. As is true of most banks of this state, its affairs were well conducted. During this era, most eastern ports had specialties (whaling for New London, West India trade for Portsmouth, whaling for Nantucket, etc.). Times were good, and New London prospered, although there were setbacks, such as during the Embargo Act and the perilous times of the War of 1812. On May 20, 1865, the Union Bank of New London became the National Union Bank of New London.

**NC-175. North Carolina. August 8, 1778. \$4. PCGS Currency Choice New 63.** This gorgeous Revolutionary War era note is the finest example on this North Carolina denomination we have offered. The fresh bright heavy cotton period paper features the rich bold signatures of Jesse Cobb and John Armitage. The historic motto reads: "A Lesson to Arbitrary Kings, and Wicked Ministers" lashing out at the British and their King George III. Simply wonderful, and rarely ever available in this outstanding quality.

**\$400-\$600**

11004

**NC-177. North Carolina. August 8, 1778. \$10. PCGS Currency Choice About New 58 PPQ.** This crisp Revolutionary War era North Carolina note has still pleasing eye appeal. 11006

**PA-131. Pennsylvania. March 1, 1769. 12 Shillings. PCGS Currency Fine 15 Apparent. Edge Splits, Damage, and Repairs; Design Redrawn.** This 12 Shillings denomination is extremely rare and missing in most collections. This example has the outstanding bonus of being signed by the American Patriot "J Nixon" in deep bold brown ink at top of the three signatures and is the most vivid. On July 8, 1776, he made the First Public Proclamation of the Declaration of Independence from the steps of the Pennsylvania State House. The same year, Nixon was promoted colonel and later served under George Washington at the Battle of Princeton. In 1776, he became a member of the Navy Board, and two years later was with General Washington at Valley Forge. PCGS Currency comments "Edge Splits, Damage, and Repairs; Design Redrawn."

**\$400-\$600**

11007

**PA-132. Pennsylvania. March 1, 1769. 1 Pound 10 Shillings. PCGS Currency Very Fine 30. John Nixon Signature. Plate A.** An authentic fully issued note signed "Jn Nixon." Its eye appeal nearly matches that of the Boyd Collection note of this denomination which we sold, which was said to be the finest known. Historical in importance, being signed by John Nixon, who on July 8, 1776 made the very first public proclamation of the reading of the Declaration of Independence from the steps of the Pennsylvania State House. PCGS Currency comments "Restorations."

\$500-\$700

11008

**PA-224a. Pennsylvania. April 10, 1777. 4 Pounds. PCGS Currency About New 50. Apparent. Small Internal Split near Bottom Left of Center.** This rare Revolutionary War era note from the April 10, 1777 black printed series is extremely difficult to locate, especially in such a high grade. Stated on its holder "Apparent Small Internal Split Near Bottom Left of Center." A sharp woodcut vignette on the reverse side very clearly showing a farming scene, along with the John Dunlap imprint. The two signatures are quite bold, written in red and brown ink. A rare quality and four Pounds denomination, missing in most collections.

\$200-\$300

11009

**PA-252. Pennsylvania. April 20, 1781. 30 Shillings. PMG About Uncirculated 55.** A rare printed "error" 30 Shillings Colonial note. Here the printers own name, John Dunlap, was improperly typeset to read "Dnnlap" in error. Nice red and brown signatures of Cadwalader Morris and Samuel Meredith add colorful eye appeal. A wonderful high quality Colonial Pennsylvania colonial note.

\$500-\$700

11010

**RI-292. Rhode Island. May, 1786. 1 Shilling. PCGS Currency Superb Gem New 67 PPQ.** A gorgeous fully original note, extremely well printed with full red and brown ink signatures. ## CONTINENTAL CURRENCY

11013

**CC-10. Continental Currency. May 10, 1775. \$30. PCGS Currency Choice About New 55.** A scarce \$30 note being the highest denomination on this First Continental Congress Philadelphia Issue. Signed in brown by "Jn. Shee" and "J. Laurence." PCGS Currency comments "Minor Mounting Remnants and Restorations on Back."

\$300-\$500

11014

**CC-62. Continental Currency. February 26, 1777. \$30. PMG About Uncirculated 50.** No. 73162. Printed by Hall and Sellers. Signed by Cromwell and Kelso. Emblem of a wreath on a tomb. Latin motto SI RECTE FACIES, which Newman translates "If you act righteously, you will be honored after death." The notes from this series were issued "at Baltimore." While the British occupied Philadelphia, the Continental Congress met in Baltimore from December 20, 1776, to February 27, 1777. This is the final issue which utilized the dual-emblem back on \$30 notes. This vibrant example appears better than the assigned grade. The Newman note graded PCGS AU 53PPQ and closed in on the \$1,000 figure. Last year we sold a PMG AU 63 EPQ example for just under \$2,000. An excellent representative of the Franklin emblem-back type.

**\$750-\$1,250**

11015

**CC-86. Continental Currency. 1778. \$60. About Uncirculated.** Signed by Gamble and Snowden. The face shows the earth emblem which was designed by Declaration of Independence signer Francis Hopkinson. Latin motto DEUS REGNAT EXULTET TERRA, which Newman translates "God reigns, let the Earth rejoice."

**\$300-\$500**

*From the August Nagy Collection.*

## OBsolete Notes

11016

**ABNC Santa Claus Plate Impression with Santa Themed Notgeld Note. Uncirculated.** A red printed Santa Claus vignette plate impression with SPECIMEN punch cancelled at bottom. ABNC stamp on back. We also see a 1921 dated 60 Heller note featuring Santa Claus with a little girl on the face.

**\$300-\$500**

*From the Dottie Freeman Santa Claus Collection.*

11017

**Santa Claus Die Proof Vignette, India Paper on Card. PMG Encapsulation.** Santa Claus vignette die proofs are rarely seen except in advanced collections. A bold impression on lightly toned India paper mounted on card. The vignette has been cut down from its full size. One of the more unusual die example we have seen or offered.

**\$350-\$550**

11018

**Spread Eagle Vignette. National Bank Note Co., New York. 1860s-1870s.** One of the most iconic images in American currency. This "Spread Eagle" plate impression by the National Bank Note Company is well known from the \$100 Legal Tender Notes of 1862 and 1863. This is a darkly inked and striking impression on broadly margined card.

**\$100-\$200**

## ALABAMA

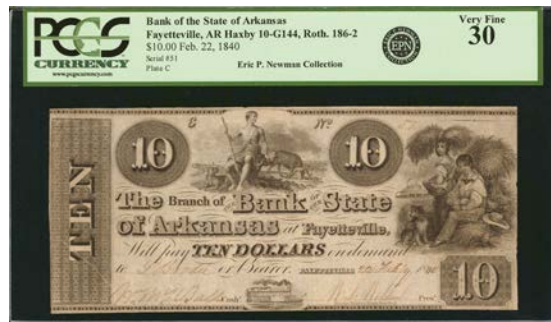

11019

**Marion, Alabama. Rea & England. 1862 50 Cents. PCGS Currency Fine 15.** Rosene Unlisted. July, 1862. Printed on white paper in green ink. Justice holds her scales at left. Fully issued as it is numbered and also signed by both Rea & England. The back has a pair of upside-down numbers in parentheses in the style that is found on many state's lottery tickets. We have only seen one other example and that was a \$1 note. This is the first we have sold and is presumed to be unique.

**\$450-\$550**

## ARKANSAS

11020

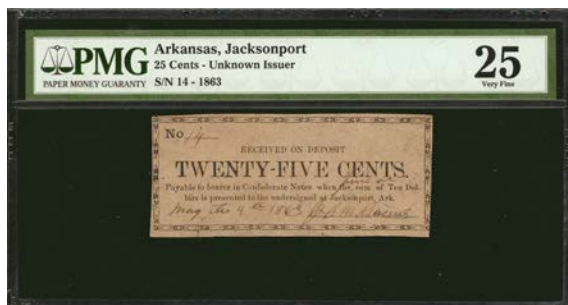

**Fayetteville, Arkansas. Bank of the State of Arkansas. 1840 \$10. PCGS Currency Very Fine 30. (AR-10 G144). Rothert 186-2. Rawdon, Wright & Hatch. The central vignette is of a classical figure hunting with his dog and ox. Bottom center shows a steaming riverboat. This is the highest-grade example we have seen for any denomination of this series. Ex: Eric Newman collection where it first sold for over \$700. This is the first example we have sold.**

**\$600-\$800**

11021

**Fort Smith City, Arkansas. M. Mayers & Bro. Jan. 5, 1862. 50 Cents. Fine. Rare 50 Cent scrip note from this Arkansas based issuer that was run by two brothers who were local druggists. These could be redeemed in a number of locations including Sherman and Denton, Texas as well as Fort Gibson, Cherokee Nation. Some minor edge splits are observed.**

**\$300-\$500**

11022

**Jacksonport, Arkansas. Unknown Issuer. 1863 25 Cents. PMG Very Fine 25. (Rothert Unlisted) A small format uniface scrip note issued by a thus-far unidentified issuer. Similar in style to A.W. Pool and W.M. Steel scrip. This note is not seen in the Rothert Arkansas reference. It was payable in Confederate notes when sums of five or ten dollars were presented. The signer could have the initials J. A. M. and possibly have signed as Assistant Treasurer. Certainly an opportunity for further research for an Arkansas collector. We sold this same note for \$705 in our 2016 ANA sale. Presumed to be unique at best and crushingly rare at the least.**

**\$600-\$800**

## CALIFORNIA

11023

**Magdalena, California. The Bank of Lower California Trust and Loan Association. Late 1880's to Early 1900's. 10 Cents. Choice About Uncirculated. Printed on bond paper. Small size format scrip note. 91mm by 52mm. Lithographed on both sides without imprint. Green undertint, similar to the green back with "TEN CENTS" across center. Black text, obligations and title curved across the top. Payable in "Gold Coin" in New York or San Francisco. Not a particularly rare issue but one that has never been well researched to our knowledge. The notes are marked as "temporary issue" prior to engraved notes. They should fit into the latter part of the period between the Civil War and the turn of the century. Rarity 4 in our estimation and usually seen in this grade. Excellent color, but trimmed inwards all around. A classic California change bill.**

**\$300-\$400**

11024

**Magdalena, California. The Bank of Lower California Trust and Loan Association. (ND) \$1. Very Fine. Green tinted scrip note from the post-Civil War era, late 19th Century to perhaps very early 20th Century. American and Mexican themes at top corners. Some edge splits are found on this example.**

**\$400-\$600**

Each note is signed, issued and dated 1814 with written payees who were key military figures of the recent War of 1812. Figures include Stephen Decatur (x2), Oliver Hazard Perry, A. Jackson, Tho. MacDonagh, Porter (x2), and Brown. Various denominations from \$2 to \$10 including one \$3 bill. Interesting usage of these famous names which was often the case on the early obsolete notes of the period.

\$300-\$500

11026

**Hartford, Connecticut. Phoenix Bank. 18xx \$5. Proof. PCGS Currency Very Choice New 64.** (CT-195 G138). Imprint of Danforth & Hufty, New-York & Philad. India paper only. Center vignette of three allegorical females. Intricate corner filigree details with 5 counters. Very striking design balance and plate details. Likely part of the sheet from Lot 76 of the 1990 ABNCo sale. PCGS Currency notes "Minor Adhesive Residue on Face." Very rare as a proof. We last sold one of this design for \$1,292.50 in AU condition (with problems) in our 2012 Baltimore sale.

\$500-\$700

11028

**West Winsted, Connecticut. Hurlbut Bank. 18xx \$3. Proof. PCGS Currency New 62.** (CT-465 G22a SENC). Four HPCs. Imprint of Bald, Adams & Co, New-York/Bald, Cousland & Co., Philadelphia. Hole Punch Cancelled. The same as G10 but with the addition of the large red "TEN" protector. We have not sold a proof on this bank since 2014. Indian family on bluff overlooks civilization. State die at lower right. The only example we have sold of this denomination, with the protector, was a raw CU proof that we sold for \$661.25 at our 2011 Philadelphia sale. This screaming gem is easily the nicest we have seen on the bank.

\$750-\$1,250

## DELAWARE

11030

**Sussex, Delaware, Diamond State Bank. 1866 \$2. PMG Choice Fine 15.** (DE-80 G4a). Feb. 15, 1866. Imprint of the American Bank Note Co. Philad. Vignette at top left of farmers gathering ears of corn in baskets and load them onto a wagon. At right Center a sailboat in the harbor. At bottom right a sailor standing. Protector "TWO" in red. PMG notes "Tape Repairs." The bank was in business in 1866 and 1867. The 1866 date is right on the cusp of the Federal 10% tax that came about on July 1, 1866. A nice circulated issued note that is seldom seen. This is much nicer than the only other \$2 note we sold, a troubled Fine that realized \$540.50 in our November 2016 sale.

**Columbia, Texas. The Commercial & Agricultural Bank of Texas. ND (18xx). \$1. PMG Gem Uncirculated 66 EPQ. Remainder.** (TX-5 G2) Draper, Toppa, Longacre & Co. Phila & N.Y. At left, Daniel Boone standing with rifle. At right, Indian near shore in canoe. The Commercial & Agricultural Bank of Texas was authorized in April 1835 and was headquartered in the town of Columbia, before Texas joined the Union (in 1845). The capital was set at a maximum of \$1,000,000, and the bank was allowed to establish branches wherever it wanted to. Although on December 14, 1837, the Texas Congress had passed an act prohibiting any person or entity to issue paper money, on February 3, 1841, the Congress authorized McKinney & Williams, proprietors of the Commercial and Agricultural Bank, to issue \$30,000 worth of bills, as the partnership had provided financial aid to the Texas government earlier. Notwithstanding this, the bank never opened its doors. A supply of bills ordered from Philadelphia was thus useless at the time, but generations later proved to be a boon to collectors, especially the four subject \$1-\$1-\$1-\$1 sheets, many of which were cut apart, yielding the available supply of numismatic mementoes of this bank that might have been, but wasn't. ## CONFEDERATE CURRENCY

11209

**T-10. Confederate Currency. 1861 \$10. PMG Very Fine 20.** No. 59716. Plate A. PF-16. Hoyer & Ludwig. This is the variety with "for" written above Treas. Over 170,000 of these were printed on thick bond paper. Boldly signed and with good print detail. These are always worth a hefty premium when they are found on brighter paper, as so many circulated examples have seen a browning of the paper surfaces over the past century and a half. Technically about 97% framed but this cataloger certainly has no qualms with this being considered fully framed. Problem free examples such as this are always cherished by the collecting community, particularly at the VF or better grade level. In our Spring Baltimore sale, we sold a very similar looking example with smaller margins sell for over \$700.

\$750-\$1,250

11210

**T-16. Confederate Currency. 1861 \$50. PMG Extremely Fine 40.** No. 42546. Plate XA. PF-12. CSA scrip watermark. Seen with flawless ink color and bright paper. For all intents and purposes fully framed, although straying a hair close at the upper right margin. The first Confederate type with Jefferson Davis portrait at center.

\$400-\$600

11211

**T-21. Confederate Currency. 1861 \$20. PMG Very Fine 30.** No. 29301. Plate Z. PF-6. Vice President Alexander Stephens at center. Printed by Keatinge & Ball. CSA block watermarked paper. A pair of swooshing, almost vanity, signatures. Vivid forest green ink colors. We sold another PMG VF 30 in our ANA sale for over \$500 but this example has better margins.

\$600-\$800

11212

**T-25. Confederate Currency. 1861 \$10. PCGS Currency Very Fine 25.** No. 6137. Plate Y. A better type without the red "X" protectors. Bright and very well signed.

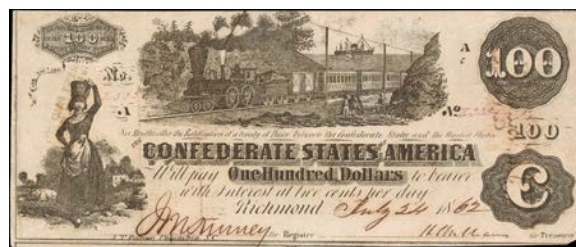

\$300-\$400

11213

**T-29. Confederate Currency. 1861 \$10. PMG Very Fine 30.** No. 17676. Plate A. Produced by Blanton Duncan. Central vignette of a Slave picking cotton. There was a printing of 286,627, but this must be one of the prettier survivors. Very bright and well signed. Seen with much better margins than your average T-29 note. The printing quality is superb. A year ago, we sold a PMG VF 30 that went for more than \$700.

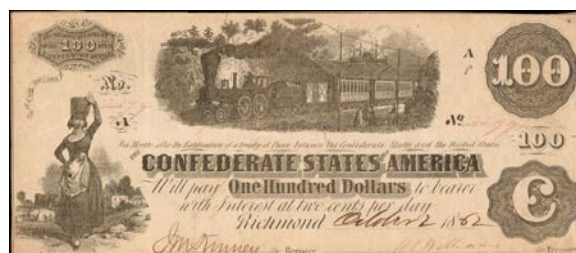

\$750-\$1,250

11214

**T-39. Confederate Currency. 1862 \$100. Very Fine.** No. 23332, Plate Ac. Capt. & AQM J.A. Burke issued this \$100 Train Note Sept. 19, 1862. The issuing manuscript is sharply inked on the back of the note. Three interest paid stamps are found on the back including ones from Jackson and Tallahassee. Overall the note is vividly printed in darks inks on bright, moderately circulated paper.

\$400-\$600

11215

**T-40. Confederate Currency. 1862 \$100. Very Fine.** No. 54299, Plate Af. Captain and Military Storekeeper J.E.P. Daingerfield issues this note January 10, 1863. His manuscript endorsement is well penned in bold inks on the back of the note.

\$300-\$500

11216

**T-41. Confederate Currency. 1862 \$100. PCGS Currency Gem New 65 PPQ.** An impressively high-grade offering on this 1862 \$100 design with exceptional overall quality in all technical aspects.

\$400-\$600

11217

**T-41. Confederate Currency. 1862-63 \$100. PMG Choice Uncirculated 64 EPQ.** No. 150931. Plate Z. Dec. 11, 1862. Much scarcer J. Whatman watermark. A terrific example of this design which borders on a Gem grade with just a tight bottom right margin being the only limiting factor in grade in our opinion.

\$400-\$600

11218

**T-41. Confederate Currency. 1862 \$100. PCGS Currency Extremely Fine 40 PPQ.** No. 53912. Plate X. This note is well printed and seen with modest circulation.

\$70-\$90

11219

**Lot of (18) T-41. Confederate Currency. 1862. \$100. Very Fine to Uncirculated.** A useful offering of (18) always in demand \$100 "Hoer" notes. All are higher grade and display various watermarks or stamped endorsements.

\$1,000-\$1,500

11220

**T-42. Confederate Currency. 1862 \$2. PMG Choice Uncirculated 63 EPQ.** No. 33619. Plate 8. Central vignette of the South striking down the Union. Portrait of Judah Benjamin at left. He was the Secretary of War and later the Secretary of State within the Confederate cabinet. Although the margins seem to be tight on all sides, we do see a frame line all the way around. We have only sold two better notes, both PMG Choice CU 64 EPQ, and those realized prices between \$1,500 and \$2,500 each.

\$500-\$700

11221

**T-42. Confederate Currency. 1862 \$2. PMG Choice Uncirculated 63 EPQ.** No. 27119. Plate 5. Central vignette of the South striking down the Union. Portrait of Judah Benjamin at left. He was the Secretary of War and later the Secretary of State within the Confederate cabinet. Although the margins seem to be tight on all sides, we do see a frame line all the way around. We have only sold two better notes, both PMG Choice CU 64 EPQ, and those realized prices between \$1,500 and \$2,500 each.

\$600-\$800

11222

**T-43. Confederate Currency. 1862 \$2. PMG Very Fine 25.** No. 57636. Plate 3. PF-1. Bold green overprints. Much better margins than usual. A year ago, we sold a PMG VF 30 EPQ for \$1,200.

\$300-\$400

11223

**CT-44. Confederate Currency. 1862 \$1. Contemporary Counterfeit. PMG Choice Uncirculated 63.** No. 9710. Plate 10. Contemporary Counterfeit. PMG has done their due diligence and spotted the lightly handwritten word "Counterfeit", thereby noting an Annotation. This is actually a heck of a tough counterfeit type, with PMG having only graded five pieces. This is the second nicest one with a single Very Choice CU 64 above it. That note just sold for a touch under \$1,000 a couple of months ago.

\$600-\$900

11224

**CT-45. Confederate Currency. 1862 \$1. Contemporary Counterfeit. PMG Choice Uncirculated 64 EPQ.** Serial number None. Plate 10. Engraved signatures. Contemporary counterfeit likely produced by Upham. Seen with a period before "FIRST." Not Top Pop but close, with only four gem examples better seen by PMG. We have checked auction records and none of those gems appears to have surfaced via the auction route.

**\$600-\$900**

11225

**T-45. Confederate Currency. 1862 \$1. PMG Very Fine 25.** No. 22871. Plate 7. Large green "ONE" overprint. Lucy Pickens at lower right. Sailing ships at center. Decent margins for this type.

**\$200-\$300**

11226

**T-51. Confederate Currency. 1862 \$20. PMG Very Fine 30.** No. 43102. Plate A. Doubled Printing Error. The left plate letter "A" as well as imprint of "Engraved by Keatinge & Ball. Columbia, S.C." are both double printed. Fricke lists this as Rarity 11. We can only find a single PMG EF 45 that is graded higher than this one. The margins are actually superb when one considers what generally terrible margins are found on notes of this type.

**\$750-\$1,250**

11227

**T-52. Confederate Currency. 1862 \$10. PMG Choice About Uncirculated 58.** No. 31544. Plate C. Healthy pink paper. Printed by Blanton Duncan. Fully framed and much scarcer as such.

## NEW HAMPSHIRE

11385

**Berlin, New Hampshire. \$5 1902 Date Back. Fr. 593. The Berlin NB. Charter #4523. PMG Very Fine 20.** This challenging New Hampshire note is from the town of Berlin in beautiful Coos County. Three national banks operated within the town's borders during the National Bank Note era, with this institution being the only one to have issued large-size notes. This number 16 note is one of only 19 known large-size bills and bears the lowest known serial number among them. The Track and Price census also lists a number 16 \$5 Plain Back with the same serial and plate position, most certainly a duplicate entry. Nice overall appeal for the grade with no problems worthy of comment by PMG. Faded banking signatures are observed, a problem often associated with circulated examples of these Date Backs.

The Berlin National Bank, charter 4523, was the first of three banks in Berlin during the currency-issuing period. The institution was formed on January 31, 1891, at which time the charter was accepted and directors elected. The bank was capitalized at \$50,000, the minimum amount under Treasury regulations at the time. The founding president was local lawyer Alfred R. Evans, and Albert H. Eastman held the post of cashier. The latter would use this as a springboard for what became a very complex banking career. What is known about Eastman today is largely taken from previously confidential (unsealed in 2002) records of the Comptroller of the Currency, an office within the United States Treasury, that has been studied by Dave Bowers and Dave Sundman. What is revealed is interesting, but, no doubt, much more remains to be learned-if, indeed, anyone ever recorded details of his personal life. If time permits this would make an interesting story in *Paper Money*, the journal of the Society of Paper Money Collectors.

\$500-\$800

11386

**Berlin, New Hampshire. \$5 1929 Ty. 1. Fr. 1800-1. The Berlin NB. Charter #4523. Extremely Fine.** Vividly printed inks and bright, well margined paper are featured on this Berlin Type-1 \$5 that at first glance appears Choice Uncirculated. A few light vertical folds account for the grade.

\$200-\$300

11387

**Claremont, New Hampshire. \$5 1902 Plain Back. Fr. 602. The Peoples NB. Charter #4793. Fine.** Bold stamped signatures are featured on this mid-grade \$5 Plain Back from this Sullivan County bank. Even circulation and just some ink at the back upper left.

11388

**Claremont, New Hampshire. \$10 1929 Ty. 1. Fr. 1801-1 (W-1720). The Peoples NB. Charter #4793. PMG About Uncirculated 55 EPQ.** Just a couple of faint folds appear to have prevented this darkly printed Type-1 \$10 from receiving a full Uncirculated grade. The creamy white paper is fully original and well deserving of the EPQ designation.

\$300-\$500

11389

**Claremont, New Hampshire. \$20 1929 Ty. 1. Fr. 1802-1. The Peoples NB. Charter #4793. Very Fine.** An evenly circulated mid-grade Type-1 \$20 from Claremont that features bold inks and sound paper.

\$125-\$175

11390

**Claremont, New Hampshire. \$10 1929 Ty. 2. Fr. 1801-2. Claremont NB. Charter #13829. Very Fine.** A rare offering from this Sullivan County bank that was a late charter in November of 1933. The bank issued Type-2 notes only in denominations of \$5, \$10 and \$20. Today just 10 notes are recorded in the census for the bank. This \$10 is a nice representation for the charter displaying wholesome, evenly circulated paper, dark inks and broad margins.

\$250-\$350

11391

**Claremont, New Hampshire. \$20 1929 Ty. 2. Fr. 1802-2. Claremont NB. Charter #13829. PMG Very Fine 25.** This charter has been a great challenge to collectors, this \$20 is one of just 10 notes known from this Type-2 only bank. Claremont was home to two issuing banks with this being the rarer by far. The other, the Peoples National Bank has roughly six times more entries in the census. This \$20 note joins another three for the denomination and is quite appealing, with problem free paper for the assigned PMG grade. Another *find* for the specialist!

The Claremont National Bank (2nd) received charter 13829 in November 1933, as successor to the Claremont National Bank (1st), charter 596. The institution assumed certain assets and liabilities of its predecessor, including currency circulation.

The official title for charter 596 was The Claremont National Bank, with "The" capitalized. This style appeared on all currency, while it was often ignored elsewhere. In this text we have designated this as the Claremont National Bank (1st). When a new bank was formed in 1933 (charter 13829) the capitalized "The" was removed on paper money and official documents. If the new bank had been given a new and unfamiliar name the public might not have trusted it. This was the year of the Bank Holiday and other financial crises, and many banks failed. This one failed in a sense as it was dissolved and some assets were moved to a new corporation.

\$500-\$800

11392

**Colebrook, New Hampshire. \$5 1929 Ty. 1. Fr. 1800-1. The Colebrook NB. Charter #4041. Very Fine.** A darkly inked Type-1 \$5 on this Colebrook bank that displays wholesome evenly circulated paper.

\$200-\$300

Very Fine.** This Colebrook bank only issued small size notes in the \$10 denomination, issuing them both in Type-1 and Type-2 form. This is one of just three Type-2 examples known on the bank and it displays even circulation and mostly clean paper.

\$200-\$300

11394

**Concord, New Hampshire. \$5 1902 Plain Back. Fr. 598. The First NB. Charter #318. Very Fine.** Mostly bright paper is found on this well printed and modestly circulated \$5 Plain Back. Neatly stamped bank officers' signatures are also displayed.

**Concord, New Hampshire. \$5 1902 Plain Back. Fr. 598. The National State Capital Bank. Charter #758. Fine.** A fully margined \$5 Plain Back which displays bold machine printed signatures and average circulation. Some surface scuffs are seen to the left and right thirds of the note. They are fairly minor in scope though.

\$200-\$300

11396

**Concord, New Hampshire. \$20 1929 Ty. 1. Fr. 1802-1. The National State Capital Bank. Charter #758. Very Fine.** A perfect note for the state capital collector. Nice overall appeal with just a few areas of touch up with pencil at the bank title.

\$100-\$200

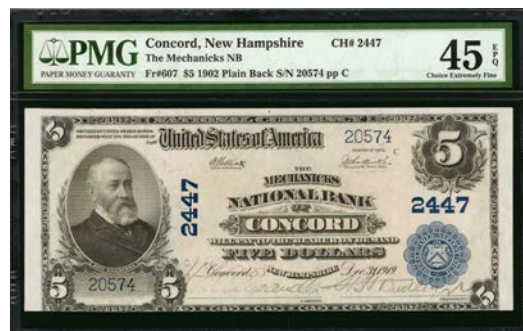

11397

**Concord, New Hampshire. \$10 1882 Date Back. Fr. 545. The Mechanics NB. Charter #2447. PMG Choice Fine 15 Net. Signatures Redrawn.** This is an extremely scarce note as a type and denomination, from this always desirable state capital. Just a single other note is in the census. We have traced three. One other, serial 1607, was reported by Dick Dolloff decades ago as VG-F and has not been traced since. The last, serial 5505, is slightly finer in grade than this and is held in a private collection. Considering that 27,600 were printed, it is amazing that nearly all have disappeared.

Although there is a healthy overall total of large-size pieces known for the bank, the rarity of this configuration cannot be understated. The eye appeal is nice for the near Very Fine grade, with just the signatures having been traced over at some point in the note's history. This is a negative, to be sure, but it is perhaps outweighed by the extreme rarity of this variety. The first public offering that we are aware of for this catalog number on the bank.

The Mechanics National Bank of Concord was chartered on January 3, 1880, successor to Minot & Co. Bankers, which for many years had continued much of the business of the old state-chartered, note-issuing Mechanics Bank of Concord. The capital was set at \$100,000. The premises of Minot & Co. in the relatively new (1873) brick Board of Trade building were occupied by the National Bank, a comfortable office in a central location. The bank name was nearly always spelled archaically as Mechanics, including on paper money, but occasionally in print an apostrophe would be used, and a number of federal documents have it incorrectly as Mechanics, as do some modern numismatic citations.

\$400-\$800

11398

**Concord, New Hampshire. \$5 1902 Plain Back. Fr. 607. The Mechanic's NB. Charter #2447. PMG Choice Extremely Fine 45 EPQ.** Wonderfully original paper surfaces are noticed on this lightly circulated \$5 Plain Back from this capital city bank. Bold overprint embossing is found on the back while sharply stamped signatures are seen on the face. This note was easily deserving of PMG's assigned EPQ designation.

\$400-\$600

11399

**Derry, New Hampshire. \$10 1929 Ty. 1. Fr. 1801-1. The Derry NB. Charter #499. Fine.** This Type-1 \$10 from Derry comes well traveled but evenly circulated. The engraved design elements remain darkly inked and the paper is fully margined and free of impairment.

The 26 small size notes known on the bank represent nearly all the collectible examples for the charter as just two large size notes are reported to survive from the bank. The present \$5 displays average circulation and is well margined and sharply printed. A few minor stains are also noted.

\$200-\$300

11404

**Hillsborough, New Hampshire. \$10 1929 Ty. 2. Fr. 1801-2. The First NB. Charter #1688. Very Fine.** This is a tough bank to locate in small size with just eight examples recorded in the census. The presently offered \$10 is actually the only Type-2 note known for the bank. Plentiful margins and darkly printed inks are featured on this evenly circulated note.

\$200-\$300

This \$5 Plain Back displays just modest circulation with three vertical folds accounting for the grade. Lightly stamped bank officer's signatures are observed.

On February 2, 1865, the stockholders of the Cheshire County Bank (a different institution from the Cheshire Bank) transferred the business to become the Keene National Bank. The capital was authorized at a maximum of \$300,000, but the directors selected \$100,000 as the amount desired.

Track and Price lists 15 known large-size for this title with 23 recorded for the first. A few minor edge nicks but the banking signatures are still legible.

\$150-\$250

11412

11418

**Lebanon, New Hampshire. \$20 1929 Ty. 1. Fr. 1802-1. The NB of Lebanon. Charter #808. PMG Very Fine 25.** Like most National banks on New Hampshire this was the lone note issuing institution in the town. Just over 20 small-size notes are known for this Grafton County charter. This piece offers pleasing centering and just a minor erasure, noted by PMG on the back of the holder. *The Banker's Magazine and Statistical Register*, March 1865, included this: "Lebanon.-The National Bank of Lebanon, Grafton County, N.H., (No. 808) was organized in February, and takes the place of the late Lebanon Bank, with a present capital of \$100,000, (as before) limited to \$200,000. President, Robert Kimball; Cashier, James H. Kendrick; both of whom have been connected with the old bank for several years, with marked success."

The bank continued its success and issued notes into the small-size era 1929 and later. Today, notes on this bank are popular and widely collected, although some such as the one offered here are on the scarce side.

## Terms & Conditions – Showcase and Collectors Choice Auctions

1. Auction Basics. This is a public auction sale (“Auction Sale”) conducted by bonded auctioneers, Stack’s Bowers Galleries or Stack’s Bowers and Ponterio (hereinafter referred to as “Auctioneer” and at times as “Stack’s Bowers”). Bidding in this Auction Sale constitutes acceptance by you (“Bidder”) of all the Terms of Sale stated herein. Bidders may include consignors who may bid and purchase lots in the Auction Sale consigned by the consignor or by other consignors pursuant to their consignment agreement with Stack’s Bowers (“Consignor” or “Consignors”). A Consignor that bids on their own lots in the Auction Sale may pay a different fee than the Buyer’s Premium charged to all other Buyers. Stack’s Bowers reserves the right to include in any auction sale its own material as well as material from affiliated or related companies, principals, officers or employees. Stack’s Bowers may have direct or indirect interests in any of the lots in the auction and may collect commissions. THE TWO PRECEDING SENTENCES SHALL BE DEEMED A PART OF THE DESCRIPTION OF ALL LOTS CONTAINED IN THE CATALOG. Where the Consignor has repurchased a lot and the lot is either returned to the Consignor or otherwise dealt with or disposed of in accordance with the Consignor’s direction, or pursuant to contractual agreement, Stack’s Bowers reserves the right to so note in the prices realized or to omit a price from the prices realized. Stack’s Bowers and its affiliates may bid for their own account at any auction. Stack’s Bowers and its affiliates may have information about any lot that is not known publicly, and Stack’s Bowers and its affiliates reserves the right to use such information, in a manner determined solely by them and for their benefit, without disclosing such information in the catalog, catalog description or at the auction. Bidder acknowledges and agrees that Stack’s Bowers and its affiliates are not required to pay a Buyer’s Premium, or other charges that other Bidders may be required to pay and may have access to information concerning the lots that is not otherwise available to the public. Any claimed conflict of interest or claimed competitive advantage resulting therefrom is expressly waived by all participants in the Auction Sale. Lots may carry a reserve (“Reserve”). A Reserve is a price or bid below which the Auctioneer will not sell an item or will repurchase on behalf of the Consignor or for Stack’s Bowers. Reserves may be confidential and not disclosed. The Buyer is the Bidder who makes the highest bid accepted by the Auctioneer, and includes the principal of any Bidder acting as an agent.

2. Descriptions and Grading. Bidder acknowledges that grading of most coins and currency in this Auction has been determined by independent grading services, and those that are not may be graded by Stack’s Bowers. Grading of rare coins and currency is subjective and, even though grading has a material effect on the value of the coins and currency, grading may differ among independent grading services and among numismatists. Stack’s Bowers is not responsible for the grades assigned by independent grading services, and makes no warranty or representation regarding such grades. Bidder further acknowledges and agrees that grades assigned by Stack’s Bowers and lot descriptions are based solely upon an examination of the coins and currency and are intended to identify coins and currency and note any perceived characteristics. However, coin grading and descriptions are subjective. Stack’s Bowers does not warrant the accuracy of such grading or descriptions, nor do they in any way form the basis for any bid. All photographs in this catalog are of the actual items being sold but may not be the actual size or to scale.

3. The Bidding Process. The Auctioneer shall have the right to open or accept the bidding on any lot by placing a bid on behalf of the Consignor or his or her agent; a Bidder by mail, telephone, Internet or telefax; or any other participant in the Auction Sale. Bids must be for an entire lot and each lot constitutes a separate sale. All bids must be on increment as established by the Auctioneer, or half increment (a cut bid). Non-conforming bids will be rounded down to the nearest full increment and this rounded bid will be the bidder’s high bid. No lot will be broken up unless otherwise permitted by the Auctioneer. Lots will be sold in their numbered sequence unless Auctioneer directs otherwise. All material shall be sold in separate lots to the highest Bidder as determined by the Auctioneer. Auctioneer shall have the right in its sole and absolute discretion to accept or decline any bid, establish bid increments, challenge any bid or bidding increment, to reduce any mail bid received, adjudicate all bidding disputes, to exclude any bidder and to determine the prevailing bid. The Auctioneer shall have the right, but not the obligation, to rescind the acceptance of any bid and place the lot(s) for Auction Sale again. Auctioneer’s decision on all bidding disputes shall be binding and final. For the mail and Internet Bidder’s protection, no “unlimited” or “buy” bids will be accepted. When identical bids are received for a lot, preference is given to the first bid received as determined by the Auctioneer. A mail bid will take precedence over an identical floor bid; a Floor Bidder, Telephone Bidder and Live Internet Bidder

must bid higher than the highest mail bid to be awarded any lot. Cut bids are only accepted on bids greater than \$500 and each bidder may only execute one cut bid per lot. Bids will not be accepted from persons under eighteen (18) years of age without a parent’s written consent which acknowledges the Terms of Sale herein and agrees to be bound thereby on behalf of the underage Bidder. The auction sale is complete when the Auctioneer so announces by the fall of the hammer or in any other customary manner.

THIS IS NOT AN APPROVAL SALE. Bidders who physically attend the Auction sale, either personally or through an agent (“Floor Bidders”) should carefully examine all lots which they are interested in purchasing. Bidders who bid by telephone, either personally or through an agent, or through our live auction software receive a similar benefit as Floor Bidders in being able to actively participate in the live Auction Sale (“Telephone Bidders” and “Live Internet Bidders”). Except as otherwise expressly provided in these Terms of Sale, NO PURCHASED ITEMS MAY BE RETURNED FOR ANY REASON. All prospective Bidders who examine the lot(s) prior to the Auction Sale personally assume all responsibility for any damage that Bidder causes to the lot(s). Stack’s Bowers shall have sole discretion in determining the value of the damage caused, which shall be promptly paid by such Bidder.

Certain auctions or auction sessions, will be conducted exclusively over the Internet, and bids will be accepted only from pre-registered Bidders.

STACK’S BOWERS IS NOT RESPONSIBLE FOR ANY ERRORS IN BIDDING. All Bidders should make certain to bid on the correct lot and that the bid is the bid intended. Once the hammer has fallen and the Auctioneer has announced the Buyer, the Buyer is unconditionally bound to pay for the lot, even if the Buyer made a mistake. Stack’s Bowers reserves the right to withdraw any lot at any time, even after the hammer has fallen, until the Buyer has taken physical possession of the lot. No participant in the Auction Sale shall have a right to claim any damages, including consequential damages if a lot is withdrawn, even if the withdrawal occurs after the Auction Sale.

4. Bidder Registration Required. All persons seeking to bid must complete and sign a registration card either at the auction or online, or otherwise qualify to bid, as determined in the sole discretion of the Auctioneer. By submitting a bid, the Bidder acknowledges that Bidder has read the Terms and Conditions of Auction Sale, the descriptions for the lot(s) on which they have bid, and that they agree to be bound by these Terms of Sale. This agreement shall be deemed to have been made and entered in California. The Bidder acknowledges that the invoice describing a lot by number incorporates the catalog and Terms of Sale. Person appearing on the OFAC list are not eligible to bid.

5. Buyer’s Premiums. A premium of twenty percent (20%) based upon the total amount of the hammer (minimum of \$20), will be added to all purchases of individual lots, regardless of affiliation with any group or organization (the “Buyer’s Premium”). A reacquisition charge may apply to Consignors pursuant to a separate agreement, which may be higher or lower than the Buyer’s Premium.

6. Payment. Payment is due immediately upon the fall of the auctioneer’s hammer. Payment is delinquent and in default if not received in full, in good funds, within fourteen (14) calendar days of the Auction Sale (the “Default Date”), without exception, time being of the essence. Unless otherwise agreed in writing prior to the Auction Sale, all auction sales are payable strictly in U.S. Dollars, Hong Kong Dollars or Chinese Renminbi. All invoices will be made in United States Dollars. If paying in Hong Kong Dollars or Chinese Renminbi, Buyer’s invoices will be credited with the amount of U.S. Dollars received from Auctioneer’s bank. Payments may be made by credit card, Paypal, Union Pay, check, wire transfer, money order and cashier’s check. Stack’s Bowers reserves the right not to release lots for which good funds have not yet been received. On any past due accounts, Stack’s Bowers reserves the right, without notice, to extend credit and impose carrying charges (as described

below). Buyers agree to pay reasonable attorney's fees and cost incurred to collect past due accounts. Any invoice not paid by the Default Date will bear a five percent (5%) late fee on the invoice amount. Buyers personally and unconditionally guarantee payment in full of all amounts owed to Stack's Bowers. Any person submitting bids on behalf of a corporation or other entity, by making such bid, agrees to be personally jointly and severally liable for the payment of the purchase price and any related charges and the performance of all Buyer obligations under these Terms of Sale and Stack's Bowers reserves the right to require a written guarantee of such payments and obligations. Bidders who have not established credit with Stack's Bowers must furnish satisfactory information and credit references and/or deposit at least twenty-five percent (25%) of their total bids for that Auction Sale session(s) or such other amount as Stack's Bowers may, in its sole and absolute discretion require before any bids from such Bidder will be accepted. Deposits submitted will be applied to purchases. Any remaining deposits will be promptly refunded, upon clearance of funds.

7. Sales Tax. Buyers will be charged all applicable sales tax unless a valid Resale Certificate has been provided to the Auctioneer prior to the auction. Should state sales tax become applicable in the delivery state prior to delivery of the property on the invoice, the Buyer agrees to pay all applicable state sales tax as required by the delivery state as of the shipping date. In the event any applicable sales tax is not paid by Buyer that should have been paid, even if not such tax was not charged or collected by Stack's Bowers by mistake, error, negligence or gross negligence, Buyer nonetheless acknowledges responsibility to pay such sales tax and remains fully liable for and agrees to promptly pay such taxes on demand, together with any interest or penalty that may be assessed by the taxing authority and agrees to indemnify and hold Auctioneer harmless from any applicable sales tax, interest or penalties due. Lots from different Auctions may not be aggregated for sales tax purposes.

8. Financial Responsibility. In the event any applicable conditions of these Terms of Sale herein are not complied with by a Buyer or if the Buyer fails to make payment in full by the Default Date, Stack's Bowers reserves the right, in its sole discretion, in addition to all other remedies which it may have at law or in equity to rescind the sale of that lot or any other lot or lots sold to the defaulting Buyer, retaining all payments made by Buyer as liquidated damages, it being recognized that actual damages may be speculative or difficult to compute, and resell a portion or all of the lots held by Stack's Bowers, in a commercially reasonable manner, which may include a public or private sale, in a quantity sufficient in the opinion of Stack's Bowers to satisfy the indebtedness, plus all accrued charges, and Stack's Bowers may charge a seller's commission that is commercially reasonable. More than one such sale may take place at the option of Stack's Bowers. If Stack's Bowers resells the lots, Buyer agrees to pay for the reasonable cost of such sale, together with any incidental costs of sale, including reasonable attorney's fees and costs, cataloging and any other reasonable charges. Notice of the sale shall be by U.S.P.S. Certified Mail, Return Receipt Requested to the address utilized on the Bid Sheet, Auction Consignment and Security Agreement or other last known address by Stack's Bowers. The proceeds shall be applied first to the satisfaction of any damages occasioned by Buyer's breach, then to any other indebtedness owed to Stack's Bowers, including without limitation, commissions, handling charges, carrying charges, the expenses of both sales, seller's fees, reasonable attorneys' fees, costs, collection agency fees and costs and any other costs or expenses incurred. Buyer shall also be liable to Stack's Bowers for any deficiency if the proceeds of such sale or sales are insufficient to cover such amounts.

Buyer grants to Stack's Bowers, its affiliates and assignees, the right to offset any sums due, or found to be due to Stack's Bowers, and to make such offset from any past, current, or future consignment, or purchases that are in the possession or control of Stack's Bowers; or from any sums due to Buyer by Stack's Bowers, its affiliates and assignees. In addition, defaulting Buyers will be deemed to have granted to Stack's Bowers, its affiliates and assignees, a security interest in: (x) the purchased lots and their proceeds, and (y) such sums or other items and their proceeds, in the possession of Stack's Bowers, its affiliates or assignees, to secure all indebtedness due to Stack's Bowers and its affiliated companies, plus all accrued expenses, carrying charges, seller's fees, attorney fees, and costs, until the indebtedness is paid in full. Buyer grants Stack's Bowers the right to file a UCC-1 financing statement for such items, and to assign such interest to any affiliated or related company or any third party deemed appropriate by Stack's Bowers. If the auction invoice is not paid in full by the Default Date, a carrying charge of one-and-one-half percent (1-1/2%) per month may be imposed on the unpaid amount until it is paid in full. In the event this interest rate exceeds the interest

permitted by law, the same shall be adjusted to the maximum rate permitted by law, and any amount paid in excess thereof shall be allocated to principal. Buyer agrees to pay all reasonable attorney's fees, court costs and other collection costs incurred by Stack's Bowers or any affiliated or related company to collect past due invoices or to interpret or enforce the terms hereof or in any action or proceeding arising out of or related to the Auction Sale. Stack's Bowers reserves the right to assign its interest to any third party. To the extent that the Buyer for any lot consists of more than one person or entity, each such person or entity is jointly and severally liable for all obligations of the Buyer, regardless of the title or capacity of such person or entity. Stack's Bowers shall have all the rights of a secured creditor under Article 9 of the California Commercial Code and all rights of the consignor to collect amounts due from the Buyer, whether at law or equity.

9. Shipping. It is the Buyer's responsibility to contact Stack's Bowers after the sale to make shipping and packaging arrangements. Due to the fragile nature of some lots, Stack's Bowers may elect not to assume responsibility for shipping or packing, or may charge additional shipping and handling. Lots indicated as being "framed" or that are specifically identified in the catalog are shipped at Buyer's risk. All taxes, postage, shipping, if applicable, handling, insurance costs, the Buyer's Premium, and any other fees required by law to be charged or collected will be added to the invoice for any lots invoiced to Buyer. All lots shipped to foreign countries will be billed an additional one-half percent (1/2%) for insurance (minimum of \$10). For any lots delivered outside the United States, the declaration value shall be the item's hammer price plus its buyer's premium. Auctioneer shall not be liable for any loss caused or resulting from seizure or destruction under quarantine or customs regulation or confiscation by order of any government or public authority. Buyer shall be responsible for paying all applicable taxes, duties and customs charges for all lots delivered outside the United States. All lots will be shipped FOB Destination, freight prepaid and charged back. Title and risk of loss pass to the Buyer at the destination upon tender of delivery. Acceptance of delivery constitutes acceptance of the purchased lots. Inspection of the purchased lots is not required for acceptance. Any and all claims based upon Buyer's failure to receive a purchased lot, Buyer's receipt of a lot in damaged condition, or otherwise related to delivery, must be received in writing by Stack's Bowers no later than the earlier of thirty (30) days after payment, or the date of the Auction Sale (the "Outside Claim Date"). As Buyers may not receive notification of shipment, it is Buyer's responsibility to keep track of the Outside Claim Date and make timely notification of any such claim. The failure to make a timely claim, time being of the essence, shall constitute a waiver of any such claim. Orders paid by credit card will only be shipped to the verified address on file with the credit card merchant.

10. DISCLAIMER AND WARRANTIES. NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE IS MADE OR IMPLIED ON ANY LOT. NO WARRANTY, WHETHER EXPRESSED OR IMPLIED, IS MADE WITH RESPECT TO ANY LOT EXCEPT FOR WARRANTY OF TITLE, AND IN THE CASE OF TITLE, AUCTIONEER IS SELLING ONLY THAT RIGHT OR TITLE TO THE LOT THAT THE CONSIGNOR MAY HAVE AS OF THE AUCTION SALE DATE. ALL LOTS ARE SOLD "AS IS" AND WITH ALL FAULTS. PURCHASER HEREBY ASSUMES ALL RISKS CONCERNING AND RELATED TO THE GRADING, QUALITY, DESCRIPTION, CONDITION, AND PROVENANCE OF A LOT.

a. COINS AND CURRENCY LISTED IN THIS CATALOG GRADED AND ENCAPSULATED BY PCGS, NGC, ANACS, ICG, PCGS CURRENCY, PMG, PCGS BANKNOTE GRADING, CMC OR ANY OTHER THIRD PARTY GRADING SERVICE MAY NOT BE RETURNED FOR ANY REASON WHATSOEVER BY ANY BUYER. ALL THIRD PARTY GRADING SERVICE GUARANTEES, INCLUDING AUTHENTICITY, ARE THE SOLE RESPONSIBILITY OF THE THIRD PARTY GRADING SERVICE AND NOT WARRANTIES OR GUARANTEES OF THE AUCTIONEER.

b. In the case of non-certified coins and currency that have neither been examined by the Buyer prior to the Auction Sale, nor purchased by the Buyer or Buyer's agent at the Auction Sale, if it is determined in a review by Stack's Bowers that there is a material error in the catalog description of a non-certified coin or currency, such lot may be returned, provided written notice is received by Stack's Bowers no later than seventy-two (72) hours of delivery of the lots in question, and such lots are returned and received by Stack's Bowers, in their original, sealed containers, no later than fourteen (14) calendar days after delivery, in the same condition the lot(s) were delivered to the Buyer, time being of the essence. Non-certified coins and currency that have been

either examined by the Buyer prior to the Auction Sale or purchased by the Buyer or Buyer's agent at the Auction Sale, will not be granted return privileges, except for authenticity.

c. All non-certified coins and currency are guaranteed to be genuine.

d. If an item or items are returned pursuant to the terms herein, they must be housed in their original, sealed and unopened container.

e. Late remittance or removal of any item from its original container, or altering a coin constitutes just cause for revocation of all return privileges.

f. Grading or condition of rare coins and currency may have a material effect on the value of the item(s) purchased, and the opinion of others (including independent grading services) may differ with the independent grading services opinion or interpretation of Stack's Bowers. Stack's Bowers shall not be bound by any prior, or subsequent opinion, determination or certification by any independent grading service.

g. Questions regarding the minting of a coin as a "proof" or as a "business strike" relate to the method of manufacture and not to authenticity.

h. All oral and written statements made by Stack's Bowers and its employees or agents (including affiliated and related companies) are statements of opinion only, and are not warranties or representations of any kind, unless stated as a specific written warranty, and no employee or agent of Stack's Bowers has authority to vary or alter these Terms and Conditions of Auction Sale. Stack's Bowers reserves the right to vary or alter the Terms of Sale, either generally or with respect to specific persons or circumstances, in its sole discretion. Any variation or alteration shall be effective only if in writing and signed by an officer of Stack's Bowers authorized to do so.

i. Stack's Bowers is acting as an auctioneer. Title to the lots purchased passes directly from the Consignor to the Buyer. Accordingly, Stack's Bowers is not making, and disclaims, any warranty of title.

j. Bidders shall have no recourse against the Consignor for any reason whatsoever.

k. Bidder acknowledges that the numismatic market is speculative, unregulated and volatile, and that coin prices may rise or fall over time. Stack's Bowers does not guarantee or represent that any customer buying for investment purposes will be able to sell for a profit in the future.

l. Bidder acknowledges and agrees that neither Stack's Bowers, nor its employees, affiliates, agents, third-party providers or consignors warrant that auctions will be uninterrupted, uninterrupted or error free and accordingly shall not be liable for such events.

11. Waiver and Release. Bidder, for himself, his heirs, agents, successors and assignees, generally and specifically waives and releases, and forever discharges Stack's Bowers, and its respective affiliates, parents, officers, directors, shareholders, agents, subsidiaries, employees, managers and members and each of them, and their respective successors and assignees from any and all claims, rights, demands and causes of actions and suits, of whatever kind or nature, including but not limited to claims based upon Auctioneer's negligence, whether in law or equity, tort or otherwise, whether known or unknown, suspected or unsuspected (a "Claim"), which Bidder may assert with respect to and/or arising out of, or in connection with any challenge to the title to or authenticity of any goods purchased, the sale itself, any lot bid upon or consigned, and/or the auction, except where such Claim is otherwise expressly authorized in these Terms of Sale. It is the intention of Bidder that this waiver and release shall be effective as a bar to each and every Claim that may arise hereunder or be related to the Auction Sale, and Bidder hereby knowingly and voluntarily waives any and all rights and benefits otherwise conferred upon him by the provisions of Section 1542 of the California Civil Code, which reads in full as follows:

"A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR OR RELEASING PARTY DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR OR RELEASED PARTY"

12. Disputes. If a dispute arises concerning ownership of a lot or concerning proceeds of any sale, Stack's Bowers reserves the right to commence a statutory inter-pleader proceeding at the expense of the Consignor and Buyer and any other applicable

party, and in such event shall be entitled to its reasonable attorneys' fees and costs. Stack's Bowers reserves the right to cancel or postpone the Auction Sale or any session thereof for any reason whatsoever. No Bidder shall have any claim as a result thereof, including for incidental or consequential damages. Neither Stack's Bowers nor any affiliated or related company shall be responsible for incidental or consequential damages arising out of any failure of the Terms of Sale, the auction or the conduct thereof and in no event shall such liability exceed the purchase price, premium, or fees paid. Rights granted to Bidders under the within Terms and Conditions of Auction Sale are personal and apply only to the Bidder who initially purchases the lot(s) from Stack's Bowers. The rights may not be assigned or transferred to any other person or entity, whether by sale of the lot(s), operation of law or otherwise. Any attempt to assign or transfer any such rights shall be absolutely void and unenforceable. No third party may rely on any benefit or right conferred by these Terms and Conditions of Auction Sale.

Any dispute arising out of or related to these Terms of Sale, the Auction Sale or any lot, with the sole exception of actions by Stack's Bowers to collect amounts owed to it and other damages, shall be submitted to binding arbitration pursuant to the commercial arbitration rules of the American Arbitration Association, with any arbitration hearing to occur in Orange County, California. Absent an agreement of the parties, the arbitrator shall limit discovery to that which is necessary to enable the hearing to proceed efficiently. The arbitrator shall not have the power to award punitive or consequential damages, nor alter, amend modify any of the terms of this Agreement. The award by the arbitrator, if any, may be entered in any court having jurisdiction thereof. Each party shall pay one-half the costs of the arbitration. Bidder acknowledges and agrees that the competent courts of the State of California shall have exclusive in personam jurisdiction, subject to the requirement to arbitrate, over any dispute(s) arising hereunder, regardless of any party's current or future residence or domicile. Bidder further agrees that venue of the arbitration proceeding shall be in Orange County, California; and any court proceeding shall be in the Orange County Superior Court, in the State of California, and in each case waive any claim of Forum Non Conveniens. Bidder agrees that any arbitration or legal action with respect to this Auction Sale is barred unless commenced within one (1) year of the date of this Auction Sale. AUCTION PARTICIPANTS EXPRESSLY WAIVE ANY RIGHT TO TRIAL BY JURY.

13. General Terms. These Terms and Conditions of Auction Sale and the auction shall be construed and enforced in accordance with, and governed by, the laws of the State of California, regardless of the location of the Auction Sale. These Terms of Sale and the information on the Stack's Bowers' website constitute the entire agreement between the parties hereto on the subject matter hereof and supersede all other agreements, understandings, warranties and representations concerning the subject matter hereof. If any section of these Terms of Auction Sale or any term or provision of any section is held to be invalid, void, or unenforceable by any court of competent jurisdiction, the remaining sections or terms and provisions of a section shall continue in full force and effect without being impaired or invalidated in any way. Stack's Bowers may at its sole and absolute discretion, make loans or advances to Consignors and/or Bidders.

14. Chinese Translation. The Chinese translations are provided as a matter of convenience. In the event of a conflict, all English Terms and Conditions and lot descriptions take precedence and are binding.

Bidding in this auction sale constitutes unconditional acceptance by the Bidder of the foregoing terms of sale.

Please note: Transparent holders in which the auction lots are stored are to facilitate viewing and inspection of the lots and ARE NOT for long-term storage.
